

USER MANUAL - LEAF BUDS

OVERVIEW

TURNING ON/OFF

Turning on : Take earbuds out of the case, press and hold the multifunction button on both the earbuds until Blue and Red LED starts flashing.

Turning off : Press and hold the Multifunction Button for about 4 seconds until Red LED flashes.

HOW TO PAIR YOUR LEAF BUDS

1. Take out both the earbuds from the charging case and Turn ON both of them together.
2. Wait for the earbuds to connect with each other.
3. On successful connection the right earbud LED will start blinking BLUE & RED, which shows that earbuds are connected with each other, but not yet connected to your device.
4. Now, go to bluetooth settings of your phone and select Leaf Buds from the list of available bluetooth devices.
5. After successful connection you will hear a prompt tone "Leaf Connected".
6. Now play any music from your phone and you will hear the music in both the earbuds.

FAQ

Q.1 Both the earbuds are not connecting. What should I do?

A.1 To connect both the earbuds double tap the multifunction button on one of the earbuds.

Q.2 Only 1 earbud is working after connecting/Sound is not balanced/Music breaks in one earbud. What do I do ?

A.2 Firstly you need to remove leaf buds from the list of devices in your phone's bluetooth settings then charge the earbuds fully and then follow the steps 2 and 3.

Q.3 Are my leaf buds water resistant?

ABOUT LEAF

We make headphones and earbuds that help you go DND #DoNotDisturb.

Why Leaf? Because we were inspired from Leaf- one of the most complex pieces of technology created by nature (photosynthesis) and yet it looks so simple from the outside. Thats how we wanted our products to be- Complex tech inside but extremely simple to use on the outside.
