Precautions

- Please fully charge the power bank on its first use.
- Use an appropriate charger and USB cable (Xiaomi-brand products are recommended) to charge the power bank and other devices via wires.
- Do not leave the power bank unattended when it is being charged or using it to charge other devices. Unplug the charger and charging cable after the power bank is fully charged or before you leave for a long time.
- Once this power bank is fully charged or charges another device to full, unplug the charging cable in time to avoid power consumption of the power bank.
- If the battery level indicator does not light up after pressing the button, it may be because the power bank is in protective mode.
- Try plugging in an external charger will restore the power bank.

When not using this power bank for a long time, store it in a cool and dry environment and keep its battery level in the range of about 25–50%. For long-term storage, do not fully charge the power bank or leave the battery level empty to avoid reducing its battery life.
