SAMSUNG Galaxy S Pen Fold Edition User Manual

MODEL: EJ-PF926BBEGUS

1. Introduction and Overview

The Samsung Galaxy S Pen Fold Edition is designed to enhance your productivity and creativity on compatible Samsung Galaxy Z Fold devices. It features a slim 1.5mm pen tip and 4,096 pressure levels, providing a natural and accurate writing and sketching experience, similar to putting pen to paper.

This S Pen is specifically compatible with the Samsung Galaxy Z Fold3 5G and Galaxy Z Fold4 phones. It is important to note that the S Pen Fold Edition is designed for use only on the main, inner foldable screen of these devices, not the outer cover screen.

4. Operating the S Pen Fold Edition

4.1 USING ON THE MAIN SCREEN

The S Pen Fold Edition is designed exclusively for the main, inner foldable screen of your Galaxy Z Fold device. It will not function on the outer cover screen.

4.2 ACCESSING AIR COMMAND

To access the Air Command menu, simply hover the S Pen Fold Edition over the main screen and press the side button on the pen. This will bring up a radial menu with various S Pen features, including:

- Smart Select: Capture specific areas of the screen.
- Screen Write: Take screenshots and write or draw on them.
- Live Messages: Create animated messages.
- Create Note: Quickly open a new note for writing or drawing.

5. Maintenance

Proper care of your S Pen Fold Edition ensures its longevity and optimal performance.

5.1 GENERAL CARE

- Always store the S Pen in its included pouch when not in use to protect the tip and body from damage.
- Avoid exposing the S Pen to extreme temperatures or direct sunlight.
- Clean the S Pen with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.

5.2 TIP REPLACEMENT

The S Pen Fold Edition comes with replacement tips. If the pen tip becomes worn or damaged, it can be replaced using the provided tip remover tool (if included in your package, otherwise contact support for guidance).

Note: The S Pen Fold Edition does not require charging. The caution regarding charging while wet or near liquids applies to the compatible Galaxy Z Fold device.

6. Troubleshooting

If you encounter issues with your S Pen Fold Edition, try the following troubleshooting steps:

- **Pen Not Responding:** Ensure you are using the S Pen on the main, inner screen of a compatible Galaxy Z Fold device. The pen will not work on the outer cover screen.
- **Air Command Menu Not Appearing:** Make sure the S Pen is close enough to the screen when you press the side button. If the button is unresponsive, check for any physical damage. Some users have reported intermittent button functionality.
- **Inaccurate or Intermittent Input:** Check the pen tip for any visible damage or wear. If damaged, replace it with a new tip. Ensure the screen of your device is clean and free of debris.
- **Pen Tip Falling Out:** While rare, if a tip falls out, ensure you have replacement tips and carefully insert a new one. If the issue persists, contact Samsung support.
- **Device Compatibility:** Confirm that your device is a Galaxy Z Fold3 5G or Galaxy Z Fold4. The S Pen Fold Edition is not compatible with other Galaxy Note or S series devices.
- **Restart Device:** A simple device restart can often resolve minor software glitches that may affect S Pen functionality.
