## 2. WHAT'S IN THE BOX

Upon opening your OPPO Reno15 Pro 5G package, you should find the following items:

- OPPO Reno15 Pro 5G Smartphone
- Phone Case
- Power Adapter

- USB Cable
- SIM Tray Ejector
- Quick Start Guide (this document)
- Safety Information

## 3. INITIAL SETUP

---

### 3.1. Inserting SIM Cards

1. Locate the SIM card tray on the side of your phone.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your Nano-SIM cards into the designated slots on the tray. Ensure the gold contacts face downwards.  
This device supports Dual SIM functionality.
4. Carefully reinsert the tray into the phone.

### 3.2. Powering On and Initial Configuration

1. Press and hold the Power button (located on the right side) until the OPPO logo appears.
2. Follow the on-screen prompts to select your language, region, and connect to a Wi-Fi network.
3. Sign in with your Google account or create a new one. This is necessary for downloading apps from the Google Play Store and accessing Google services.
4. Set up your screen lock method (PIN, pattern, password).
5. Configure Fingerprint Recognition for enhanced security. Follow the instructions to register your fingerprints.

## 4. OPERATING YOUR DEVICE

### 4.1. Camera Features

The OPPO Reno15 Pro 5G is equipped with an advanced camera system designed for high-quality photography and videography.

- **200MP Ultra-Clear Main Camera:** Capture photos with exceptional detail and clarity, even in challenging

lighting conditions. Features image stabilization for steady shots.

- **50MP 3.5x Telephoto Portrait Camera:** Utilize the periscope lens system for optical zoom, allowing you to capture distant subjects without loss of quality. Ideal for portraits and wildlife photography.
- **50MP Ultra Wide Selfie Camera:** Take wide-angle selfies, perfect for group photos or capturing more of your surroundings.
- **4K 60fps HDR Ultra-Steady Video:** Record smooth, high-resolution videos with enhanced dynamic range.

4.2. Display

The device features a large 6.78-inch curved AMOLED display. This screen offers vibrant colors, deep blacks, and excellent brightness, making it suitable for various viewing conditions. The 120Hz refresh rate ensures smooth scrolling and fluid animations.

4.3. Performance

Powered by the 4nm MTK Dimensity 8450 processor, the Reno15 Pro 5G delivers robust performance for demanding applications and games. It includes an efficient cooling system to maintain performance during extended use. The device comes with 12GB of RAM and 256GB of internal storage.

4.4. Battery and Charging

The OPPO Reno15 Pro 5G is equipped with a 6500mAh battery, providing extended usage time. It supports 80W SUPERVOOC wired flash charging for rapid power replenishment and 50W AIRVOOC wireless flash charging for convenient, cable-free charging.

Image: Details on the 6500mAh battery capacity and fast charging capabilities.

4.5. Software (ColorOS 16)

Your device runs on Android 15 with OPPO's ColorOS 16 interface. This operating system includes features like the All-New Trinity Engine for smooth performance and the All-New Luminous Rendering Engine for enhanced visual

interactions. AI Mind Space provides intelligent assistance and organization.

4.6. Connectivity

The Reno15 Pro 5G supports 5G cellular technology for high-speed internet access. It also includes Bluetooth, USB Type-C, and Wi-Fi connectivity. AI LinkBoost 3.0 enhances network stability and speed, particularly for gaming and demanding online activities.

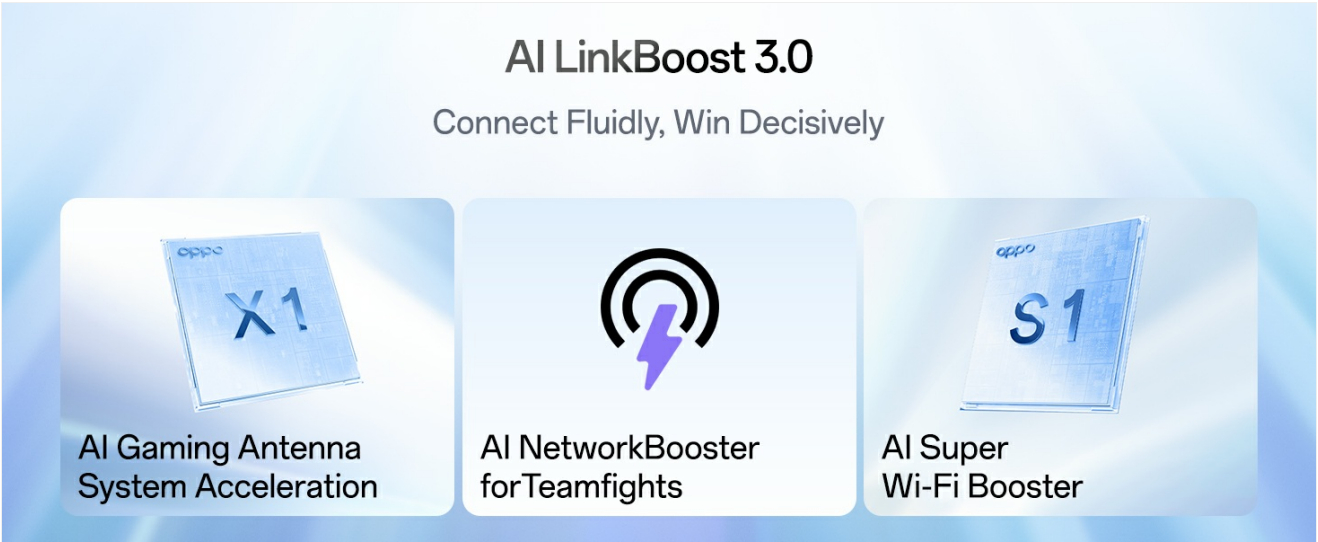

Image: Diagram illustrating the components of AI LinkBoost 3.0 for enhanced connectivity.

## 5. MAINTENANCE

### 5.1. Cleaning Your Device

- Use a soft, lint-free cloth to gently wipe the screen and body of the phone.
- Avoid using harsh chemicals, abrasive materials, or aerosol sprays.
- For stubborn smudges, slightly dampen the cloth with water or a screen cleaner specifically designed for electronics.

### 5.2. Battery Care

- Avoid exposing the phone to extreme temperatures (very hot or very cold).
- Do not let the battery completely drain frequently. Charge it before it reaches 0%.
- Use only the original OPPO charger and cable for optimal charging performance and safety.

### 5.3. Water and Dust Resistance

The OPPO Reno15 Pro 5G features an IP69/68 rating for water and dust resistance. While this provides protection against splashes and dust, it is not completely waterproof. Avoid submerging the device in water, exposing it to high-pressure water jets, or using it in saunas or steam rooms. Damage caused by liquid exposure is not covered under warranty.

## 6. TROUBLESHOOTING

If you encounter issues with your OPPO Reno15 Pro 5G, try the following common solutions:

- **Device Unresponsive:** Press and hold the Power button for about 10-15 seconds to force a restart.
- **Apps Crashing:** Clear the cache and data for the problematic app in Settings > Apps. If the issue persists, uninstall and reinstall the app.
- **Poor Battery Life:** Check battery usage in Settings to identify power-hungry apps. Reduce screen brightness, disable unnecessary features (GPS, Bluetooth, Wi-Fi) when not in use.
- **Network Connectivity Issues:** Toggle Airplane Mode on and off. Restart your device. Check if your SIM card is properly inserted.
- **Fingerprint Sensor Not Working:** Ensure your finger is clean and dry. Re-register your fingerprints in Settings > Security & privacy > Fingerprint.
- **Software Updates:** Ensure your device is running the latest software version. Go to Settings > About device > Up to date to check for updates.
- **Factory Reset (Last Resort):** If problems persist, you may need to perform a factory reset. **Warning: This will erase all data on your phone. Back up important data before proceeding.** Go to Settings > System settings > Back up and reset > Reset phone > Erase all data.
