Vaku Luxos Trinity 3in1

Vaku Luxos Trinity 3in1 23W Magnetic MagSafe Wireless Charger User Manual

Model: **Trinity 3in1** | Brand: **Vaku Luxos**

1. INTRODUCTION AND OVERVIEW

The Vaku Luxos Trinity 3in1 Magnetic MagSafe Wireless Charger is designed to provide a convenient and efficient charging solution for your compatible Apple devices. This charging dock allows you to simultaneously charge an iPhone, Apple Watch, and AirPods, reducing cable clutter and optimizing your charging experience.

It features a total output of 23W, intelligently distributing power to each device for optimal charging speeds. The magnetic design ensures secure placement for your iPhone, while dedicated spots are provided for your Apple Watch and AirPods.

2. PACKAGE CONTENTS

Please verify that all items are present in the package:

- 1x Vaku Luxos Trinity 3in1 23W Wireless Charger

3. SETUP INSTRUCTIONS

1. **Connect to Power:** Connect the provided USB Type-C cable to the charging port on the back of the wireless charger. Plug the other end of the cable into a compatible 23W (or higher) power adapter (not included).
2. **Power On:** Once connected to power, the LED indicators on the front of the charger will illuminate briefly, indicating it is ready for use.
3. **Placement:** Place the charger on a stable, flat surface.

4. OPERATING INSTRUCTIONS

The Vaku Luxos Trinity 3in1 charger allows for simultaneous wireless charging of up to three devices:

- **iPhone Charging (Front Stand):** Place your MagSafe-compatible iPhone onto the front magnetic stand. The phone will snap into place, ensuring proper alignment for 15W wireless charging. The LED indicator for the iPhone will light up.
- **Apple Watch Charging (Top Pad):** Place your Apple Watch onto the dedicated charging pad at the top of the stand. Ensure the watch is correctly positioned for 3W wireless charging. The LED indicator for the Apple Watch will light up.
- **AirPods Charging (Rear Base):** Place your wireless charging compatible AirPods case onto the charging pad located at the rear base of the unit. This pad provides 5W wireless charging. The LED indicator for the AirPods will light up.

A stable light on the LED indicators signifies that the devices are charging correctly. If a light is blinking, it indicates that the device is not placed properly or there is a foreign object detected, and charging is not active.

7. SPECIFICATIONS

Feature	Specification
Model	Trinity 3in1
Total Wattage	23W
Output 1 (Watch)	3W (max)
Output 2 (Front - Phone)	15W (max)

Feature	Specification
Output 3 (Back - AirPods)	5W (max)
Product Dimensions (LxWxH)	14 x 11 x 10 cm
Item Weight	250 g
Material	Acrylonitrile Butadiene Styrene
Power Source	Corded Electric
Connector Type	USB Type C
Special Features	Fast Charging, Lightweight Design, Magnetic, Over Temperature Protection, Short Circuit Protection, Over-current protection, Over-voltage protection, Foreign body detection

8. TROUBLESHOOTING

- **Device Not Charging:**
 - Ensure the charger is properly connected to a working power outlet and a compatible power adapter (23W or higher).
 - Verify that your device is placed correctly on its designated charging area. The LED indicator should show a stable light.
 - Remove any thick phone cases or metallic objects that might interfere with wireless charging.
 - Check if the LED indicator is blinking. A blinking light indicates improper placement or foreign object detection. Re-position the device or remove any obstructions.
- **Slow Charging:**
 - Ensure you are using a power adapter that provides sufficient wattage (23W or higher). Lower wattage adapters may result in slower charging.
 - Confirm that your device supports fast wireless charging.
- **Overheating:**
 - The charger has built-in over-temperature protection. If it feels excessively hot, remove devices and disconnect from power. Allow it to cool down before resuming use.
 - Ensure there is adequate ventilation around the charger.

9. MAINTENANCE

- **Cleaning:** Disconnect the charger from the power source before cleaning. Wipe the surface with a soft, dry cloth. Do not use abrasive cleaners or immerse the unit in water.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

10. WARRANTY AND SUPPORT

The Vaku Luxos Trinity 3in1 Wireless Charger comes with a **1-year warranty** from the date of purchase. This warranty covers manufacturing defects under normal use.
