Redmi Redmi Buds 5

Redmi Buds 5 Bluetooth TWS Earbuds User Manual

MODEL: M2316E1

1. Introduction

The Redmi Buds 5 are advanced True Wireless Stereo (TWS) earbuds designed to deliver a superior audio experience with features like Hybrid Active Noise Cancellation and AI Call Enhancement. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your Redmi Buds 5.

2. Setup

2.1 What's in the Box

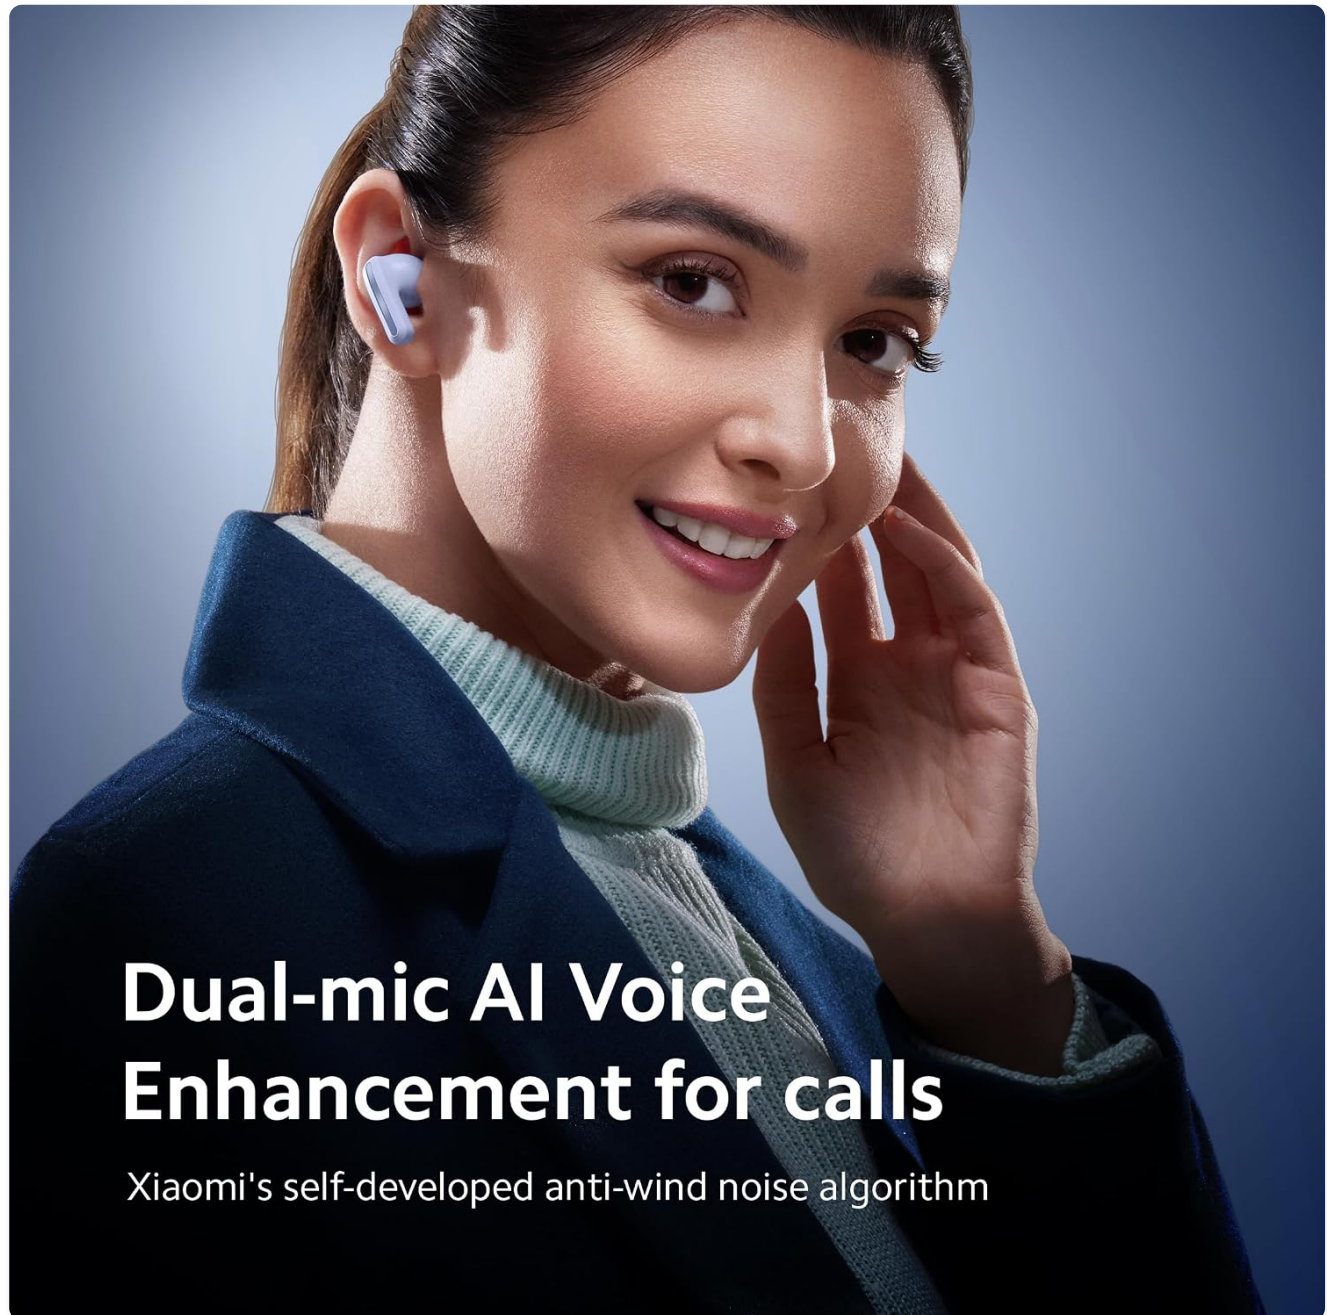

- Redmi Buds 5 Earbuds
- Charging Case
- USB Charging Cable
- Eartips (various sizes)
- User Manual

2.2 Charging the Earbuds and Case

Before first use, fully charge the Redmi Buds 5 and their charging case. Place the earbuds into the charging case

and connect the USB charging cable to the case's charging port and a power source. The indicator light on the case will show charging status.

A 10-minute quick charge provides up to 4 hours of playback, and a full charge offers up to 38 hours of total playback with the charging case.

Dual-mic AI Voice Enhancement for calls

2.3 Pairing with Your Device

The Redmi Buds 5 support Fast Pair for quick connection and dual-device pairing for seamless switching between two devices.

1. Open the charging case with the earbuds inside.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Select "Redmi Buds 5" from the list of available Bluetooth devices to pair.
4. For dual-device pairing, connect to the first device, then put the earbuds back in the case, close it, and reopen it. Connect to the second device. The earbuds will remember both connections.

Dual-device pairing

Switch effortlessly between your connected devices to answer calls while watch movie on your laptop or tablet

3. Operating the Earbuds

3.1 Touch Controls

The Redmi Buds 5 feature intuitive touch controls on the earbuds for managing playback, calls, and noise cancellation modes. Specific gestures can be customized via the Xiaomi Earbuds App.

3.2 Active Noise Cancellation (ANC)

Experience undisturbed audio with up to 46dB Hybrid Active Noise Cancellation, blocking out up to 99.5% of background noise. You can switch between different ANC modes:

- **Light:** For less noisy environments.

- **Balanced:** Standard noise cancellation for everyday use.
- **Deep:** Maximum noise cancellation for very noisy environments.

3.3 Transparency Mode

Transparency mode allows you to hear your surroundings without removing the earbuds. This is useful for staying aware of your environment or engaging in conversations. Available modes include:

- **Regular:** Standard transparency.
- **Enhance Voice:** Optimizes for clear voice pickup.
- **Enhance Ambient Sound:** Amplifies surrounding sounds.

Up to
38h
of Playback

Up to
10 hours
of Earbuds playback time
in a single charge

Just 5 mins
Quick Charge
gives up to 2 hours of
playback time

*10 hours with ANC Off

*38 hours includes both earbuds and case

4. Maintenance

To ensure the longevity and optimal performance of your Redmi Buds 5, follow these maintenance guidelines:

- Keep the earbuds and charging case clean and dry. Use a soft, dry cloth to wipe them.
- Avoid exposing the earbuds to extreme temperatures, humidity, or liquids.
- Clean the ear tips regularly to prevent wax buildup, which can affect sound quality.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.

5. Troubleshooting

If you encounter issues with your Redmi Buds 5, try the following solutions:

Problem	Solution
Earbuds not pairing	Ensure earbuds are charged. Place them in the case, close, then reopen to enter pairing mode. Check Bluetooth on your device. Try forgetting the device and re-pairing.
No sound from one earbud	Ensure both earbuds are charged. Place both in the case, close, and reopen. Try resetting the earbuds (refer to app or full manual for specific reset steps).
Poor sound quality	Check ear tip fit using the Xiaomi Earbuds App. Clean ear tips and earbud grilles. Ensure no obstructions.
Noise Cancellation not effective	Ensure proper ear tip seal. Try different ear tip sizes. Select the appropriate ANC mode (Light, Balanced, Deep) for your environment.
Earbuds not charging	Ensure charging cable is securely connected. Check the charging port for debris. Try a different charging cable or power adapter.

For more detailed troubleshooting or persistent issues, refer to the Xiaomi Earbuds App or contact customer support.
