

boAt Airdopes Prime 513 ANC

boAt Airdopes Prime 513 ANC TWS Earbuds User Manual

Model: Airdopes Prime 513 ANC

INTRODUCTION

Thank you for choosing the boAt Airdopes Prime 513 ANC TWS Earbuds. This manual provides essential information for setting up, operating, and maintaining your earbuds. Please read it carefully to ensure optimal performance and longevity of your device.

WHAT'S IN THE BOX

- TWS Earbuds
- Additional Earbuds (Eartips)
- Charging Cable
- User Manual

PRODUCT OVERVIEW

The boAt Airdopes Prime 513 ANC are True Wireless Stereo (TWS) earbuds designed for an immersive audio experience. They feature Active Noise Cancellation (ANC) up to 32dB, long battery life, and multipoint connectivity. The earbuds are equipped with 13mm dynamic drivers for boAt Signature Sound and Quad Mics with AI-ENx Technology for clear calls.

SETUP

1. Charging the Earbuds

Before first use, fully charge the earbuds and the charging case. Connect the provided USB cable to the charging port on the case and a power source. The LED indicator on the case will show charging status.

- **ASAP Charge:** A 10-minute charge provides approximately 150 minutes of playtime.

2. Pairing with a Device

The Airdopes Prime 513 ANC supports Instant Wake N' Pair (IWP) Technology and Google Fast Pair for quick connectivity.

1. **Initial Pairing:** Open the lid of the charging case. The earbuds will automatically enter pairing mode.
2. **Google Fast Pair:** For Android devices, a pop-up notification will appear on your screen. Tap to connect.

3. **Manual Pairing:** On your device, go to Bluetooth settings and select "Airdopes Prime 513 ANC" from the list of available devices.

3. boAt Hearables App Integration

Download the boAt Hearables App to customize settings, manage features, and personalize your earbuds. Scan the QR code provided in the product packaging or search for the app on your device's app store.

For more information and to download the app, visit: [boAt Hearables App](#)

OPERATING INSTRUCTIONS

1. Active Noise Cancellation (ANC)

The earbuds feature up to 32dB Active Noise Cancellation to reduce ambient noise. You can switch between ANC modes (ANC On, Ambient Mode, ANC Off) using the touch controls on the earbuds or through the boAt Hearables App.

Up to 32dB Active Noise Cancellation

3. Touch Controls

The earbuds feature intuitive touch controls for playback, call management, and ANC mode switching. Refer to the boAt Hearables App for detailed customization options for these controls.

4. Calling with Quad Mics and AI-ENx Technology

The earbuds are equipped with four microphones and AI-driven ENx Technology to filter out environmental noise, ensuring clear voice transmission during calls.

MAINTENANCE

1. Cleaning

Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials or harsh chemicals. Ensure the charging contacts are free of dust and debris.

2. Water Resistance

The earbuds are IPX4 rated for sweat and splash resistance. This means they can withstand light splashes of water and sweat, making them suitable for workouts. Do not submerge the earbuds in water or expose them to heavy rain.

3. Battery Care

To prolong battery life, avoid fully discharging the earbuds and charging case frequently. Store the device in a cool, dry place when not in use for extended periods.

TROUBLESHOOTING

- **No Sound/Connectivity Issues:**
 - Ensure earbuds are charged.
 - Turn off and on Bluetooth on your device.
 - Forget the device in your Bluetooth settings and re-pair.
 - Reset the earbuds (refer to the boAt Hearables App or product support for specific reset instructions).
- **ANC Not Working Effectively:**
 - Ensure ANC mode is activated.
 - Check for a proper seal with your ear canal; try different sized eartips.
- **Microphone Issues:**
 - Ensure microphones are not obstructed.
 - Check for software updates via the boAt Hearables App.
