OPPO F31 5G Smartphone User Manual

Model: F31 5G

Advertisements

1. Introduction

This manual provides detailed instructions for the safe and efficient use of your OPPO F31 5G smartphone. Please read this manual thoroughly before operating the device to ensure optimal performance and to prevent damage.

The OPPO F31 5G is a feature-packed smartphone designed for performance and durability, featuring a 6.57" AMOLED display, 50MP main camera, MediaTek Dimensity 6300 chipset, and a 7000mAh battery with 80W flash charging.

2. What's in the Box

Verify that all items are present in the package:

- Phone Case
- Power Adapter
- SIM Tray Ejector
- Screen Protector
- OPPO F31 5G Smartphone

3. Setup

3.1 Inserting the SIM Card

1. Locate the SIM card tray on the side of the phone.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano SIM card(s) into the tray with the gold contacts facing down. The OPPO F31 5G supports Dual SIM.
4. Carefully reinsert the SIM tray into the phone.

Advertisements

3.2 Powering On and Initial Setup

1. Press and hold the Power button until the OPPO logo appears.
2. Follow the on-screen instructions to select your language, connect to Wi-Fi, and set up your Google account.
3. Configure biometric security features such as Fingerprint Recognition for enhanced security.

4. Operating Instructions

4.1 Display

The OPPO F31 5G features a 6.57-inch AMOLED flexible display with a 93% screen-to-body ratio. It offers a 120Hz adaptive refresh rate for smooth scrolling and gaming, and a 1400-nit peak brightness for clear outdoor visibility. Eye-care technologies, including hardware-level low blue light, are integrated to protect your eyes.

Advertisements

4.2 Camera

Capture high-quality photos and videos with the pro-grade camera system. The rear setup includes a 50 MP Main Camera and a 2 MP Portrait Camera. The front camera is a sharp 16 MP sensor. Advanced HDR Algorithm Optimization enhances dynamic range and reduces noise, especially in low light. Features like Dual-View Video, Live Photos, and Dynamic Capturing are available for creative content creation.

4.3 Performance

The device is powered by the MediaTek Dimensity 6300 chipset and UFS 2.2 storage, ensuring smooth multitasking and gaming. A 4300 mm² VC cooling system is integrated to maintain sustained performance during intensive tasks. Running on ColorOS 15, the system is optimized for 72-month fluency protection.

4.7 Operating System (ColorOS 15)

The AI-powered ColorOS 15 includes innovative features such as Smart Document (AI summaries, translations, rewriting), Smart Note (AI-enhanced note-taking), and high-quality scanning. Integrated Google Gemini provides advanced language understanding, content creation, and reasoning.

The O-Lock anti-theft technology ensures your device instantly locks if stolen, preventing data breaches and blocking unauthorized resets or SIM swaps. Spam call blocking helps ensure every call is secure and meaningful.

5. Maintenance

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid harsh chemicals.
- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security.
- **Storage Management:** Periodically clear unnecessary files and apps to maintain sufficient storage space.
- **Battery Care:** Avoid exposing the phone to extreme temperatures. For long-term storage, keep the battery charged to around 50%.

6. Troubleshooting

Issue	Possible Solution
Phone not turning on	Ensure the battery is charged. Connect to the power adapter and try again. If unresponsive, perform a force restart (refer to device-specific instructions for button combinations).
Battery drains quickly	Reduce screen brightness, close unused apps, disable unnecessary background processes, and limit location services. Check for apps consuming excessive power in battery settings.
Network connectivity issues	Check SIM card insertion. Restart the phone. Verify mobile data or Wi-Fi settings. If issues persist, contact your network provider.
Apps freezing or crashing	Clear the app's cache and data in settings. Update the app to the latest version. If the issue continues, uninstall and reinstall the app.
Fingerprint sensor not working	Ensure your finger is clean and dry. Re-register your fingerprints in the security settings. Ensure the sensor area is clean.

7. Specifications

Feature	Detail
Brand	OPPO
Model	F31 5G
Operating System	Android 14 (ColorOS 15)
RAM	8 GB
Internal Storage	128 GB (UFS 2.2)
Processor	MediaTek Dimensity 6300 (2, 2.4 GHz)
