WHAT'S IN THE BOX

Your JBL Tour One M3 package includes the following items:

- 1 x JBL Tour One M3 Headphones
- 1 x USB Type-C to Type C cable (for charging and data transfer)
- 1 x USB Type-C to Analog 3.5mm cable (for wired audio connection)
- 1 x USB Type-C to Type-A adapter
- 1 x Airplane adapter
- 1 x Carrying Case
- 1 x Quick Start Guide
- 1 x Safety Sheet
- 1 x Warranty Card

SETUP

1. Initial Charge

Before first use, fully charge your headphones. Connect the USB Type-C cable to the charging port on the headphones and the other end to a power source. The LED indicator will show charging status.

2. Power On/Off

- **Power On:** Press and hold the Power button for 2 seconds.
- **Power Off:** Press and hold the Power button for 2 seconds.

3. Bluetooth Pairing

1. Ensure the headphones are powered on.
2. The headphones will automatically enter pairing mode if it's the first time powering on, or you can manually activate pairing mode by holding the Bluetooth button for 3 seconds. The LED will flash blue.
3. On your device (smartphone, tablet, laptop), go to Bluetooth settings and select "JBL Tour One M3" from the list of available devices.
4. Once connected, the LED indicator will turn solid blue.

The JBL Tour One M3 supports **Google Fast Pair** and **MS Swift Pair** for quick and seamless connection with compatible Android and Windows devices.

OPERATING INSTRUCTIONS

1. Noise Control (True Adaptive Noise Cancelling 2.0)

Your JBL Tour One M3 headphones feature **True Adaptive Noise Cancelling 2.0**, which automatically adjusts to your environment in real-time to minimize distractions. You can manage noise control modes via the JBL Headphones App or the dedicated button on the headphones.

- **Active Noise Cancelling (ANC):** Blocks out ambient noise for an immersive listening experience.
- **Ambient Aware:** Allows you to hear your surroundings while still enjoying your music. Useful for staying aware of traffic or announcements.
- **TalkThru:** Lowers music volume and amplifies speech, enabling quick conversations without removing your headphones.

2. Call Management (8 Microphones)

The headphones are equipped with 8 microphones (4 for adaptive beamforming and 4 for True Adaptive Noise Cancelling 2.0) to ensure crystal-clear calls even in noisy environments.

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.

- **Mute/Unmute:** Touch and hold the touch panel during a call.

3. Audio Features

- **JBL Pro Sound with Mica Dome Drivers:** Experience legendary JBL sound with robust 40mm Mica Dome drivers for clear tunes and deep bass.
- **Hi-Res LDAC Audio:** Supports high-resolution audio codecs for superior sound quality.
- **JBL Spatial 360 Sound with Head Tracking:** Enjoy an immersive 360-degree audio experience that adapts to your head movements, creating a more realistic soundstage.

4. Personi-Fi 3.0

Use the Personi-Fi 3.0 feature within the JBL Headphones App to create a customized hearing profile. This involves a hearing test that optimizes your sound with a fine-tuned 12-band EQ and L/R balance for precise audio tailored to your individual hearing.

5. Auracast™ Enabled

The JBL Tour One M3 headphones are Auracast enabled, allowing you to receive crystal-clear content from other Auracast-enabled devices. This feature is useful for sharing audio or connecting to public broadcasts in compatible environments.

6. Smart Audio Video Modes

Optimize Bluetooth settings for either audio, video, or gaming through the JBL Headphones App. This ensures the best possible latency and sound quality for your specific activity.

CHARGING AND BATTERY LIFE

The JBL Tour One M3 headphones offer extended playback time:

- Up to **70 hours** of music and calls on a single charge (without ANC).
- Up to **40 hours** with True Adaptive Noise Cancelling 2.0 enabled.
- A 5-minute quick charge provides an additional 5 hours of playback.

Use the provided USB Type-C cable for charging. The LED indicator will show charging status (e.g., solid red for charging, off when fully charged).

MAINTENANCE AND CARE

- **Cleaning:** Wipe the headphones with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headphones in the provided carrying case to protect them from dust and damage.
- **Water Resistance:** The headphones have a waterproof rating. However, avoid prolonged exposure to water and ensure the charging port is dry before charging.

- **Temperature:** Avoid exposing the headphones to extreme temperatures (hot or cold) or direct sunlight for extended periods.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones using the provided USB-C cable.
Cannot pair via Bluetooth.	Headphones not in pairing mode; device Bluetooth off; too many paired devices.	Ensure headphones are in pairing mode (flashing blue LED). Turn Bluetooth on your device. Forget previous pairings on your device and try again.
No sound or low volume.	Volume too low; incorrect audio source; headphones not connected.	Increase volume on headphones and connected device. Check Bluetooth connection. Ensure correct audio output is selected on your device.
Noise Cancelling not effective.	Incorrect ANC mode; poor fit.	Ensure ANC is enabled in the JBL Headphones App. Adjust headphone fit for a proper seal around your ears.
Call quality is poor.	Environmental noise; microphone obstruction.	Ensure microphones are not covered. Try moving to a quieter environment. Use the JBL Headphones App to adjust call settings.
