5. MAINTENANCE

5.1 Cleaning the Device

Use a soft, lint-free cloth to clean the screen and body of the tablet. Avoid using abrasive cleaners, solvents, or aerosol sprays directly on the device. For stubborn smudges, slightly dampen the cloth with water or a screen-cleaning solution.

5.2 Battery Care

To prolong battery life, avoid exposing the tablet to extreme temperatures. Do not fully discharge the battery frequently. For long-term storage, charge the battery to about 50% and store in a cool, dry place.

5.3 Software Updates

Regularly check for and install software updates to ensure optimal performance and security. Updates can be found in the tablet's settings under "System" or "About tablet".

6. TROUBLESHOOTING

If you encounter issues with your OnePlus Pad Go 2, refer to the following common solutions:

- **Device not powering on:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again. If it still doesn't turn on, perform a forced restart by holding the power button for 10-15 seconds.
- **Screen unresponsive:** If the screen is frozen, try restarting the device. If the issue persists, ensure your hands are clean and dry, and there are no screen protectors interfering with touch sensitivity.
- **Wi-Fi connectivity issues:** Check if Wi-Fi is enabled in settings. Restart your Wi-Fi router and the tablet. Forget the network and reconnect.

- **Slow performance:** Close unused applications running in the background. Clear cache data for apps. Restart the tablet. Ensure sufficient storage space is available.
- **Battery draining quickly:** Reduce screen brightness. Disable unused features like GPS, Bluetooth, and Wi-Fi when not needed. Identify and close power-intensive applications.
- **Stylo not connecting:** Ensure the Stylo is charged. Check Bluetooth settings on the tablet to confirm it's enabled and the Stylo is paired. Try unpairing and re-pairing the Stylo.

For further assistance, refer to the official OnePlus support website or contact customer service.
