SETUP GUIDE

1. Initial Power On

1. Press and hold the Power button on the side of the device until the Google logo appears.
2. Follow the on-screen prompts to select your language, connect to Wi-Fi, and accept terms and conditions.

2. eSIM Activation

The Pixel 10 Pro XL is an eSIM-only device. This allows for digital plan switching and storage of multiple numbers without a physical SIM card.

1. During initial setup, you will be guided through the eSIM activation process.
2. Alternatively, navigate to **Settings > Network & internet > SIMs** to add or manage your eSIM profiles.
3. Contact your carrier for specific instructions or QR codes for eSIM activation.

3. Data Transfer from Previous Device

You can easily transfer data from your old phone to your new Pixel 10 Pro XL. This process typically takes about 20 minutes.

- Use the provided USB-C cable and an adapter (if necessary) to connect your old phone to the Pixel 10 Pro XL.
- Follow the on-screen instructions to select the data you wish to transfer (contacts, photos, apps, etc.).

MAINTENANCE AND CARE

- **Cleaning:** Use a soft, lint-free cloth to clean your device. Avoid abrasive materials or harsh chemicals.
- **Water and Dust Resistance:** The Pixel 10 Pro XL is designed with IP68 water and dust resistance. However, this is not permanent and resistance may decrease over time with normal wear. Avoid intentional submersion.
- **Software Updates:** Ensure your device is connected to Wi-Fi and has sufficient battery life before performing software updates.
- **Battery Care:** To prolong battery lifespan, avoid extreme temperatures. The phone may limit charging to 80% after a certain number of charge cycles to protect battery health.
