8. TROUBLESHOOTING

If you encounter issues with your television, refer to the following common solutions:

- **No Power:** Ensure the power cord is securely connected to both the TV and the power outlet. Check if the outlet is functioning.

- **No Picture/Sound:** Verify that the correct input source is selected. Check all cable connections (HDMI, AV).
- **Remote Control Not Working:** Replace the AAA batteries in the remote. Ensure there are no obstructions between the remote and the TV's IR sensor. For Bluetooth remote, ensure it is paired correctly.
- **Network Connection Issues:** Restart your router and modem. Reconnect the TV to the Wi-Fi network or check the Ethernet cable connection.
- **App Not Working:** Try restarting the app. If the issue persists, clear the app's cache and data in the TV settings, or uninstall and reinstall the app.
- **Voice Control Not Responding:** Ensure the remote's microphone is not obstructed and that Google Assistant is enabled and configured in the TV settings.
