

Fujitsu 4ZR1L73352

Fujitsu UH-X 4ZR1L73352 2-in-1 Convertible Laptop User Manual

Model: 4ZR1L73352

1. INTRODUCTION

This manual provides essential information for the safe and efficient use of your Fujitsu UH-X 4ZR1L73352 2-in-1 Convertible Laptop. Please read this manual thoroughly before operating the device and retain it for future reference.

2. SETUP

2.1 Unboxing and Initial Inspection

Carefully remove all components from the packaging. Ensure the following items are present:

- Fujitsu UH-X Laptop
- AC Adaptor and AC-cable
- Stylus Pen
- Protective Sleeve
- Quick Start Guide

Inspect the laptop and accessories for any signs of damage. If any item is missing or damaged, contact your retailer or Fujitsu support immediately.

2.2 Connecting Power

Connect the AC adaptor to the laptop's USB Type-C port and then plug the AC-cable into a power outlet. The laptop is designed to charge via USB Type-C.

2.3 Initial Power On and Operating System Setup

Press the power button to turn on the laptop. Follow the on-screen instructions to complete the initial setup of Windows 11 Home. This process includes setting up your user account, network connection, and other preferences.

2.4 Software Activation

Your laptop comes pre-loaded with Microsoft Office Home and Student 2021. Follow the prompts to activate your software license after completing the Windows setup.

3. OPERATING YOUR LAPTOP

3.1 Convertible Modes

The Fujitsu UH-X is a 2-in-1 convertible laptop, allowing it to be used in various modes:

- **Laptop Mode:** Traditional laptop configuration for typing and productivity.
- **Tent Mode:** Ideal for presentations or media consumption in confined spaces.
- **Stand Mode:** Positions the screen for viewing without the keyboard.
- **Tablet Mode:** Fold the keyboard back completely for a tablet experience, utilizing the touchscreen and stylus.

Image: The Fujitsu UH-X laptop shown in a convertible mode, emphasizing its 13.3-inch FHD anti-glare touch display with 400 nits brightness and 100% sRGB color accuracy.

3.2 Display and Input

- **Touchscreen:** The 13.3-inch FHD (1920x1080) display supports multi-touch input.
- **Stylus Support:** Use the included stylus for precise input, drawing, and note-taking. The stylus attaches magnetically to the laptop for storage and charging.
- **Keyboard:** The QWERTY keyboard features backlighting for use in low-light conditions.
- **Touchpad:** The integrated touchpad provides precise cursor control.

3.3 Security Features

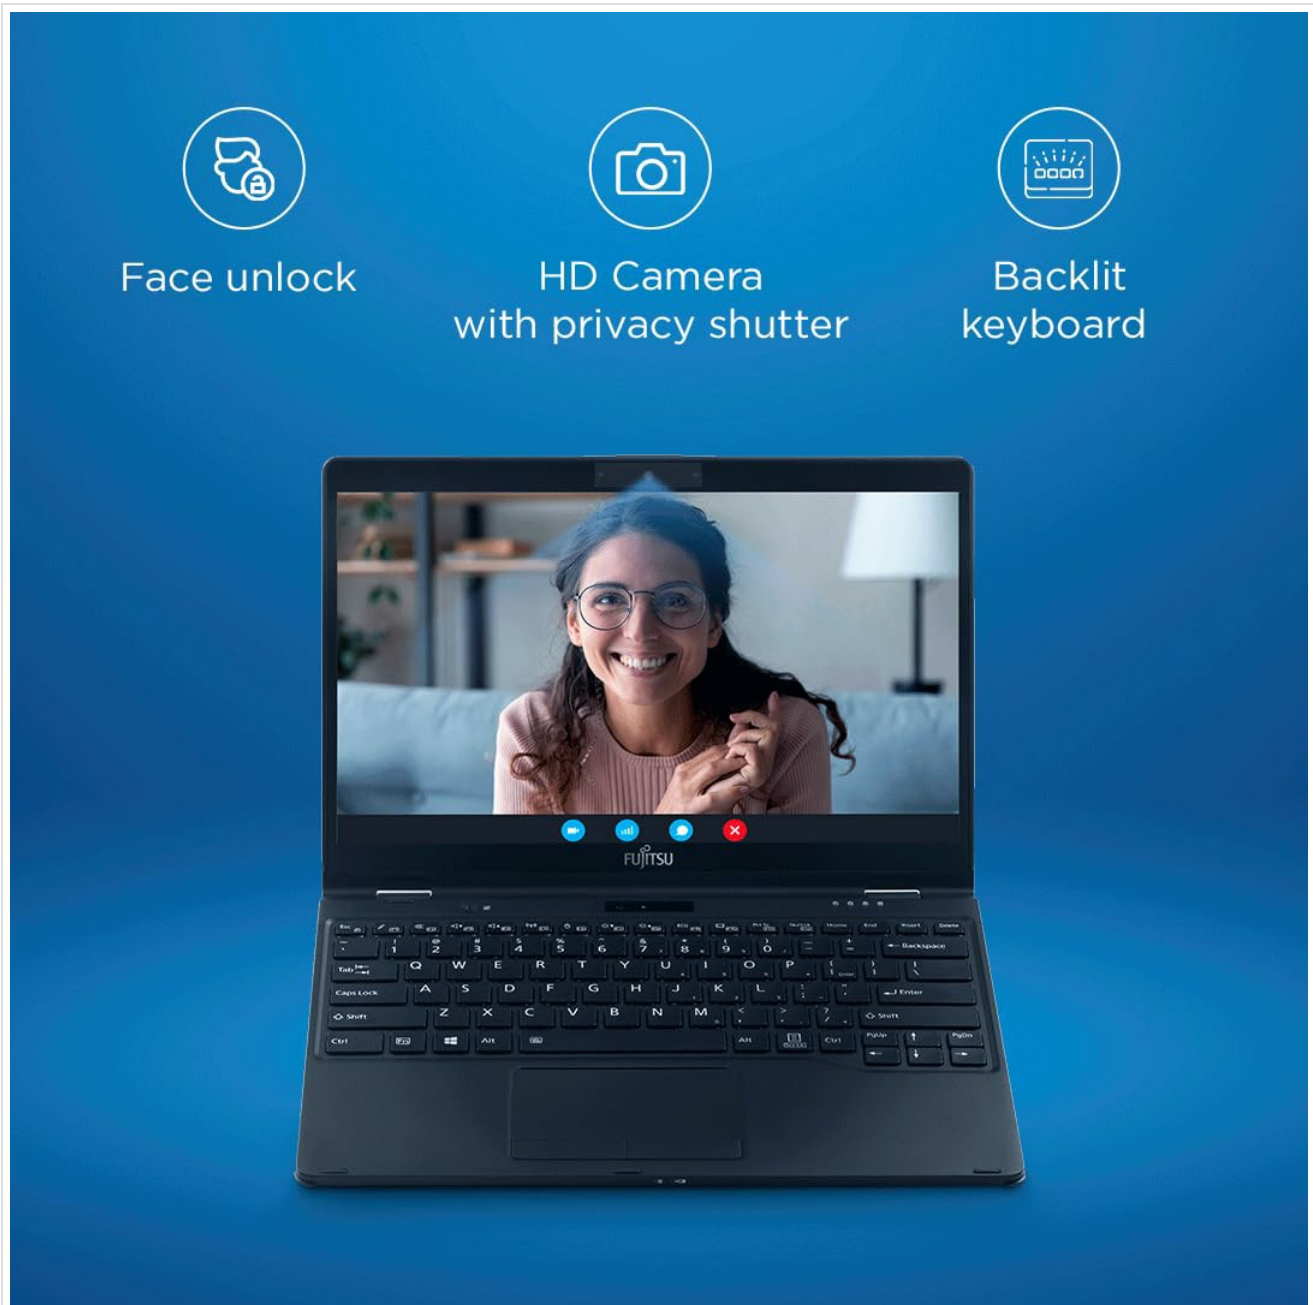

Image: The Fujitsu UH-X laptop displaying its security and input features, including face unlock, an HD camera with a physical privacy shutter, and a backlit keyboard.

- **Fingerprint Reader:** Located on the side, the fingerprint sensor allows for quick and secure login via Windows Hello.
- **Face Unlock:** Utilize the integrated HD camera for convenient facial recognition login.
- **Privacy Shutter:** The HD camera includes a physical shutter to ensure privacy when the camera is not in use.

3.4 Connectivity

Your laptop offers a range of connectivity options:

- **Wi-Fi 6:** For high-speed wireless internet access.
- **Bluetooth:** Connect wireless peripherals such as headphones, mice, and keyboards.
- **USB Ports:** Multiple USB 3.0 ports for connecting external devices.
- **HDMI:** Connect to external displays or projectors.
- **Ethernet:** For wired network connections.
- **Audio Jack:** For headphones or external speakers.

4. MAINTENANCE

4.1 General Care

To ensure the longevity of your laptop:

- Avoid exposing the laptop to extreme temperatures, direct sunlight, or high humidity.
- Do not place heavy objects on the laptop.
- Transport the laptop in its protective sleeve to prevent scratches and minor impacts.

4.2 Cleaning

Use a soft, lint-free cloth slightly dampened with water or a specialized screen cleaner to clean the display. For the keyboard and chassis, use a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.

4.3 Battery Management

Image: Two Fujitsu UH-X laptops facing each other, illustrating the 64 Wh quick charge battery with up to 14 hours of life and 1TB M.2 SSD storage.

The laptop is equipped with a 64 Watt-hour Lithium Ion battery, providing up to 10-14 hours of battery life depending on usage. To optimize battery lifespan:

- Avoid fully discharging the battery frequently.
- Store the laptop with a partial charge (around 50%) if not used for extended periods.
- Use the provided AC adaptor for charging.

5. TROUBLESHOOTING

This section addresses common issues you might encounter. For more complex problems, refer to the Fujitsu support website or contact customer service.

5.1 Laptop Does Not Power On

- Ensure the AC adaptor is securely connected to both the laptop and a working power outlet.
- Verify the power outlet is functional by plugging in another device.

- If the battery is completely drained, allow it to charge for at least 30 minutes before attempting to power on.

5.2 Display Issues

- If the screen is blank, try pressing the function key to adjust brightness or toggle the display output (e.g., F7 or F8).
- Ensure no external display is connected and set as the primary output.
- Restart the laptop.

5.3 Connectivity Problems

- **Wi-Fi:** Check if Wi-Fi is enabled in Windows settings. Restart your router and modem.
- **Bluetooth:** Ensure Bluetooth is enabled and the device you are trying to connect is in pairing mode.
- **USB Devices:** Try connecting the device to a different USB port. Ensure necessary drivers are installed.

5.4 System Performance

Image: The Fujitsu UH-X laptop with a soccer player graphic, illustrating its performance features: Intel Iris Xe Graphics, Intel i7 13th Gen Processor, and 16 GB DDR4 RAM.

- If the laptop is running slowly, close unnecessary applications.

- Ensure Windows and drivers are up to date.
- Check for sufficient free space on the 1TB SSD.
