OPPO CPH2823

OPPO A6X 5G Smartphone User Manual

Model: CPH2823

INTRODUCTION

This manual provides essential instructions for setting up, operating, maintaining, and troubleshooting your OPPO A6X 5G smartphone. Please read this guide thoroughly to ensure proper use and to maximize the device's capabilities. Keep this manual for future reference.

WHAT'S IN THE BOX

Upon unboxing your OPPO A6X 5G, verify that all the following items are included:

- OPPO A6X 5G Smartphone
- Phone Case
- Power Adapter
- USB Cable (Type-C)
- SIM Tray Ejector
- Screen Protector (pre-applied or in box)

6500mAh Large Battery

Bye-Bye Battery Blues

SETUP

1. Inserting the SIM Card

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM cards (up to two 5G SIMs are supported) into the designated slots on the tray, ensuring the gold contacts face downwards.
4. Carefully reinsert the SIM tray into the phone until it clicks into place.

45W SUPERVOOC™

Flash Charge

2. Initial Power On and Setup

1. Press and hold the Power button (located on the side) until the OPPO logo appears.
2. Follow the on-screen instructions to select your language, connect to a Wi-Fi network, and set up your Google account.
3. Configure security settings such as fingerprint unlock or facial recognition.

3. Charging the Device

The OPPO A6X 5G features a 6500mAh battery and supports 45W SuperVOOC fast charging.

- Connect the USB cable to the power adapter and then to the charging port on your phone.
- Plug the power adapter into a wall outlet.
- For optimal charging speed, use the provided OPPO 45W SuperVOOC power adapter and USB cable.

OPERATING YOUR DEVICE

Basic Navigation

The OPPO A6X 5G runs on Android 15 with ColorOS 15.0, offering an intuitive user interface. Use gestures or navigation buttons

(configurable in settings) to move between apps, return to the home screen, and access recent applications.

Camera Usage

Your device is equipped with a 13MP Ultra-Clear Rear camera and a 5MP Front Selfie Camera. Open the Camera app to access various modes including Photo, Video, Portrait, and more. AI features like AI Portrait Retouching, AI Clarity Enhancer, and AI Unblur are integrated to enhance your photos. The Dual-View Video feature allows simultaneous recording from both front and rear cameras.

Connectivity

The device supports Dual 5G SIMs for high-speed mobile data. Connect to Wi-Fi networks via the Settings menu. AI LinkBoost 3.0 optimizes network connections for reduced lag and improved stability.

Reverse Wired Charging

The Power to Share

Image: A person holding the OPPO A6X 5G to their ear, with text indicating "AI LinkBoost 3.0 Lose the Lag," suggesting improved call and network stability.

Reverse Charging

Utilize the OTG reverse charging feature to power other devices. Connect your OPPO A6X 5G to another device (e.g., earphones, smartwatches, tablets) using a C-to-C cable. Your phone will act as a power bank, providing emergency power.

Image: Two smartphones connected by a USB-C cable, illustrating the reverse wired charging capability where one phone charges another.

Display Features

The 17.14 cm (6.75 Inch) HD+ LCD 120Hz Ultra Bright Display offers a smooth visual experience with a 90.6% screen-to-body ratio. The Splash Touch feature ensures smooth touch control even when the screen has water droplets, mist, or oil stains.

120Hz Ultra Bright Display

Smoother, Brighter, Better

Image: The OPPO A6X 5G display showcasing a fluid visual, with text highlighting "120Hz Ultra Bright Display" for smoother interaction.

Performance Features

Powered by the MediaTek Dimensity 6300 Mobile Platform, the OPPO A6X 5G delivers efficient performance. AI GameBoost 2.0 is integrated to provide a smoother gaming experience.

IP64 Water and Dust Resistance

Built for Life's Little Spills

MAINTENANCE

Battery Care

- Avoid exposing the device to extreme temperatures.
- Do not fully discharge the battery frequently.
- Use only OPPO-approved chargers and cables.

Water and Dust Resistance

The OPPO A6X 5G features IP64 water and dust resistance. This rating indicates protection against dust ingress and splashing water from any direction. It is not designed for submersion in water. Avoid exposing the device to high-pressure water jets or prolonged immersion.

48-Month Fluency Protection

Good as New

48 Months

Image: The back of the OPPO A6X 5G with water splashing, accompanied by text "IP64 Water and Dust Resistance Built for Life's Little Spills," demonstrating its protective features.

Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to new features. Navigate to **Settings > About device > Up to date** to check for updates.

48-Month Fluency Protection

Good as New

48 Months

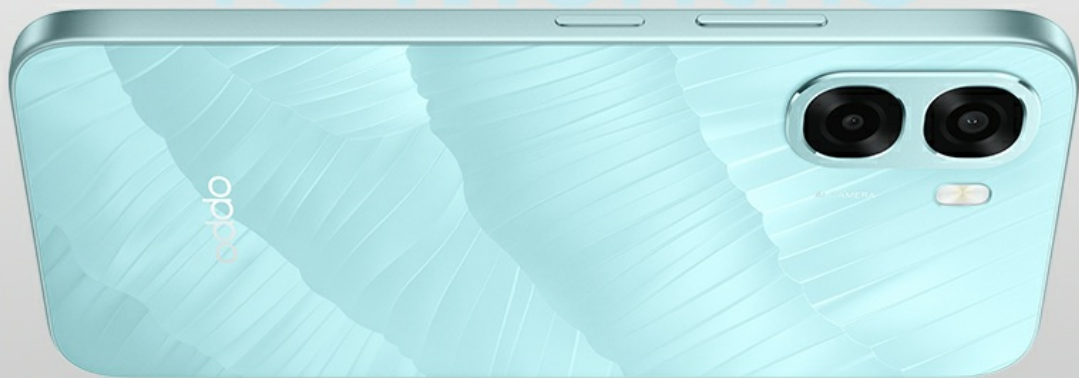

Image: The rear of the OPPO A6X 5G, with text "48-Month Fluency Protection Good as New," indicating long-term performance optimization.

TROUBLESHOOTING

Common Issues

- **Device not turning on:** Ensure the battery is charged. Connect to the charger for at least 15 minutes before attempting to power on.
- **Apps crashing or freezing:** Close background applications. Clear app cache (**Settings > Apps > App management > [App Name] > Storage usage > Clear cache**). If the issue persists, restart the device.
- **Poor network connectivity:** Check SIM card insertion. Ensure mobile data is enabled. Try restarting the device or toggling Airplane Mode.
- **Battery draining quickly:** Reduce screen brightness, disable unnecessary features (GPS, Bluetooth, Wi-Fi when not in use), and close background apps.

Factory Reset

If you encounter persistent software issues, a factory reset may resolve them. **Warning:** A factory reset will erase all data on your device. Back up important data before proceeding. To perform a factory reset, go to **Settings > System settings > Back up and reset > Reset phone > Erase all data**.
