Note: TSA stands for Touch Sensitive Area

Charging the Earbuds:

1. Place both the earbuds into the charging case properly and close the cap. The earbuds will power off automatically when placed into the charging case and earbuds will start charging.

2. The Green LED indicator of the charging case is permanently ON during charge by charging case.

3. During the charging of earbuds, Red light will glow in the buds. And in the charging case digital display will show battery % decreasing.

4.After the complete charging of buds, the battery percentage will stop decreasing which is displayed in the charging case.

Charging the Case:

1. Connect the Type-C USB cable to the charging case and the USB end to a 5V power source.
2. The Red indicator will blink when you connect the charger with the charging case and the digital display of the charging case will also display the charging status. The charging percentage will increase until it reaches up to 100%.
3. The charging case will blink multiple lights during charging.
4. Disconnect the power supply once the case reaches 100%.

Note: Using incompatible USB cable or high voltage chargers can damage the product & void the product warranty. We strongly recommend using a good quality DC5V-1A chargers & the USB cable included in the package.

Troubleshooting
Scenario 1: One Earbud is Not Working

1. Place both the earbuds in the charging case and close the charging case cap.
2. Now just open the cap of the charging case.
3. Wait until L & R earbud pair to each other. After successful matching, only 1 earbud will flash Blue & Red light.
4. Turn ON the Bluetooth of your phone and start searching for "pTron TWS" & then connect.

Troubleshooting
Scenario 2: Earbuds Not Connecting/Scanning

1. Place both the earbuds in the charging case and close the lid properly.
2. Unpair the Bluetooth device with the connected device.
3. Take out both the earbuds together from the charging case.
4. Restart your Bluetooth device.
5. Now, search for "pTron TWS" on your device & pair it with the Bluetooth device & then connect it.

Troubleshooting
Scenario 3: Earbuds Disconnecting During a Phone Call

1. Charge earbuds 100% before use.
2. Restart the earbuds and reconnect with your device.
