

BASSHEADS 212L

BassHeads 212L

Get ready to immerse yourself in music with your very own pair of boAt BassHeads 212L. You can refer to this manual if you encounter any difficulties in your journey to unparalleled musical bliss.

PRODUCT DESCRIPTION:

Designed with an L-shaped 3.5mm jack, boAt BassHeads 212L is compatible with most portable broadcast devices like smartphones, iPads, tablets, laptops, MP3, professional audio players, etc.

This product comes with additional ear tips in different sizes to help you select the most comfortable way to listen to music.

boAt BassHeads 212L is crafted with high-quality material for excellent sound quality with an appealing look.

boAt BassHeads 212L also comes with single-moving coil technology which smoothen sound, thereby, producing excellent treble and bass levels.

HOW TO USE:

- 1) Use the correct ear tip size for snug fit & better sound quality.
- 2) Note the difference between right(R) and left (L) earphones and insert the earphone into each ear.
- 3) Connect your boAt BassHeads 212L with your mobile device via the earphone jack. Insert the 3.5mm L-shaped jack into your device's input port correctly.
- 4) Adjust the volume to a comfortable level using the controls on your media device.

BASIC FUNCTIONALITIES:

- Answer Calls: Short press the MFB (Multi-Function Button) 1 time to answer incoming calls.
- Reject Calls: Press and hold the MFB for 1 second to reject an incoming call.
- Hang Up Calls: Press and hold the MFB for 1 second to end the ongoing call.
- Play/Pause Music: Short press the MFB 1 time.
- Next Track: Press the MFB 2 times to skip to the next track.
- Previous Track: Press the MFB 3 times to return to the previous track.
- Voice Assistant Activation: Press and hold the MFB for 2 seconds to activate the default smart voice assistant.

Note – Some smartphones may not support the mic function owing to smartphone-side limitations.

SAFETY CAUTION:

- Avoid prolonged earphone use at high volume levels. Avoid dust, moisture, and stains.
- Please handle with care. Don't expose the product to high temperatures and sharp objects to prevent damage.

DEVICE COMPATIBILITY AND TROUBLESHOOTING:

Some mobile devices don't need any settings to be applied to enjoy music through wired earphones. If you encounter issues like music playing from phone even when earphones are connected, follow one of the options below-

Option 1: Enable Developer Options ----> Disable the option of 'Disable USB Audio routing' ----> Insert the wired earphones ----> Enjoy music

Option 2: Enable Developer Options ----> Enable OTG connection ----> Insert the wired earphones ----> Enjoy music

Note – When Option 2 is enabled, if the earphones are not used for more than 10 minutes, OTG (On-The-Go) connection gets disabled automatically. This option needs to be enabled again manually.
