Display

Experience vibrant colors and ultra-smooth visuals on the OnePlus 13's 6.82-inch LTPO AMOLED display. It features a QHD+ resolution of 3168x1440 pixels and a dynamic refresh rate that adjusts from 1Hz to 120Hz, optimizing power consumption while providing fluid scrolling and gaming. With a peak brightness of 4500 nits, the display remains easily visible even in bright sunlight. Innovative features like Aqua Touch 2.0 allow for precise screen interaction even when wet, and a dedicated Glove Mode enhances usability with gloves up to 0.5 cm thick.

Lightning-Fast Snapdragon 8 Elite Processor:
Powered by the latest Qualcomm Snapdragon 8 Elite chipset, enjoy exceptional speed, efficiency, and performance for gaming, multitasking, and productivity.

Camera System

Capture every moment in breathtaking detail with the 5th Generation Hasselblad Camera System. The rear setup includes a 50MP main lens with optical image stabilization (OIS), a 50MP ultrawide lens with a 120-degree field of view, and a 50MP telephoto lens offering 3x optical zoom. The telephoto lens incorporates OnePlus's new Tri-Prism technology, making the module 24% smaller and 30% lighter than traditional periscope lenses. For stunning selfies and clear video calls, the front-facing camera is 32MP. AI-powered tools like unblur and reflection removal can be applied to photos post-capture, enhancing clarity and detail.

OPERATING INSTRUCTIONS

OxygenOS 15

The OnePlus 13 runs on OxygenOS 15, based on Android 15, offering a clean, smooth, and intuitive user experience. The interface is designed for efficiency and personalization, with features like Intelligent Search for quick file and app location, and AI Notes for smart content management. It also integrates new Android 15 functionalities such as Circle to Search and Gemini Live, enhancing productivity and interaction.

Basic Navigation

Navigate your device using intuitive gestures or the traditional navigation bar. Swipe up from the bottom to go home, swipe up and hold for recent apps, and swipe from the left or right edge to go back. Alternatively, enable the three-button navigation bar in Settings for familiar controls.

Customization

Personalize your OnePlus 13 to match your style. Long-press on the home screen to access wallpaper, widget, and theme options. Explore the extensive customization settings in OxygenOS 15 to tailor icons, fonts, and system animations.

MAINTENANCE

Software Updates

To ensure optimal performance and security, regularly check for and install software updates. Go to **Settings > About device > OxygenOS** and tap on **Check for updates**. Download and install any available updates as prompted.

Cleaning the Device

Use a soft, lint-free cloth to clean the screen and body of your OnePlus 13. For stubborn smudges, slightly dampen the cloth with water or a screen-cleaning solution. Avoid using harsh chemicals or abrasive materials that could damage the device's finish.

Battery Care

To extend the lifespan of your battery, avoid extreme temperatures. Do not fully discharge the battery frequently, and try to keep the charge level between 20% and 80% for daily use. Use the official OnePlus charger and cable for optimal charging performance.

TROUBLESHOOTING

Common Issues

- **Phone not turning on:** Ensure the battery is charged. Connect the phone to its charger and wait a few minutes before attempting to power it on again.
- **App crashing or freezing:** Close the problematic app from recent apps and reopen it. If the issue persists, clear the app's cache and data in **Settings > Apps > [App Name] > Storage usage**.
- **Wi-Fi connectivity issues:** Try restarting your Wi-Fi router and your phone. Forget the Wi-Fi network on your phone and reconnect. Ensure your phone's software is up to date.
- **Slow performance:** Close unnecessary background apps. Clear cached data regularly. Consider performing a factory reset if performance issues persist after other troubleshooting steps.

Factory Reset

Warning: A factory reset will erase all data on your phone, including apps, photos, and settings. Back up important data before proceeding.

To perform a factory reset:

1. Go to **Settings > System settings > Backup & reset**.
2. Tap on **Reset phone**.
3. Select **Erase all data**.
4. Confirm your choice and enter your screen lock password if prompted.
5. The phone will restart and begin the reset process.
