Beats MUVW3LL/A

Beats Solo Buds User Manual

Model: MUVW3LL/A

Brand: Beats

INTRODUCTION

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your Beats Solo Buds wireless Bluetooth earbuds. Please read this manual thoroughly to ensure proper use and to maximize your listening experience.

WHAT'S IN THE BOX

Verify that all components are present in the packaging:

- Beats Solo Buds earphones
- Protective Case
- Eartips (multiple sizes)
- Warranty card
- (Power adapter and USB-C charging cable sold separately)

SETUP

1. Initial Charge

Before first use, it is recommended to fully charge your Beats Solo Buds. Place the earbuds into the protective case. Connect the case to a power source using a USB-C cable (sold separately). The indicator light on the case will show charging status.

2. Ear Tip Selection and Fitting

Proper ear tip selection is crucial for optimal sound quality and comfort. Beats Solo Buds come with four

ear tip sizes, including an extra-small option, and angled nozzles for a natural fit.

Four Ear Tip Sizes

Including our newest extra-small option, plus angled nozzles for a more natural fit.

To ensure a secure fit and acoustic seal:

1. Select the ear tip size that feels most comfortable and provides the best seal in your ear canal.
2. Insert the earbud into your ear and gently rotate it downwards until it forms a secure fit.

Great fit means great sound.

Step 01

Beats Solo Buds come with four ear tip sizes so you can find the perfect fit.

Step 02

Insert and rotate the earbud downwards until it forms a secure fit and acoustic seal.

Image: Visual guide demonstrating the correct insertion and rotation of the earbud for an optimal fit.

3. Pairing with Your Device

Beats Solo Buds offer dual compatibility for iOS and Android devices, including seamless one-touch pairing and automatic account setup.

iOS and Android Compatibility

Enjoy seamless one-touch pairing, automatic account setup, and Find My or Find My Device.

Requires an iCloud account and a compatible Apple device running the latest operating system software or a compatible Android device running the latest operating system software with Google Play Services enabled.

Image: Beats Solo Buds case positioned near a smartphone, highlighting their compatibility with both iOS and Android operating systems.

Follow your device's Bluetooth pairing instructions. For iOS devices, simply open the case near your iPhone. For Android devices, enable Bluetooth and select "Beats Solo Buds" from the available devices.

4. Software Requirements

For the highest quality sound and full feature access, it is recommended to ensure your iPhone is running iOS version 17.6 or later. For Android devices, ensure your operating system is up to date and Google Play Services are enabled.

For the Highest Quality Sound

We recommend ensuring that your iPhone is running iOS version 17.6 or later.

OPERATING

Audio Performance

Beats Solo Buds feature a custom acoustic architecture designed for full range and clarity. Dual-layer drivers minimize distortion, and purposefully positioned axial-aligned drivers deliver sound directly to your ears. Laser-cut vents further improve audio performance while relieving pressure for added comfort.

High-Fidelity Audio

Custom acoustics tuned for uncompromising clarity and balance.

Image: A person wearing Beats Solo Buds, illustrating the in-ear fit and the focus on high-fidelity audio.

Battery Life and Fast Fuel

Your Beats Solo Buds provide up to 18 hours of listening time on a single charge. The Fast Fuel feature allows for quick charging: a 5-minute charge provides up to 1 hour of playback.

Up to 18 Hours of Battery Life

And with Fast Fuel, a 5-minute charge gives up to 1 hour of power.

Testing conducted by Apple in April 2024 using preproduction Beats Solo Buds units and software paired with iPhone 15 Pro units and prerelease software. The playlist consisted of 358 unique audio tracks purchased from the iTunes Store (256-Kbps AAC encoding). Volume was set to 50%. Testing consisted of full Beats Solo Buds battery discharge while playing audio until the first unit of Beats Solo Buds stopped playback. Battery life depends on device settings, environment, usage, and many other factors.

Image: A graphic highlighting the 'up to 18 hours' of battery life available with Beats Solo Buds.

Call Quality

Each earbud features custom-designed microphones powered by an advanced noise-learning algorithm for exceptional call quality.

Controls

Beats Solo Buds support various control methods including volume control, app control, button control, Siri, touch control, and voice control. Refer to your device's settings and the Beats app for customization options.

MAINTENANCE

Charging

You can charge your Beats Solo Buds directly from your phone, tablet, or laptop via USB-C with the earbuds seated in the case. A power adapter and USB-C charging cable are sold separately.

Charge Out from Your Device

Via USB-C with your earbuds seated in the case.

Requires iPhone 15 or supported Android devices.

Image: The Beats Solo Buds case connected to a smartphone via a USB-C cable for charging.

Cleaning

To maintain the performance and hygiene of your earbuds, regularly clean the ear tips and the earbuds themselves with a soft, dry, lint-free cloth. Avoid using abrasive materials or harsh chemicals. Ensure the charging contacts are clean and dry before placing the earbuds back in the case.

TROUBLESHOOTING

Common Issues and Solutions:

- **No Sound/Poor Sound Quality:** Ensure earbuds are properly seated in your ears with the correct ear tip size. Check Bluetooth connection and device volume. Ensure your device's operating system is up to date (e.g., iOS 17.6 or later).
- **Pairing Issues:** Ensure Bluetooth is enabled on your device. Place earbuds in the case, open the lid, and try pairing again. If issues persist, forget the device in your Bluetooth settings and re-pair.
- **Charging Problems:** Verify the USB-C cable and power source are functional. Ensure earbuds are correctly seated in the charging case. Clean charging contacts if necessary.
- **Earbuds Not Responding:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid and try again.
