2. WHAT'S IN THE BOX

Verify that all items are present in your product package:

- OnePlus Buds 4 Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- Eartips (various sizes)
- User Manual

3. PRODUCT OVERVIEW

The OnePlus Buds 4 feature an in-ear design with a stem, housed in a compact charging case. The earbuds are equipped with dual drivers and dual DACs for enhanced audio performance.

4. SETUP

4.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case. Connect the provided USB cable to the charging port on the case and a power source. The indicator light on the case will show charging status.

- A full charge takes approximately **1.5 hours**.
- A 10-minute charge can provide up to **11 hours** of music playback.
- Total battery life with the charging case is up to **45 hours** (ANC off).

4.2 Pairing with a Device

1. Ensure the earbuds are in the charging case and the case lid is open.
2. Press and hold the function button on the charging case until the indicator light flashes white, indicating pairing mode.
3. On your device (smartphone, tablet, or computer), enable Bluetooth and search for "OnePlus Buds 4" in the list of available devices.
4. Select "OnePlus Buds 4" to complete the pairing process.

Google Fast Pair: For Android devices, simply open the charging case near your phone, and a pop-up will appear for quick pairing.

Dual-Device Connection: The earbuds support simultaneous connection to two devices (e.g., phone and laptop) for seamless switching.

5. OPERATING INSTRUCTIONS

5.1 Touch Controls

The OnePlus Buds 4 feature customizable touch controls for various functions:

- **Slide up/down:** Increase or decrease volume.

- **Long touch/hold:** Switch between Active Noise Cancellation (ANC), Adaptive, and Transparency modes.
- **Single tap:** Play or pause music.
- **Double tap:** Skip to the next song.
- **Triple tap:** Go to the previous song.

These settings can be customized further via the HeyMelody app (for non-OnePlus users) or phone settings (for OnePlus users).

5.2 Active Noise Cancellation (ANC) & Adaptive Mode

The earbuds offer up to **55 dB** of real-time adaptive noise cancellation, adjusting up to 800 times per second based on ambient noise. The **Adaptive Mode** dynamically switches between ANC and Transparency modes for optimal listening in various environments.

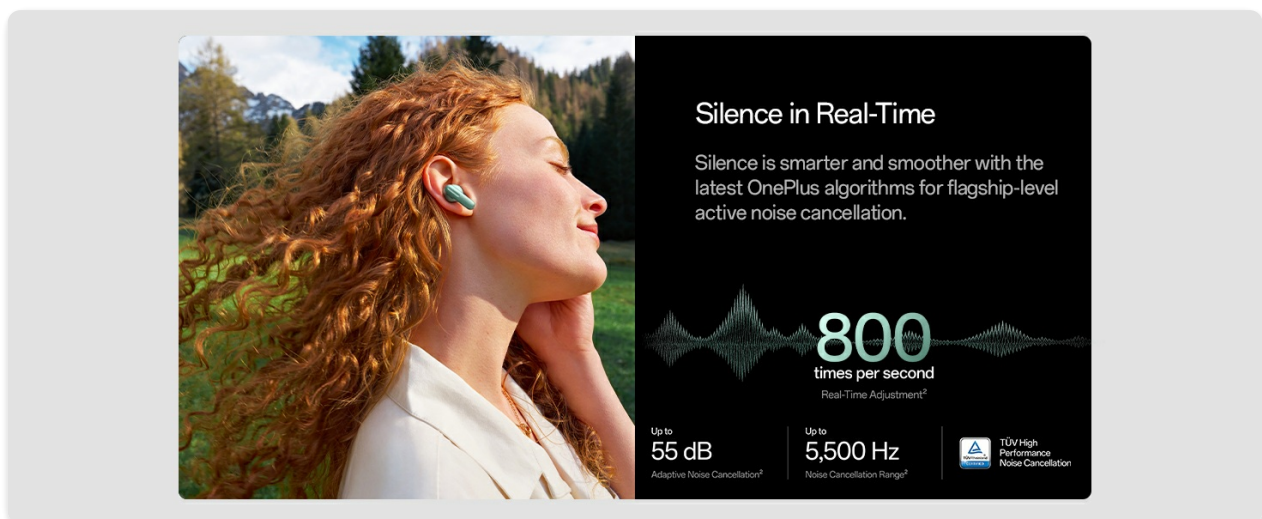

Image: Real-time dynamic Active Noise Cancellation capabilities.

All-New Adaptive Mode Smoother, Safer Listening

By dynamically switching between ANC and Transparency Mode, stay safely switched on to your surroundings - especially outdoor alarms, vehicles, and other warnings.

5.3 Sound Features

Experience high-fidelity audio with dual DACs, an 11mm woofer, and a 6mm tweeter. The earbuds support LHDC 5.0 for studio-grade Hi-Res audio up to 1 Mbps 24-bit 192kHz.

- **Sound Master EQ:** Choose from pre-tuned EQ presets (Balanced, Serenade, Bass Mode) or customize your sound.
- **Golden Sound:** A personalized ear scan and listening test create a bespoke audio profile.
- **OnePlus 3D Audio:** Tailor your stereo soundscape for enhanced realism.

Near Lossless for Fearless Sound

LHDC 5.0 meets studio-grade Hi-Res for silky-smooth sound with reduced latency¹.

5.5 Low Latency

With a **47ms low latency** in game mode, audio syncs perfectly with your actions, providing a smoother gaming experience.

5.6 AI Translation & Voice Assistant

Three earbud taps can activate AI Translation on compatible OnePlus phones for real-time conversation in multiple languages. You can also use voice assistant shortcuts (Google Gemini, Google Assistant, or Apple Siri) for various tasks.

6. MAINTENANCE

6.1 Cleaning

Regularly clean your earbuds and charging case to maintain optimal performance and hygiene. Use a soft, dry, lint-free cloth. Do not use abrasive materials or harsh chemicals.

- Gently wipe the earbuds, especially the eartips and mesh areas, to remove earwax or debris.
- Clean the charging contacts on both the earbuds and inside the case.
- Wipe the exterior of the charging case.

6.2 Water and Dust Resistance

The OnePlus Buds 4 earbuds have an **IP55 rating** for dust and water resistance, protecting them from sweat and light rain. The charging case is not water-resistant. Avoid submerging the earbuds in water. Water and dust resistance may diminish with device aging and are not covered under warranty if damage occurs.

7. TROUBLESHOOTING

If you encounter issues with your OnePlus Buds 4, refer to the following common solutions:

- **Earbuds not pairing:** Ensure earbuds are charged, in the case with the lid open, and in pairing mode. Turn off and on your device's Bluetooth. Try resetting the earbuds (refer to the full user guide for specific reset instructions).
- **No sound or poor sound quality:** Check volume levels on both earbuds and your connected device. Ensure earbuds are clean and properly seated in your ears. Try re-pairing the earbuds.
- **Charging issues:** Verify the charging cable and power adapter are working. Ensure charging contacts on earbuds and case are clean and free of debris.
- **ANC not working effectively:** Ensure earbuds are properly fitted in your ears. Try switching between ANC, Adaptive, and Transparency modes.

For more detailed troubleshooting, visit the official OnePlus support website.

8. SPECIFICATIONS
