5. SETUP

5.1 Charging the Earbuds and Case

1. Place the earbuds into the charging case, ensuring they are correctly seated.
2. Connect the charging case to a power source using the provided USB charging cable.
3. The indicator lights on the case and earbuds will show the charging status. Refer to the LED indicator guide for details.
4. A full charge provides up to 80 hours of total playtime with the charging case.

Instacharge™: For quick power, charge the earbuds for 10 minutes to get approximately 180 minutes of playtime.

For longer and more
comfortable listening sessions
Up to 80-hour playtime

5.2 Bluetooth Pairing

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode, indicated by flashing LED lights.
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for available Bluetooth devices and select "Noise Pure Pods" from the list.
5. Once connected, the LED indicators on the earbuds will change, typically turning off or showing a steady light.
6. The earbuds will automatically reconnect to the last paired device when taken out of the case, if Bluetooth is enabled on the device.

6. OPERATING INSTRUCTIONS

6.1 Wearing the Earbuds

The Noise Pure Pods are designed for an open-ear fit. Gently place the earbuds over your ears, ensuring the

audio output is positioned correctly for optimal sound and comfort. For added security during activities, attach the Detachable Pure Band.

Calling without distractions

Quad mic with ENC

6.2 Touch Controls

The Noise Pure Pods feature intuitive touch controls on each earbud. Specific functions may vary slightly, but common controls include:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud during an incoming call.
- **Reject Call:** Press and hold either earbud for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Triple tap on either earbud.

6.3 Making Calls

The integrated Quad Mic with Environmental Noise Cancellation (ENC) ensures clear voice transmission during calls, even in noisy environments.

Customized convenience

Detachable

Pure Band

Turn your pods into a neckband with a simple switch.

7. MAINTENANCE

7.1 Cleaning

Regular cleaning helps maintain optimal performance and hygiene:

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Gently clean the charging contacts on both the earbuds and the case with a dry cotton swab if necessary.

7.2 Storage

When not in use, store the earbuds in their charging case to protect them from dust and damage. Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

7.3 Water Resistance

The Noise Pure Pods are IPX5 water resistant, meaning they can withstand splashes and light rain. They are

not designed for submersion in water. Avoid exposing them to strong jets of water or swimming.

8. TROUBLESHOOTING

If you encounter issues with your Noise Pure Pods, refer to the following common solutions:

- **Earbuds not pairing:** Ensure both earbuds are charged and in pairing mode. Turn off and on your device's Bluetooth, then try pairing again.
- **No sound from one earbud:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then take them out again. This often re-syncs them.
- **Charging issues:** Check if the charging cable is securely connected to both the case and the power source. Ensure the charging contacts on the earbuds and case are clean and free of debris.
- **Low volume:** Adjust the volume on both your connected device and the earbuds. Ensure the earbuds are positioned correctly on your ears.
- **Intermittent connection:** Ensure there are no obstructions between the earbuds and your device. Try moving closer to your device. Avoid environments with strong electromagnetic interference.

If the problem persists, try resetting the earbuds (refer to the manufacturer's website for specific reset instructions if not detailed here) or contact customer support.
