- A1 Speaker Listen to on-screen content on the go for next-level multitasking.
- Meet Gemini12 Your A1 assistant from Google

- It's Flow Time with 5G13

- Silky-Smooth Sharing with Quick Share14

- Screen Mirroring to power your productivity

- Seamlessly copy and paste text across devices with Content Sync

Notes and Disclaimers:

1. 900 nits brightness is the HBM brightness level obtained during testing in the OnePlus Test Laboratory.
2. The refresh rate is adaptive between either 30Hz or 60Hz or 90Hz or 120Hz for a more versatile and smoother scrolling experience.
3. The screen features a rounded corner design. When measured as a standard rectangle, the screen's diagonal length is 30.63cm (12.06-inch).

4. OnePlus Pad Go 2 supports 33W fast charging when used with a charging adapter that supports 33W or higher SUPERVOOC fast charging protocol. Charging adapter availability and specifications may vary by country or region.
5. OnePlus Pad Go 2's battery has an equivalent capacity of 10050mAh (Typical) / 9800mAh (Rated). Data is based on OnePlus Test Laboratory data. Actual experience may vary.
6. The OnePlus Pad Go 2 Stylo will be sold separately.
7. OnePlus Pad Go 2 Stylo standby time data come from tests conducted at the OnePlus Test Laboratory. Actual results may vary depending on the usage conditions.
8. Handwriting recognition supports system language and English.
9. Please refer to the official information for the calculation range supported by the handwriting calculator.
10. Handwriting enhancement feature support writing in English and simplified Chinese.
11. (a) AI feature availability and usage may vary by country/region/device, please refer to the latest information and actual implementation of the features. Visit the OnePlus Community for the latest information on AI feature launch dates, versions, models, and regional availability. (b) A OnePlus account login may be required to access certain AI features. AI features will vary due to regional laws and cloud-based capability of the user's location. An internet connection is required to use AI-related features. (c) AI features displayed on the product pages in this website (including but not limited to UI and background) are only to illustrate functionality. These functions are part of the various software versions and may vary according to the time and place (region) of launch of the different software version.
12. Google and Gemini are trademarks of Google LLC. Screen image simulated. Available on select devices, languages, and countries. Works with compatible accounts. Internet connection required. Check responses for accuracy. Feature availability varies based on language.
13. Available in Wi-Fi and Wi-Fi + 5G models; the 5G variant is offered only in a limited number of countries.
14. Connecting and syncing with an iPhone requires installation of the O+ Connect app on the iPhone. For Android phones, Quick Share support is required. For Mac or Windows PC, in order to use cross-device file transfer a PC device running macOS 10.14 or later, Windows 10 or later is required.
15. Music playtime, video playtime and standby time data come from tests conducted at the OnePlus Test Laboratory. Actual results may

vary depending on the usage conditions.
