SETUP

1. Initial Power On

1. Press and hold the power button located on the side of the tablet until the OnePlus logo appears.
2. Follow the on-screen prompts to select your language, region, and agree to the terms and conditions.

Advertisements

2. Network Connection

To connect to the internet:

- **Wi-Fi:** Go to **Settings > Wi-Fi**, turn on Wi-Fi, select your desired network, and enter the password if required.
- **4G/LTE (for Wi-Fi + LTE models):** Insert a nano-SIM card into the SIM tray using the provided ejector tool. Ensure the tablet is powered off before inserting or removing the SIM card. Configure mobile data settings in **Settings > Mobile network**.

3. Account Setup

Sign in with your Google account to access the Play Store, Gmail, and other Google services. You can also set up a OnePlus account for additional features and cloud services.

Software Features (OxygenOS 15)

The tablet runs on OxygenOS 15, optimized for smooth performance.

- **Open Canvas:** Split and resize the screen to use two applications simultaneously. This feature enhances multitasking for learning, work, and entertainment.

Multitasking With Open Canvas

Split and resize the screen to open 2 apps simultaneously for faster learning, smoother working, and supersized ways to play.

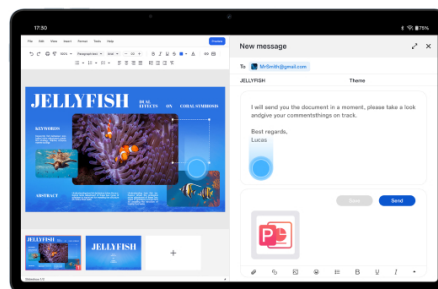

Image: The OnePlus Pad Lite demonstrating the 'Open Canvas' feature, allowing two applications to run side-by-side for enhanced multitasking.

- **Cross-Screen Transmission & Screen Mirroring:** Seamlessly drag and drop files, videos, and images between your OnePlus Pad Lite and a compatible OnePlus phone. This feature requires both devices to be signed into the same OnePlus account and have Auto Connect enabled.

MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid abrasive materials or harsh chemicals.
- **Software Updates:** Regularly check for and install system updates via **Settings > About device > Up to date** to ensure optimal performance and security.
- **Battery Care:** Avoid extreme temperatures. For long-term storage, charge the battery to around 50% and store in a cool, dry place.
- **Protection:** Consider using a protective case and screen protector to prevent physical damage.

TROUBLESHOOTING

- **Device not powering on:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Screen unresponsive:** Try restarting the device by holding the power button for approximately 10 seconds.

Advertisements

- **Wi-Fi connection issues:** Restart your Wi-Fi router and the tablet. Forget the network in tablet settings and reconnect.
- **Slow performance:** Close unused applications, clear cache, and ensure sufficient storage space. Consider a factory reset if issues persist (backup data first).
- **Charging slowly:** Ensure you are using the original charger and cable. Check for debris in the charging port.
