2. WHAT'S IN THE BOX

Upon unboxing, please verify that all the following items are present:

- realme Buds Wireless 2S Neckband Earphones
- Charging Cable (Type-C)
- Extra Eartips (various sizes)
- User Guide

Advertisements

3. SETUP

3.1 Charging the Earphones

Before initial use, fully charge your realme Buds Wireless 2S. Use the provided Type-C charging cable to connect the earphones to a power source. A full charge provides up to 24 hours of total playback. A quick 20-minute charge can provide approximately 7 hours of playback.

20 MINUTE CHARGE, 7 HOURS LISTENING

Enjoy uninterrupted audio

Image: Illustration showing the neckband earphones connected via a Type-C cable, highlighting 24 hours playback, 15 hours uninterrupted calling, and 50% more battery life.

3.2 Bluetooth Pairing

2. Activate Bluetooth on your smartphone or other compatible device.
3. Search for available devices and select "realme Buds Wireless 2S" from the list.
4. Once connected, the earphones will indicate successful pairing.

The earphones utilize Bluetooth 5.3 for a stable and fast connection.

4. OPERATING THE EARPHONES

4.1 Basic Controls

The realme Buds Wireless 2S feature inline remote controls for media playback, call management, and volume adjustment. Refer to the quick start guide for specific button functions.

4.2 Dual Device Fast Switching

These earphones support simultaneous connection to two devices. You can seamlessly switch audio playback between your paired devices without manually disconnecting and reconnecting.

4.6 realme Link App Integration

For enhanced functionality and customization, download the realme Link app. The app allows you to:

- Download firmware updates
- Select EQ presets (e.g., Bass Boost+, Balanced, Bright)
- Adjust volume enhancements
- Switch sound modes

5. MAINTENANCE

5.1 Cleaning

Regularly clean the earbuds and neckband with a soft, dry, lint-free cloth. Do not use harsh chemicals, cleaning solvents, or strong detergents. Remove eartips and clean them separately with mild soap and water if necessary, ensuring they are completely dry before reattaching.

5.3 Water Resistance

The earphones are rated IPX4 water resistant, meaning they are protected against splashing water from any direction. This makes them suitable for workouts and light rain. Do not submerge the earphones in water or expose them to heavy downpours.

6. TROUBLESHOOTING

If you encounter issues with your realme Buds Wireless 2S, refer to the following common solutions:

Problem	Possible Solution
Earphones do not power on	Ensure the earphones are fully charged.
Cannot pair with device	Ensure Bluetooth is enabled on your device. Make sure the earphones are in pairing mode. Try restarting both the earphones and your device.
No sound or low volume	Check the volume levels on both the earphones and your connected device. Ensure the earphones are properly paired. Try playing different audio sources.
Intermittent connection	Ensure there are no obstructions between the earphones and your device. Move closer to your device. Avoid environments with strong electromagnetic interference.
Microphone not working	Ensure the earphones are selected as the audio input device on your connected device. Check for any physical obstructions on the microphone.

If the problem persists, please contact realme customer support.
