realme Buds T200

realme Buds T200 True Wireless Earbuds User Manual

Model: Buds T200 (RMA2410)

1. INTRODUCTION

This manual provides instructions for the proper use and maintenance of your realme Buds T200 True Wireless Earbuds. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

2. WHAT'S IN THE BOX

Verify that all items are present in the packaging:

- realme Buds T200 Earbuds (Left and Right)
- Charging Case
- Eartips (various sizes)
- USB Charging Cable
- User Manual (this document)

3. SETUP

3.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case.

1. Place the earbuds into the charging case.
2. Connect the USB charging cable to the charging port on the case and to a power source.
3. The indicator light on the case will show charging status. A full charge typically takes approximately 2 hours.

3.2 Pairing with a Device

1. Ensure the earbuds are charged. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for available Bluetooth devices and select "realme Buds T200".
4. Once connected, a confirmation sound will play, and the earbuds will be ready for use.

3.3 Wearing the Earbuds

Choose the correct size eartips for a comfortable and secure fit. Insert the earbuds into your ears and gently rotate them until they feel snug and stable.

32DB ACTIVE NOISE CANCELLATION

Enjoy Quiet World

4. OPERATING INSTRUCTIONS

4.1 Touch Controls

The realme Buds T200 feature touch-sensitive areas on each earbud for control. Functions may vary slightly depending on the connected device and app.

Action	Function
Double Tap	Play/Pause music, Answer/End call
Triple Tap	Next track
Press and Hold (1 earbud)	Switch Noise Control Mode (ANC On/Off/Transparency)
Press and Hold (both earbuds)	Enter/Exit Gaming Mode (Low Latency)

4.2 Active Noise Cancellation (ANC)

The earbuds feature 32dB Active Noise Cancellation to reduce ambient noise. Cycle through ANC On, Transparency Mode, and ANC Off by pressing and holding one earbud.

4.3 Call Management

The Quad-Mic AI Call Noise Cancellation system helps ensure clear voice quality during calls.

- **Answer/End Call:** Double tap either earbud.
- **Reject Call:** Press and hold either earbud during an incoming call.

4.4 Low Latency Mode (Gaming Mode)

For an optimized gaming experience, activate the 45ms Ultra-low Latency mode by pressing and holding both earbuds simultaneously.

4.5 Dual Device Connection

The earbuds support connecting to two devices simultaneously. To switch between devices, pause playback on the current device and start playback on the second device.

4.6 realme Link App

Download the realme Link app for additional features, customization of touch controls, firmware updates, and detailed battery status.

5. MAINTENANCE

5.1 Cleaning

- Regularly clean the earbuds, eartips, and charging case with a soft, dry, lint-free cloth.
- Remove eartips and clean them with mild soap and water if necessary, ensuring they are completely dry before reattaching.
- Do not use harsh chemicals or abrasive materials.

5.2 Storage

When not in use, store the earbuds in their charging case to protect them and ensure they remain charged.

5.3 Battery Care

To prolong battery life, avoid fully discharging the earbuds and charging case frequently. Charge them regularly, even if not in constant use.

6. TROUBLESHOOTING

6.1 Pairing Issues

- **Earbuds not connecting:** Ensure Bluetooth is enabled on your device and the earbuds are in pairing mode (open case).
- **Not appearing in device list:** Turn off and on your device's Bluetooth. Try resetting the earbuds.

6.2 Sound Issues

- **No sound:** Check volume levels on both earbuds and your device. Ensure earbuds are properly paired.
- **Low volume/poor quality:** Clean the earbud mesh and ensure eartips provide a good seal.

6.3 Charging Issues

- **Earbuds not charging:** Ensure earbuds are correctly seated in the case. Clean charging contacts.
- **Case not charging:** Try a different USB cable and power adapter.

6.4 Resetting the Earbuds

If you experience persistent issues, a factory reset may resolve them. Refer to the realme Link app or realme's official support website for specific reset instructions for your model.
