URBN UPR105

URBN 10,000mAh Ultra Slim Power Bank UPR105 User Manual

Model: UPR105 | Brand: URBN

INTRODUCTION

Thank you for choosing the URBN 10,000mAh Ultra Slim Power Bank. This manual provides essential information for the safe and efficient use of your new power bank. Please read it thoroughly before use and retain it for future reference.

PRODUCT OVERVIEW

The URBN 10,000mAh Ultra Slim Power Bank (Model UPR105) is designed for portable charging of your electronic devices. It features a 10,000mAh capacity, 22.5W two-way fast charging, triple output ports (including dual Type C PD), and 12 layers of circuit protection for enhanced safety.

Image: Front view of the URBN 10,000mAh Ultra Slim Power Bank, showcasing its compact design and LED indicators.

Key Features:

- **10,000mAh Capacity:** Provides multiple charges for most smartphones.
- **22.5W Two-Way Fast Charging:** Rapidly charges both the power bank and connected devices.
- **Triple Output Ports:** Includes two Type-C PD ports and one USB-A port for simultaneous charging of up to three devices.
- **Dual Type C PD:** Supports Power Delivery for efficient charging of compatible devices.
- **12 Layers Circuit Protection:** Safeguards against overcharging, overheating, short-circuits, and other electrical issues.
- **Ultra Slim Design:** Compact and lightweight for easy portability.
- **BIS Certified:** Ensures product quality and safety standards.

**Two PD Type-C ports and an extra USB-A port,
allows you to charge multiple devices
simultaneously with a total of 3 output ports.**

SETUP

Package Contents:

- 1 x URBN 10,000mAh Ultra Slim Power Bank (Main Unit)
- 1 x USB Type-C Charging Cable
- 1 x User Manual (this document)
- 1 x Warranty Card

Initial Charging of the Power Bank:

Before first use, it is recommended to fully charge your URBN Power Bank. This ensures optimal battery performance and longevity.

1. Connect the provided USB Type-C charging cable to one of the Type-C input/output ports on the power bank.
2. Connect the other end of the cable to a compatible USB wall adapter (not included) or a computer's

USB port. For fastest charging, use a 22.5W PD compatible adapter.

3. The LED indicators on the power bank will illuminate to show the charging status. All LEDs will be solid when fully charged.

A full charge typically takes approximately 6 hours when using a suitable power adapter.

OPERATING INSTRUCTIONS

Charging Your Devices:

The URBN Power Bank can charge a variety of devices, including smartphones, tablets, smartwatches, and headphones.

1. Connect your device's charging cable to one of the output ports on the power bank (USB-A or Type-C).
2. Connect the other end of the cable to your device.
3. The power bank will automatically begin charging your device. The LED indicators will show the remaining power level of the power bank.

4. To stop charging, simply disconnect your device.

The power bank supports 22.5W fast charging for compatible devices, allowing for rapid power delivery. For example, it can charge a device up to 50% in approximately 30 minutes using Power Delivery (PD) via the Type-C port.

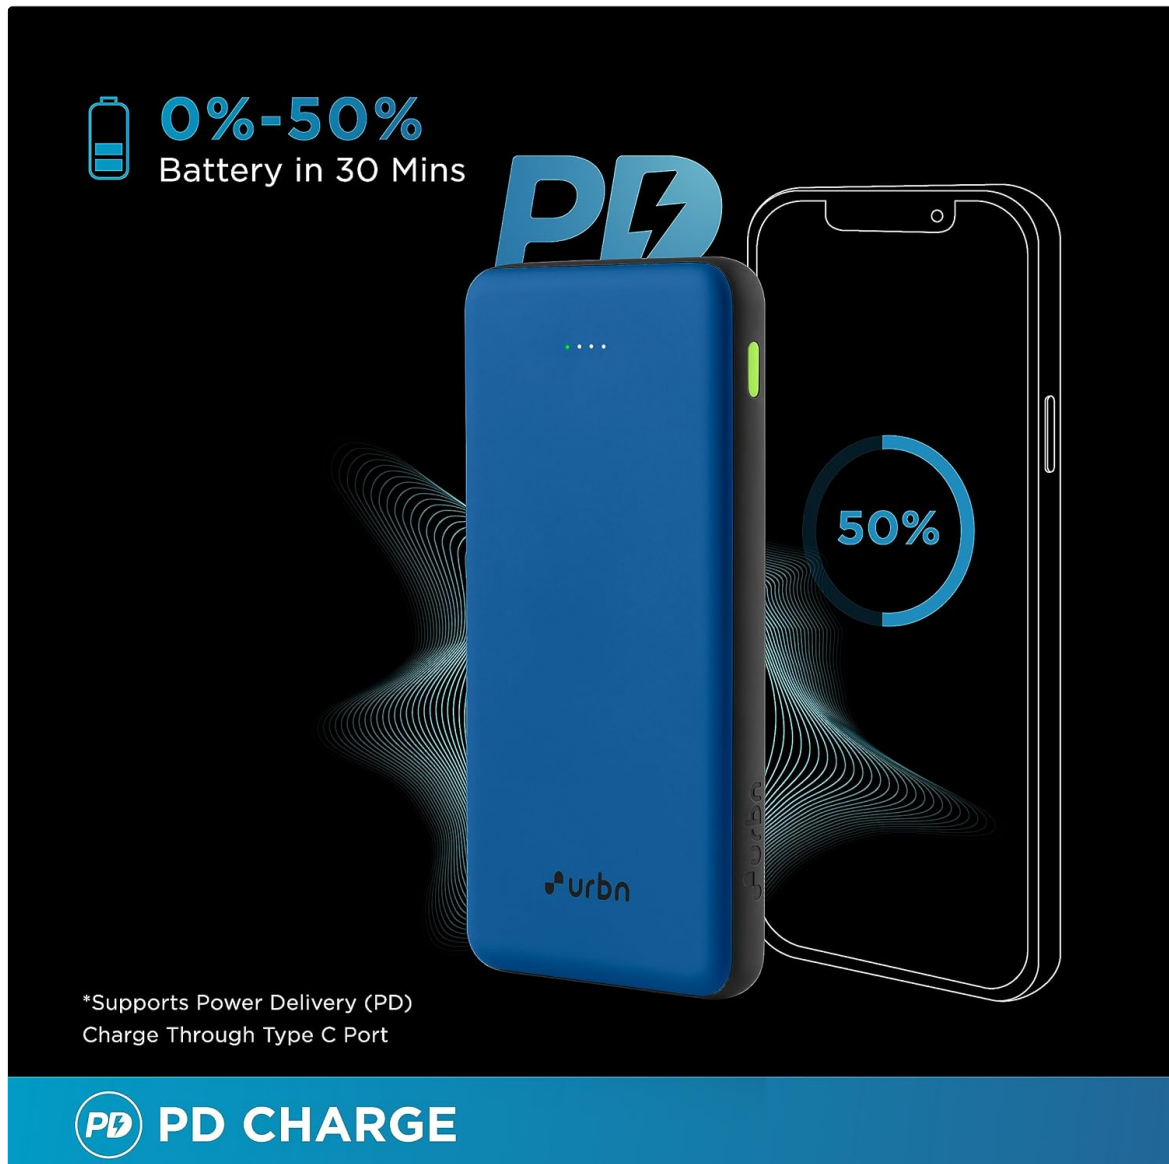

Image: Illustration showing the URBN Power Bank's ability to charge a smartphone to 50% battery in 30 minutes using Power Delivery (PD).

Universal Compatibility:

The URBN Power Bank is compatible with various fast charging protocols, ensuring broad device support.

- **PD 3.0/PPS:** Apple, Pixel, Samsung
- **VOOC:** Oppo, Realme, Reno
- **DASH:** One Plus
- **SUPER CHARGE:** Vivo
- **QC 3.0:** Nokia, HTC, Mi
- **SUPER FAST:** Huawei
- **AFC:** Samsung

Note: Your charging device and cable need to support QC 3.0 or PD 3.0 for Super Fast Charging up to 22.5W.

MAINTENANCE

- Keep the power bank away from water, moisture, and extreme temperatures.
- Avoid dropping or subjecting the power bank to strong impacts.
- Clean the power bank with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the power bank in a cool, dry place when not in use.
- For optimal battery life, fully charge and discharge the power bank at least once every three months if stored for extended periods.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Power bank not charging	Charging cable is faulty or not properly connected. Wall adapter is not working or incompatible. Power bank battery is completely depleted.	Ensure the charging cable is securely connected and undamaged. Try a different cable. Use a known working wall adapter. Connect the power bank to a power source and allow it to charge for a longer period.
Device not charging from power bank	Power bank has insufficient charge. Device's charging cable is faulty or not properly connected. Device is incompatible or has a specific charging requirement.	Recharge the power bank fully. Ensure the device's charging cable is securely connected and undamaged. Try a different cable. Verify your device's charging requirements.
Slow charging	Cable or adapter does not support fast charging. Device does not support fast charging. Multiple devices are connected, distributing power.	Use a fast-charging compatible cable and wall adapter (e.g., 22.5W PD). Ensure your device supports fast charging protocols (PD, QC). Charge one device at a time for maximum speed.

SPECIFICATIONS

Model Name	UPR105_SBB
Model Number	UPR105
Brand	URBN
Battery Capacity	10,000mAh
Battery Cell Type	Lithium Polymer
Output Power	22.5W (Max)
Input Power	22.5W (Max)
Connector Type	2 x USB Type-C (PD), 1 x USB Type-A
Voltage	5 Volts
Amperage	2.4 Amps (Output Current: 4 Amps)
Battery Charge Time	Approximately 6 Hours
Rapid Charging Performance	50% charge in 30 minutes
Special Features	Fast Charging, Lightweight, Over Charging Protection, Pocket Size, Slim

Circuit Protection	12 Layers Circuit Protection
Item Weight	249 Grams
Item Dimensions (L x W x T)	13.5 cm x 1.5 cm x 6.6 cm
Certifications	BIS Certified

SAFETY INFORMATION

To ensure safe operation and prevent damage to the power bank or connected devices, please observe the following safety guidelines:

- Do not expose the power bank to fire, water, or extreme temperatures (above 60°C / 140°F or below 0°C / 32°F).
- Do not disassemble, modify, or attempt to repair the power bank.

- Avoid dropping or subjecting the power bank to severe impacts.
 - Keep out of reach of children.
 - Do not use the power bank if it is damaged, swollen, or leaking.
 - Use only original or certified cables for charging the power bank and your devices.
 - Dispose of the power bank responsibly according to local regulations.
 - The power bank is equipped with 12 layers of circuit protection, including overvoltage, overcurrent, short-circuit, and temperature protection, to ensure safe operation.
-

WARRANTY AND SUPPORT

Warranty Information:

The URBN 10,000mAh Ultra Slim Power Bank comes with a **6 Months Replacement Warranty** from the date of purchase. Please retain your purchase receipt and warranty card for any warranty claims.
