vivo X200 Pro

vivo X200 Pro 5G Smartphone User Manual

Model: **X200 Pro** | Brand: **vivo**

1. INTRODUCTION

Welcome to the user manual for your new vivo X200 Pro 5G Smartphone. This guide provides comprehensive instructions to help you set up, operate, and maintain your device, ensuring you get the most out of its advanced features.

The vivo X200 Pro is a high-performance smartphone designed for exceptional photography, powerful processing, and extended battery life, featuring a stunning AMOLED display and advanced connectivity.

2. WHAT'S IN THE BOX

Please check the contents of your product package. If any items are missing or damaged, contact your retailer.

- vivo X200 Pro 5G Smartphone
- Compatible Charger (90W FlashCharge)
- USB Type-C Cable
- SIM Ejector Tool
- Quick Start Guide
- Safety Information

3. SETUP

3.1. Inserting SIM Card

1. Locate the SIM card tray on the side of your phone.
2. Insert the SIM ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) into the tray with the gold contacts facing down. Ensure proper orientation.
4. Gently push the tray back into the phone until it clicks into place.

3.2. Initial Charge and Power On

1. Connect the USB Type-C cable to the phone's charging port and the other end to the included 90W FlashCharge adapter.
2. Plug the adapter into a power outlet. Allow the phone to charge for at least 15 minutes before first use.
3. To power on, press and hold the Power button (located on the right side) until the vivo logo appears on the screen.

3.3. Initial Setup Wizard

Follow the on-screen prompts to complete the initial setup:

- Select your language and region.
- Connect to a Wi-Fi network.
- Sign in with your Google account or create a new one. The device supports full Google services.
- Set up screen lock (PIN, pattern, password, fingerprint, face unlock).
- Review and accept terms and conditions.

4. OPERATING YOUR SMARTPHONE

4.1. ZEISS Optics Camera System

The vivo X200 Pro features an advanced ZEISS co-engineered camera system for professional-grade photography.

- **Main Camera:** 50MP ZEISS True Color Main Camera.
- **Telephoto Camera:** 200MP ZEISS APO Telephoto Camera with floating periscope system for distant details.
- **Ultra Wide-Angle Camera:** 50MP Ultra Wide-Angle Camera.
- **ZEISS APO Color Correction:** Ensures sharp images with true-to-life colors.
- **V3+ Chip:** Enhances computational imaging for clarity and vibrancy in photos and videos.

4.2. Display Features

Experience stunning visuals on the 6.78-inch ZEISS Master Color Display.

- **Technology:** Enhanced with ZEISS Natural Colour and LTPO technology.
- **Refresh Rate:** Up to 120 Hz for smooth scrolling and gaming.
- **Eye Comfort:** 2160 Hz high-frequency PWM dimming reduces flicker and eye strain.

4.3. Battery and Charging

The vivo X200 Pro is equipped with a large capacity battery and fast charging capabilities.

- **Capacity:** 6000 mAh battery, powered by 3rd-Gen Silicon Anode and Semi-Solid Battery Technology.
- **Fast Charging:** Supports 90W FlashCharge for rapid power-ups.
- **Cold Resistance:** Ensures enduring performance even in extreme cold down to -20°C.

4.4. Performance and Durability

The device offers superior performance and robust durability.

- **Processor:** Powered by 3 nm Dimensity 9400 with next-gen CPU architecture.
- **Cooling:** Efficient cooling system prevents overheating.
- **Water and Dust Resistance:** IP68 & IP69 rated for protection against elements.

5. MAINTENANCE

5.1. Cleaning Your Device

- Use a soft, lint-free cloth to wipe the screen and body.
- For stubborn smudges, slightly dampen the cloth with water or a screen cleaner.
- Avoid using harsh chemicals, abrasive materials, or aerosol sprays.

5.2. Battery Care

- Avoid exposing the phone to extreme temperatures (above 45°C or below -20°C) for prolonged periods.
- Use only the original charger and cable provided with the device.
- Do not leave the phone charging for excessively long periods after it reaches 100%.

5.3. Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to new features. Go to **Settings > System update** to check for updates.

6. TROUBLESHOOTING

Problem	Possible Solution
Phone does not turn on.	Ensure the battery is charged. Connect to the charger and wait a few minutes before attempting to power on again. If unresponsive, press and hold the Power button for 10-15 seconds to force a restart.
Battery drains quickly.	Check for background apps consuming power. Reduce screen brightness, disable unnecessary features like Wi-Fi/Bluetooth when not in use, or enable power-saving mode.
Apps are crashing or freezing.	Clear the app's cache and data (Settings > Apps > [App Name] > Storage). If the issue persists, uninstall and reinstall the app. Ensure your phone's software is up to date.
Cannot connect to Wi-Fi.	Restart your phone and Wi-Fi router. Forget the network in phone settings and reconnect. Ensure you are entering the correct password.
Poor call quality or no network signal.	Check if your SIM card is properly inserted. Move to an area with better network coverage. Restart your phone. Contact your mobile carrier if the issue persists.

7. SPECIFICATIONS

Feature	Detail
