

# Trio Smart Tech

Speaker Adapter Powerbank

iGear  
innovation. delight

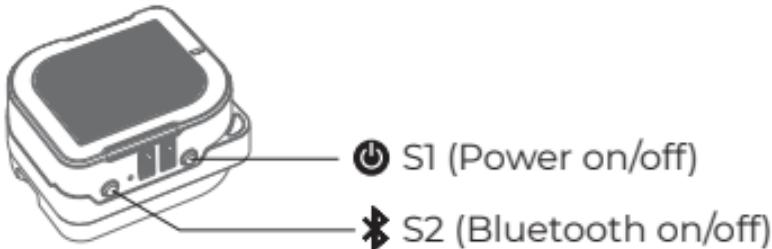

**Model No.: iG-K003**

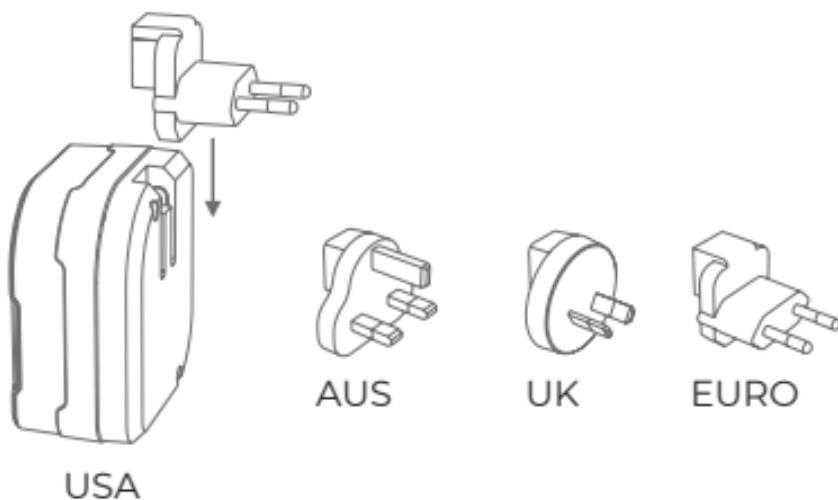

## Operating Instruction

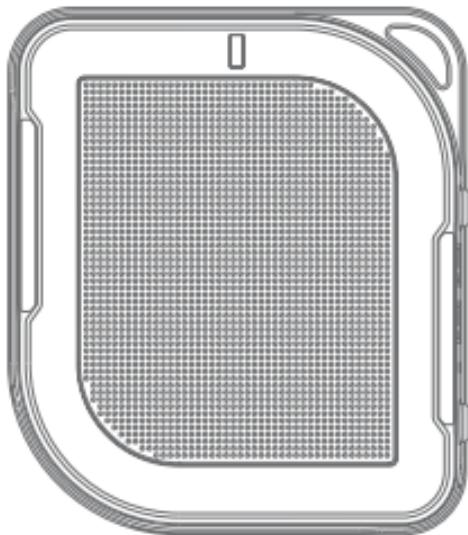

1. Press S2 for 3 seconds. This would turn on the function. Search for Bluetooth on the phone or other devices with the Bluetooth name, Trio smart tech. You can play music and receive calls with it. The volume adjustment will be the phone or other devices.
2. For music playback, tap S2; to pause, playback, start or continue playing, long press S2.
3. The process of voice call: use the S2 button function, same as above.
4. S1 is a trigger button. When the product is plugged in for USB charging and if it shows no response on the charging load indicator, remove the USB chord. Press S1, the charge indicator will be lit. You can plug back the USB chord again and start charging immediately.

## Charging Operation

1. Rotate out the original plug just behind the blue light speaker, in 90 degree. Insert into the electricity outlet for charging.
2. If using other plugs, please put away the original plug and use the corresponding one.
3. Smart USB: Insert the smart induction load data line that will automatically change the device, there is no need to switch operations. Support charge and release in the meanwhile.
