

STORM INFINITY

boat

USER MANUAL

Thank you for choosing the boAt Storm Infinity as your fitness transformation companion.

Allow this manual to guide you through the functioning of your smartwatch. Please read it thoroughly before using it for a smooth sail. You may refer to these instructions for later use as well.

PACKAGE CONTAINS

- boAt Storm Infinity x1
- USB Magnetic Charging Cable x1
- 5 + 1 Stickers
- Manual x1
- Warranty QR Card x1

CHARGING THE WATCH

The smartwatch must be charged before initial use. It takes up to 2 hours to be fully charged. Connect and charge the watch with the image below as a reference, using a 5V/2A adapter.

Note: Once your watch is at 10% battery, it will automatically switch to power-saving mode which will disable all functions.

TURNING THE WATCH ON/OFF

To restart or turn the watch on/off, long-press the side button for 10 seconds. You can wake up the screen by lifting your wrist.

To turn off the smartwatch, go to Settings >> Device >> Power Off.

CONNECTING TO THE APP

1. Download the boAt Crest app on your phone. Available on both App Store (iOS 14.0 and above) and Google Play Store (Android 7.0 and above)

Scan [QR CODE] (Also available on the watch)

2. Connect the device with the boAt Crest app; ensure that the phone's Bluetooth, as well as the GPS functionalities, are turned on.
3. Select Storm Infinity on the app's home screen and click pair to connect.
4. Once connected, you will get an alert to connect with SINIFINITY_XXXX, click pair if you need to receive or make calls from the watch.
5. To use all your Storm Infinity features seamlessly, tap on 'yes' to the 'connection' and 'grant access' system prompts.
6. Disable battery optimization.

Note: To ensure connectivity throughout your journey, make sure the app is allowed to always run in the background of your phone.

SYNCING YOUR SMARTWATCH TO THE APP

Data Synchronization

- Open the app on your phone.
- Make sure your Storm Infinity is connected to the app.
- Synchronization will start automatically once you enter the app interface.

Note: Synchronize data at least once every day to avoid data loss in the watch.

NAVIGATING THROUGH THE FUNCTIONS

Short Press the Upper Side Button for the Main Menu

Phone

- Tap on the phone icon to view call records, quick dialing, and to make calls, etc.
- Contact Person: You can save up to 10 contacts on your smartwatch and dial their number right from your smartwatch.
 - Call Records: Using call records, you can view incoming, outgoing, and missed call records at a glance directly on the watch screen.
 - Call: To call, you can use the dialer to dial any number.

VOICE ASSISTANT

The Voice Assistant feature of Storm Infinity offers hands-free functionality by enabling you to interact with voice assistants. Tap on this to enable the voice assistant feature and give the command from the watch.

Note: Make sure the watch is connected to the Crest app.

ACTIVITY

Tap on this to view daily activity records such as Steps, Calories Burned, and Distance Covered. This keeps you informed about your daily movement, making sure you meet your fitness goals with ease.

Note: Sync your smartwatch to the app to get a detailed record of your activities.

WORKOUT

Choose from multiple workout records like Outdoor Walk, Outdoor Run, Mountaineering, Outdoor Cycle, Jump Rope, Basketball, Badminton, Football, Yoga, etc.

Tap on any workout mode to start the activity, and the watch will start recording the duration of the activity. Press the side button to pause or stop the activity. The activity will not be recorded if it is less than 3 minutes.

WORKOUT RECORDS

Tap on this screen to track and monitor your fitness progress. This feature allows you to view and analyse your physical activity data conveniently.

HEART RATE MONITORING

Tap on this icon to get real-time insights into your heart's activity. You can use this feature to monitor your current Beats Per Minute (BPM) and identify daily highs and lows. You can also check your average heart rate to know your fitness level.

Note: Sync your smartwatch with its Crest app on your smartphone for deeper insights, trends, and historical data.

Note: Measurements are for reference only and not for medical purposes.

Sleep Monitor

The Sleep Monitoring feature on your Storm Infinity helps you understand your sleep patterns by providing sleep data from the previous night. Once the asleep criteria are met, your smartwatch will start recording from 8:00 p.m. to 10:00 a.m. the following day. Once you lie down and the watch detects no movement for 30 minutes, it will start recording. It will stop recording if it detects excessive movement. You can check the data on the app only after the 'awake' criteria are met. Additionally, you can track sleep scores on the boAt Crest app.

You can also track weekly sleep trends: Swipe up to review your sleep data from the past seven days. Here, you can view detailed insights into your overall sleep quality and consistency.

Note:

"For accurate sleep data recording, the asleep criteria have to be met, which include limited movement, wrist positions and angles, and more.

"The awake criteria will be met only after it records some noticeable movement.

SpO2 monitoring

Wear the watch on your wrist, then click on the icon to start measurements. You can also view the data on the app.

Note: Measurements are for reference only and not for medical purposes.

STRESS

Tap on the Stress icon to start monitoring your stress levels. Ensure the smartwatch is properly worn on your wrist for accurate results.

Note: Measurements are for reference only and not for medical purposes.

NOTIFICATIONS

You can check all the notifications from here.

WEATHER

Stay prepared for the day with weather updates on your Storm Infinity. By connecting to the boAt Crest app, you can receive real-time updates on the following parameters:

- Humidity Levels
- Wind Speed
- Pressure Readings

Note, your smartwatch will refresh the weather information periodically, keeping you informed throughout the day.

MUSIC

Enjoy your favourite tunes on the go with the Music Control feature of your Storm Infinity. Play, pause, skip tracks, and more—all without needing to pick up your phone.

Note: Some apps with different protocols might not work.

BREATH EXERCISE

Click on the breath exercises icon to regulate your breathing by doing breathing exercises. You can set the time and intensity level of the exercise.

STOPWATCH

Click on this to start the stopwatch on your watch.

TIMER

Tap on this to turn on the timer.

ALARM

Tap on this to set an alarm on your watch.

CALENDAR

Click on the calendar to check the date, day, and month.

CALCULATOR

Use the calculator for mathematical calculations.

FIND PHONE

Tap on this icon to find your phone. Once enabled, your phone will start ringing and vibrating. Tap again to stop it.

Note: Your smartwatch should be connected to your phone via Bluetooth and within its range for this feature to work.

CAMERA CONTROL

Tap on the remote camera icon on your smartwatch to click a photo from your phone.

Note: Turn the camera on from your phone to use this feature.

SOS

Tap on the SOS icon to activate a siren and to enable a quick call to your assigned emergency contacts directly from the smartwatch.

GAME

Tap on this icon to access and play the built-in game.

FLASHLIGHT

Tap on this to turn your dial into a flashlight.

SETTINGS

Display

Display-related settings include:

- Watch Face Switch: Tap on this icon to change your watch face. You can choose from 6 default watch faces.

• Brightness: You can adjust the brightness of the watch by clicking on this icon. Note, the higher the brightness, the lower the battery life.

• Screen Time: Tap on this icon to set the screen time-out duration on your smartwatch, ranging from 5 seconds to up to 30 seconds.

• Raise to wake: Tap on this icon allows you to automatically turn on when you lift your wrist.

Battery

Tap on this icon to check the battery percentage and to enable power-saving mode.

Ringtone & Vibration

Tap on this icon to choose the ringtone or vibration option to adjust the volume and put the watch in vibration mode.

QR Code

Tap on this to access the QRs of the Crest App.

Password

Tap on this icon to set a secure lock on your smartwatch for an extra layer of privacy and security.

Device

- Device Info: Shows the device details.
- Power Off: You can shut down your smartwatch from here.
- Restart: You can restart your smart watch by clicking on this icon.
- Reset: Resetting will clear all data on your smartwatch.

SWIPE DOWN FOR THE SHORTCUT MENU

You can access Brightness, Music Control, DND, Flashlight, Setting, Device Info, and Find My Phone by swiping down on the home screen. Swipe down menu also has icons to show the Battery level, Connectivity, Time, and Date.

SWIPE UP TO ACCESS MESSAGES

You can access recent messages instantly by swiping up on your home screen.

SWIPE LEFT TO ACCESS RECENT APPS

You can access recent applications, including Activity, Heart Rate, SpO2, Sleep, Weather, Music, and Workout Mode, by swiping left on the home screen.

SWIPE RIGHT TO ACCESS MOST USED APPS

You can access weather, music, and recently used functions from here.

SIDE BUTTON FUNCTIONALITY

Rotate the side button to change the watch face. Furthermore, by long-pressing the side button, you can make an SOS call.

Note: The net weight will differ according to different straps.

MAINTENANCE

Regularly clean your wrist and the strap of the smartwatch, especially after sweating during exercise or been exposed to substances such as soap or detergent, which may get stuck on the other end of the product.

Do not wash the strap with a household cleanser. Please use soapless detergent, rinse thoroughly, and wipe with a soft towel or napkin.

For spots or stains that are not easy to remove, scrub the area with rubbing alcohol and then follow the above procedure.

FAQ

Search for the app to connect keeps failing.

1. Keep the boAt Crest app updated to the latest version.
2. Close all the programs on the watch → Stop and restart Bluetooth and GPS → Connect again
3. Check and enable the notification functions of your phone and keep the phone and watch in close contact.

Note: Make sure your phone system meets Android 7.0 and above and iOS 14.0 and above.

My Watch Storm Infinity is receiving no alerts, texts, or phone calls.

Make sure smart reminders on the app are on and synced to Storm Infinity. Also, make sure the notification centre of the phone is displaying messages. Only then will your smartwatch also display those notifications.

Make sure the app is running in the background and the battery optimization feature on the phone is disabled.

My Bluetooth keeps getting disconnected.

1. Make sure there is not more than 7m distance between Bluetooth on the phone and the watch.
2. There is no obstacle between the watch and the phone.
3. Make sure the app is running in the background.

Which functions of Storm Infinity need Bluetooth to work?

Call & Text Notifications, Find My Phone, music control, camera control, weather forecast, and Bluetooth calling need Bluetooth connectivity to work.

Will it be okay to take a bath wearing Storm Infinity?

The IP68 water resistance will only work under the following conditions:
(1) Maximum depth of water: 1.5m (2) Maximum time for exposure to water: 10 minutes

The watch isn't suitable for hot baths, hot springs, saunas, snorkelling, diving, water skiing and other wading or deep-water activities with high-speed water flow.

SAFETY & PRODUCT INFORMATION

Battery

- Do not disassemble, bore or damage the battery.
- Do not disassemble the built-in batteries of non-replaceable battery devices.
- Do not use sharp objects to remove the battery.

Health Warning

- If you are wearing a pacemaker or other implanted electronic devices, please consult your doctor before using the heart rate monitor of the watch.
- The optical heart rate sensor will glow green. If you suffer from epilepsy or are sensitive to blinking light sources, please consult your physician before wearing this device.
- The device tracks your daily activities through sensors. This data is intended to tell you about your daily activities such as steps, sleep, distance, heart rate and calories, but may not be completely accurate.
- The device accessories, heart rate sensor, oxygen level monitor, and other relevant data is designed for fitness and not for medical purposes. They are not applicable to the diagnosis, monitoring, treatment or prevention of any diseases or symptoms. The heart rate, and blood oxygen are for reference only. We're not responsible for any deviation in data.
- Avoid wearing the watch too tightly. Make sure you keep your skin dry - the area that comes in contact with the watch. If symptoms such as redness or swelling appear on your skin, immediately stop using the watch and consult the doctor.

Things to Keep in Mind

- Sync data everyday days to avoid data loss.
- Water Resistance will not work for seawater, acidic and alkaline solutions, chemical reagents and other corrosive liquid. The damage or defects caused by misuse or improper use are not covered by the warranty.
- Sports modes support up to 6 hours of exercise at a time.
- Avoid wearing the watch too tight in daily use. Keep the parts of skin touching the watch dry.
- Keep your arm still while measuring data for accurate measurement.

Disclaimer: This product is an electronic monitoring product and is not intended as a medical reference. We reserve the right to modify or improve any of the functions described in this manual without any prior notice. At the same time, we hold the right to continuously update the product content.

CAUTION

RIISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT SUBSTITUTE.

DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort, you contribute to recycle valuable raw materials and treatment of toxic substances.
