3.2 Powering On and Initial Setup

1. Press and hold the **Power button** (located on the side) until the vivo logo appears on the screen.
2. Follow the on-screen prompts to complete the initial setup process. This includes selecting your language, connecting to a Wi-Fi network, signing in to your Google account, and setting up security features such as a screen lock and fingerprint scanner.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

- **Home Screen:** Swipe left or right to access different home screen panels. Customize your home screen by adding widgets and app shortcuts.
- **App Drawer:** Swipe up from the bottom of the screen to access all installed applications.
- **Notifications & Quick Settings:** Swipe down from the top of the screen to view notifications and access quick settings toggles (e.g., Wi-Fi, Bluetooth, Flashlight).
- **Recent Apps:** Swipe up from the bottom of the screen and hold (if using gesture navigation) or tap the

recent apps button (if using 3-button navigation) to view and switch between recently used applications.

4.2 Volume and Power Controls

- **Volume Buttons:** Use the Volume Up and Volume Down buttons on the side of the device to adjust media, call, and alarm volumes.
- **Power Button:** Press and hold the Power button to access options for *Power Off*, *Restart*, or *Emergency Call*. A short press will lock/unlock the screen.

5. CAMERA FEATURES

The vivo Y36 features a versatile camera system for capturing high-quality photos and videos.

- **Rear Camera:** Dual setup with a 50MP main sensor and a 2MP bokeh lens.
- **Front Camera:** 16MP selfie camera.
- **Camera Modes:** Photo, Night, Portrait, Video, High Resolution, Pano, Live Photo, Slow-Mo, Time-Lapse, Pro, Documents, Double Exposure.

To open the camera, tap the Camera icon on your home screen or lock screen. Swipe left or right on the camera interface to switch between different modes and settings.

10. TROUBLESHOOTING

This section addresses common issues you might encounter with your vivo Y36 smartphone.

10.1 Device Not Powering On

- Ensure the battery is charged. Connect the device to the charger for at least 15 minutes, then try powering on again.

- If the device still does not power on, contact customer support.

10.2 Apps Crashing or Freezing

- Close the problematic app and reopen it.
- If the issue persists, restart your device.
- Check for app updates in the Google Play Store.

10.3 Poor Battery Life

- Adjust screen brightness to a lower level.
- Disable unnecessary background apps and notifications.
- Turn off Wi-Fi, Bluetooth, and GPS when not in use.
- Check for system and app updates, as these often include battery optimizations.

10.4 Connectivity Issues (Wi-Fi/Bluetooth)

- Turn off and then turn on Wi-Fi or Bluetooth.
- Restart your device.
- For Wi-Fi, forget the network and reconnect. For Bluetooth, unpair and re-pair the device.

10.5 Slow Performance

- Clear the cache of frequently used apps.
- Uninstall unused applications to free up storage space.
- Ensure your device has sufficient free internal storage.

11. WARRANTY AND SUPPORT

For detailed warranty information and technical support, please refer to the warranty card included with your product. You can also visit the official vivo India website or contact vivo customer service for assistance.

Manufacturer: vivo Mobile India Pvt Ltd

Date First Available: 21 June 2023
