2. WHAT'S IN THE BOX

Upon unboxing your Vivo V40e 5G, verify that all the following items are included:

- Vivo V40e 5G Smartphone
- Power Adapter
- USB Cable
- SIM Tray Ejector
- Phone Case
- Screen Protector (Applied)

3. SETUP

3.1. Inserting the SIM Card

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the SIM tray into the device until it clicks into place.

3.2. Initial Power On and Configuration

1. Press and hold the Power button (located on the right side) until the Vivo logo appears.
2. Follow the on-screen instructions to select your language, region, connect to a Wi-Fi network, and set up your Google account.
3. Configure security settings such as fingerprint unlock, face unlock, or a PIN/pattern.

3.3. Charging the Device

Before first use, it is recommended to fully charge your device.

1. Connect the USB cable to the power adapter.
2. Plug the power adapter into a wall outlet.
3. Connect the USB-C end of the cable to the charging port at the bottom of your phone.
4. The charging indicator will appear on the screen.

4.2. Camera Functions

Your device is equipped with a versatile camera system:

- **Rear Camera:** 50 MP Sony IMX882 OIS Main Camera (f/1.79, FOV 79°, 5P lens) with OIS support, and an 8 MP Ultra Wide-Angle Camera (f/2.2, FOV 116°, 5P lens).
- **Selfie Camera:** 50 MP AF Ultra Wide-Angle Selfie Camera (f/2.0, FOV 92°, 5P lens) with AF support.

To access the camera, tap the Camera icon on your home screen. Select modes like Photo, Portrait, Video, or Night mode. Tap the shutter button to capture images or start/stop video recording.

4.3. Performance and Storage

The device is powered by a MediaTek Dimensity 7300 Processor, coupled with 8GB of RAM and 128GB of internal storage, ensuring smooth multitasking and ample space for applications and media.

4.4. Battery and Charging

The Vivo V40e 5G is equipped with a 5500 mAh (TYP) battery and supports 80W fast charging. This allows for extended usage and quick recharges.

4.5. Connectivity

The smartphone supports various connectivity options:

- **Wi-Fi:** Connect to wireless networks for internet access.
- **Bluetooth:** Pair with wireless accessories like headphones or speakers.
- **USB:** For charging and data transfer.
- **GPS:** For location services and navigation.

4.6. Operating System

The device runs on Funtouch OS 14, offering a customized Android experience with various features and optimizations.

5. MAINTENANCE

5.1. Cleaning Your Device

Use a soft, lint-free cloth to gently wipe the screen and body of the phone. Avoid using harsh chemicals or abrasive materials, which can damage the display or finish.

5.2. Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Navigate to **Settings > System update** to check for available updates.

5.3. Battery Care

To prolong battery life:

- Avoid extreme temperatures.
- Do not leave the phone charging for excessively long periods after it's full.
- Use the original charger and cable provided.

5.4. Environmental Considerations

Protect your device from water, dust, and direct sunlight. Avoid dropping the phone or subjecting it to strong impacts.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your Vivo V40e 5G.

Issue	Possible Solution
Device not powering on	Ensure the battery is charged. Press and hold the Power button for at least 10-15 seconds to force a restart.
Charging issues	Check if the charger and USB cable are securely connected. Try a different power outlet. Ensure the charging port is clean.
Network connectivity problems	Restart the device. Check if the SIM card is properly inserted. Go to Settings > Network & internet and toggle Airplane mode on/off.
Applications crashing or freezing	Close and reopen the app. Clear the app's cache (Settings > Apps > [App Name] > Storage > Clear cache). Update the app from the Play Store.
Poor call quality	Ensure you are in an area with good network coverage. Check if the microphone or speaker is obstructed.

If issues persist, consider performing a factory reset (back up your data first) or contacting customer support.
