PRODUCT OVERVIEW

The OnePlus Bullets Wireless Z3 earphones feature a neckband design with in-ear earbuds. The neckband houses the battery and control module, providing a comfortable and secure fit for active use.

Control Module

The control module, located on the neckband, allows you to manage playback, calls, and volume. It includes physical buttons for easy operation.

Voice Assistant Shortcut

Press, hold and stay in control with just your voice

Google Fast Pair

Connect instantly and enjoy seamless reconnections

IP55

Withstand sweat and splashes without any worry

SETUP

1. Charging the Earphones

Before first use, fully charge your earphones. Connect the provided USB Type-C charging cable to the charging port on the control module and to a power source. A full charge takes approximately 30 minutes. A 10-minute charge provides up to 27 hours of playback.

2. Powering On/Off

The earphones feature magnetic controls. To power on, separate the magnetic earbuds. To power off, snap the magnetic earbuds together. This action also conserves battery life.

3. Bluetooth Pairing

1. Ensure the earphones are powered on (earbuds separated).
2. On your device (smartphone, tablet, etc.), enable Bluetooth.
3. Search for available devices and select "OnePlus Bullets Wireless Z3".
4. For Android devices, Google Fast Pair enables quick, seamless connection by simply bringing the

earphones near your device and tapping the on-screen prompt.

5. Once paired, the earphones will automatically connect to the last paired device when powered on.

Image: This image illustrates the Google Fast Pair feature, showing a smartphone screen with a prompt to connect to the OnePlus Bullets Wireless Z3, and highlights the IP55 water resistance rating.

4. Wearing the Earphones

Select the silicone eartips that provide the best fit and seal for your ears. Insert the earbuds gently into your ear canals. The neckband should rest comfortably around your neck.

OPERATING INSTRUCTIONS

Music Playback

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Press the multi-function button twice.
- **Previous Track:** Press the multi-function button three times.
- **Volume Up:** Press the '+' button.
- **Volume Down:** Press the '-' button.

Call Management

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.

Voice Assistant

Press and hold the multi-function button for 2 seconds to activate your device's voice assistant (e.g., Google Assistant, Siri).

ADVANCED FEATURES

3D Spatial Audio

Experience immersive audio with 3D Spatial Audio, creating a 360-degree sound field for a captivating listening experience.

Sound Master EQ with BassWave

Customize your audio profile using the Sound Master EQ, which includes four pre-tuned presets. The BassWave feature enhances deep, punchy bass. These settings can typically be adjusted via the HeyMelody app on your smartphone.

AI Call Noise Cancellation

The integrated AI call noise cancellation technology ensures your voice remains clear during calls, minimizing background distractions.

Image: This graphic highlights key features including Ultra Fast Charging (10 minutes for 27 hours playback), 3D Spatial Audio, AI Call Noise Cancellation, 12.44 mm Dynamic Bass Drivers, 4 pre-tuned Sound Master EQ presets, and a Long-Lasting Runtime of 36 hours.

MAINTENANCE

Cleaning

- Regularly clean the earbuds and eartips with a soft, dry, lint-free cloth.
- Remove eartips and clean them with mild soap and water if necessary, ensuring they are completely dry before reattaching.
- Avoid using harsh chemicals or abrasive materials.

Storage

When not in use, store the earphones in a cool, dry place away from direct sunlight and extreme temperatures. The magnetic earbuds help prevent tangling and accidental power-on.

Water and Sweat Resistance (IP55)

The earphones are rated IP55 for water and sweat resistance, making them suitable for workouts and light rain. However, they are not designed for swimming or submersion in water. Ensure the charging port is dry before charging.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earphones do not power on.	Low battery; earbuds still magnetically connected.	Charge the earphones; separate the magnetic earbuds.
Cannot pair with device.	Bluetooth off; earphones not in pairing mode; device too far.	Ensure Bluetooth is on; separate earbuds to enter pairing mode; move device closer. Try forgetting the device on your phone and re-pairing.
No sound or low volume.	Volume too low; incorrect audio output selected; dirty earbuds.	Increase volume on earphones and device; check device's audio output settings; clean earbuds.
Charging issue.	Faulty cable/charger; dirty charging port.	Try a different USB-C cable and power adapter; clean the charging port gently.
