

URBN Ultra Volt UPR225

URBN 20000 mAh 65W Ultra Volt Power Bank User Manual

Model: Ultra Volt (UPR225)

1. INTRODUCTION

The URBN 20000 mAh 65W Ultra Volt Power Bank is a high-capacity portable charger designed to provide fast and efficient power to a wide range of devices, including laptops, smartphones, tablets, and earbuds. Featuring 65W Power Delivery (PD) and Quick Charge (QC) compatibility, dual output ports, an LED display, and two-way fast charging, this power bank ensures your devices remain powered on the go.

2. SAFETY INFORMATION

Please read and understand all safety instructions before using this product to prevent injury or damage. Keep this manual for future reference.

- Do not expose the power bank to extreme temperatures (above 60°C / 140°F or below 0°C / 32°F), direct sunlight, or fire.
- Avoid dropping, impacting, or disassembling the device. Unauthorized repairs will void the warranty and may cause hazards.
- Keep the power bank away from water, moisture, and corrosive materials.
- Use only certified cables and chargers for optimal performance and safety.
- Keep out of reach of children.
- If the power bank swells, emits smoke, or shows any other abnormal behavior, discontinue use immediately and contact customer support.

The URBN Ultra Volt Power Bank incorporates multiple safety protections, including output overvoltage, output overcurrent, input overvoltage, input undervoltage, thermal protection, battery temperature protection, output short circuit protection, chip thermal shutdown protection, electrostatic protection, overdischarge protection, electromagnetic field protection, and battery overcharge/overdischarge protection.

BUILT SAFE. BUILT TO LAST.

Urbn Safe is the mark of thoughtful craftsmanship, where every product meets our highest standards.

3. PRODUCT OVERVIEW

The URBN Ultra Volt Power Bank features a compact design with a built-in LED display and a detachable USB-C cable for convenience.

Image: Visual summary of key product features, including capacity, charging speed, and design elements.

Components:

- **Power Bank Unit:** Main device with 20000 mAh capacity.
- **USB-C Ports:** Dual output ports for charging devices and one for recharging the power bank.
- **Detachable USB-C Cable:** Integrated cable for charging and data transfer.
- **LED Digital Display:** Shows remaining battery percentage and charging status.

4. SETUP

Initial Charging of the Power Bank:

1. Connect a compatible USB-C wall adapter (minimum 40W recommended for fast charging, not included) to a power outlet.
2. Plug the detachable USB-C cable from the power bank into the wall adapter, or use a separate USB-C to USB-C cable to connect the power bank's input port to the adapter.
3. The LED display will show the charging progress. For optimal performance, fully charge the power bank before first use.

The power bank supports two-way fast charging, allowing it to recharge quickly. A full recharge can take approximately 2.7 hours with a 40W adapter, compared to 10 hours with a standard 12W adapter.

SUPERFAST BOTH WAYS

Urbn Ultra Volt
Speed (40W)

Standard Speed
(12W)

Not just superfast charging—this power bank also recharges at **40W speed**, getting you back to full power in no time.

Disclaimer: Superfast recharge time may vary based on battery percentage and cable quality. A minimum 40W adapter (not included) is required for superfast recharging.

5. OPERATING INSTRUCTIONS

Charging Your Devices:

1. Connect your device to one of the power bank's USB-C output ports using a compatible cable. You can use the integrated detachable USB-C cable or your device's charging cable.
2. The power bank will automatically begin charging your device. The LED display will show the remaining battery percentage.
3. The power bank supports Power Delivery (PD) and Quick Charge (QC) technologies for fast charging compatible devices, including laptops like MacBook Air, and various smartphones.

Dual Output and Pass-Through Charging:

- The power bank allows you to charge two devices simultaneously using its dual output ports.
- Pass-through charging enables you to charge your devices while the power bank itself is being recharged. This is useful for maintaining power to your devices during extended use or when wall outlets are limited.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures. For long-term storage, it is recommended to charge the power bank to about 50-70% every three months to maintain battery health.
- **Battery Care:** Avoid fully discharging the power bank regularly, as this can reduce its overall lifespan. Recharge it when the battery level is low.

7. TROUBLESHOOTING

- **Power bank not charging:** Ensure the charging cable and wall adapter are securely connected and functional. Use

a 40W or higher PD-compatible adapter for optimal charging speed.

- **Device not charging from power bank:** Check if the power bank has sufficient charge. Ensure the cable connecting your device to the power bank is fully inserted and not damaged. Try a different cable or port.
- **Slow charging:** Verify that both your device and the cable support fast charging protocols (PD/QC). Ensure the power bank itself is adequately charged. Some devices may limit charging speed if they are already at a high battery percentage or if they are overheating.
- **LED display not working:** If the display is unresponsive, try charging the power bank for a short period. If the issue persists, contact customer support.

8. SPECIFICATIONS

Model Name	Ultra Volt
Model Number	UPR225
Battery Capacity	20000 mAh
Maximum Output Power	65W (Power Delivery)
Connector Type	USB Type C
Number of Ports	2 (Dual Output)
Rapid Charging Performance	65W wired charging (60% in 30 mins)
Battery Charge Time (Power Bank)	Approx. 2.7 hours (with 40W adapter)
Compatible Devices	Laptop, Smartphone, Smartwatch
Item Weight	305 Grams
Item Dimensions (L x W x Thickness)	11L x 9W x 2.5Th Centimeters
Country of Origin	India

9. WARRANTY AND SUPPORT

Warranty Information:

This URBN Ultra Volt Power Bank comes with a**1 Year Replacement Warranty** from the date of purchase. The warranty covers manufacturing defects. Please retain your purchase receipt as proof of purchase.

Customer Support:

For any warranty claims, technical assistance, or product inquiries, please contact the manufacturer:
