IMPORTANT SAFETY INSTRUCTIONS

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this product near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings, install in accordance with the instructions.
- 8) Do not install near any heat sources such as radiations, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9) Do not defeat the safety purpose of the polarized plug. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protected the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 11) Only use attachments/accessories specified by the manufacturer.
- 12) Unplug this apparatus during lighting storms or when unused for long periods of time.
- 13) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- 14) Mains plug is used as the disconnect device, the disconnect device shall remain readily operable.
- 15) The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloth, curtains, etc.
- 16) No naked flame sources, such as lighted candles, should be placed on the apparatus.
- 17) Attention should be drawn to the environmental aspects of battery disposal.
- 18) The use of apparatus in moderate climate.
- 19) The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus.
- 20) Warning: To avoid any injury caused by lean of the product, please always ensure the whole product was placed within the table surface in horizontal.

This symbol indicates AC voltage.

This symbol indicates DC voltage.

The symbol indicates that dangerous voltages constituting a risk of electric shock are present within this unit.

The symbol indicates that there are important operating and maintenance instructions provided in the user manual given with this unit.

WARNING:

To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

WARNING:

The batteries shall not be exposed to excessive heat such as radiators, fire or the like.

This marking indicates that this product should not be disposed with other household wastes. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.

EU Battery Regulation

This symbol on the battery(ies) or on the packaging indicates that the battery(ies) provided with this product shall not be treated as household waste. Instead, please separate battery(ies) from other types of waste and recycle it(them) through your local recycling system to protect environment and health.

The chemical symbol for lead (Pb) is added under this symbol if the battery(ies) contains more than 0.004 % lead. For more detailed information about recycling of this battery(ies), please contact your local authority or the shop where you purchased the product or battery(ies).

IMPORTANT SAFETY INSTRUCTIONS

This symbol indicates that this product incorporates double insulation between hazardous mains voltage and user accessible parts. When servicing use only identical replacement parts.

Stability Hazard

A display may fall, causing serious personal injury or death. Many injuries, particularly to children, can be avoided by taking simple precautions such as:

- ALWAYS use cabinets or stands or mounting methods recommended by the manufacturer of the display.
- ALWAYS use furniture that can safely support the display.
- ALWAYS ensure the display is not overhanging the edge of the supporting furniture.
- ALWAYS educate children about the dangers of climbing on furniture to reach the display or its controls.
- ALWAYS route cords and cables connected to your display so they cannot be tripped over, pulled or grabbed.
- NEVER place the display set in an unstable location.
- NEVER place the display on tall furniture (for example, cupboards or bookcases) without anchoring both the furniture and the display to a suitable support.
- NEVER place the display on cloth or other materials that may be located between the display and supporting furniture.
- NEVER place items that might tempt children to climb, such as toys and remote controls, on the top of the display or furniture on which the display is placed.

CAUTION

Risk of explosion if battery is replaced by an incorrect type.

Warning for Apparatus containing COIN / BUTTON CELL BATTERIES (Below instruction only used for the apparatus containing a user-replaceable coin/button cell battery)

WARNING:

Do not ingest the battery, Chemical Burn Hazard (The remote control supplied with) this product contains a coin/button cell battery. If the coin/button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

Precautions For Using Battery

Improper using of the battery will cause leakage. So please do as the following methods and use carefully.

- Please note the batteries' polarity, to avoid short circuit.
- When the battery's voltage is insufficient which affect the use range, you should replace new battery.
- Remove the batteries from the remote control unit if you do not intend to use it for a longtime.
- Do not use different types of batteries (for example, Manganese and Alkaline batteries) together.
- Do not put the battery into fire, and charge or decompose the battery.
- Please dispose batteries abide by relevant environmental protection regulation.

Warning

Don't disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a Battery.

Don't leaving a battery in an extremely high temperature surrounding environment.

To avoid battery subjected to extremely low air pressure. The batteries (battery pack or batteries installed) shall not be exposed to excessive heat such as sunshine, fire or the like.

PRECAUTIONS AND REMINDERS

High voltages are used in the operation of this television receiver. Do not remove the cabinet back from your set. Refer servicing to qualified service personnel.

To prevent fire or electrical shock hazard, do not expose the television receiver to rain or moisture.

Do not drop or push objects into the television cabinet slots or openings. Never spill any kind of liquid on the television receiver.

Do not block the ventilation holes in the back cover. Adequate ventilation is essential to prevent failure of electrical components.

Do not trap the power supply cord under the television receiver.

If you are going to clean the product, Unplug the TV, use soft fabric, no water, never chemicals.

Never stand on, lean on, or suddenly push the television or its stand. You should pay special attention to children. Serious injury may result if it falls.

Do not place your television on an unstable cart, stand, shelf or table. Serious injury to an individual, and damage to the television, may result if it falls.

When the television receiver is not used for an extended period of time, it is advisable to disconnect the AC power cord from the AC outlet.

Avoid exposing the television receiver to direct sunlight and other sources of heat. Do not stand the television receiver directly on other products which give off heat, e.g. video cassette players and audio amplifiers. Do not place naked flame sources, such as lighted candles on the television.

If the television is to be built into a compartment or similar enclosure, the minimum distances must be maintained. Heat build-up can reduce the service life of your television, and can also be dangerous.

Note: Use the apparatus in moderate climates.

Note: This product uses a panel consisting of sub pixels which require sophisticated technology to produce. However, there may be a few bright or dark pixels on the screen. These pixels will have no impact on the performance of the product.

PRECAUTIONS AND REMINDERS

To avoid Dust, rain water and direct sunlight, do not install do not install the television in front of open window.

PREPARATION

TURNNING ON THE TV

1. Install the stand and place the TV on a solid surface.

NOTE

- Ensure that the TV is placed in a position to allow free flow of air. Do not cover the ventilation openings on the back cover.
 - To prevent any unsafe situations, no naked flame sources, such as lighted candles, should be placed on or in the vicinity.
 - Avoid heat, direct sunlight and exposure to rain or water. The equipment shall not be exposed to dripping or splashing.
2. Connect the antenna cable or cable TV cable to the **ANT IN** aerial socket on the back of the TV set.
 3. Power:
Plug the cord into a working power outlet.

4. Turn the TV on:
Press  on the remote control or **POWER** button on the bottom of the TV.

Special Explanation: The accessories such as remote control is not belongs to the guarantee.

This marking indicates that this product should not be disposed with other household wastes. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use return and collection system or contact retailer where the product was purchased. They can take this product for environmental safe recycling, as per e-waste Management and Handling Rules, 2011

Do's

1. Handover/Donate/Give the discarded electronic equipment only at the authorized collection centers.
2. Drop the discarded electronic equipment only in bins meant for electronic waste.
3. Ask the retailer about the take back schemes.
4. Consult the authorized service center whether the electronic equipment can be repaired or not, before discarding the same.
5. Tell your neighbors and other person about hazards of improper disposal or handling or improper recycling of electronic waste.
6. If the unwanted electronic equipment still works or can be repaired then consider donating them.
7. To minimize our impact on earth and to protect the environment for future generations return your discarded electronic equipments at authorized collections centers only.

Don'ts

1. The product should not be opened by the user himself/herself, but only by authorized service personnel.
2. The product is not meant for re-sale to any unauthorized agencies/scrap dealers.
3. The product is not meant for mixing into household waste stream.
4. Do not keep any replaced spare part(s) from the product in exposed area.
5. Any disposal through unauthorized agencies/person will attract action under Environment (Protection) Act 1986.

This product is complied with the requirement of Hazardous Substances as specified under Rule 13 (1) & (2) of the E-Waste (Management & Handling) Rules, 2011.

To locate a nearest collection centre, please contact Toll Free No. 1800-419-9999 / 1800-102-9999 for details. All collection centre are operated by third parties with Haier Appliances India Pvt. Ltd. Merely as a facilitator.

HAIER APPLIANCES (INDIA) PVT. LTD. (here –in-after referred to as “the company” hereby offers the following warranty to the domestic purchaser commencing from the date of purchase.

Warranty		
Product	Period	Parts Not Covered
LCD/LED TV	12 Months	Remote, Cabinet

TERMS AND CONDITIONS :

- 1) The company will free of charge repair or replace any defective part or parts which prove to be defective in workmanship and / or material not due to abnormal or improper usage, at its sole discretion.
- 2) This warranty will automatically terminate on the expiry of the applicable warranty period from the date of invoice.
- 3) While the company will make every efforts to carry out the repairs as soon as possible, however the company is not liable for any delay in servicing due to reasons beyond control of the company or any of its authorized service centers.
- 4) It is entirely left to Company's discretion to repair/replace parts at the site of installation or at the authorized service center of the Company.
- 5) The warranty shall be strictly limited to the repairs or replacement of the defective parts specified in the warranty.
- 6) The parts shall be replaced by functionally operating equivalent material only and not with brand new ones and are likely to be different from the one originally fitted. The parts thus removed shall be taken back to company.
- 7) This warranty shall continue to be in force for the term herein specified, irrespective of what replacements may be provided under it, and such replacement shall not attract any fresh warranty.
- 8) The company reserves the right to retain any part or component replaced at its sole discretion during the warranty period.
- 9) The warranty shall not in any case extend towards payment of any monetary consideration whatsoever or replacement or return of the product.
- 10) In no event the Company or its authorized service center be liable for any consequential damages or resulting liability, damage or loss arising directly or indirectly out of any defect in the appliance.
- 11) During the period of additional / non comprehensive warranty, visit charges as applicable will be payable in addition to and fro charges.
- 12) Any change of location or change in the ownership during the warranty period must be intimated in writing to the Company.
- 13) The Company's employees or its authorized representatives or dealer/service franchise have no authority to vary the terms of this warranty.
- 14) The Company is not liable to provide the service support beyond 5 years after the end of manufacturing of the particular model of the product except in cases where the product is covered under warranty.
- 15) This warranty is effected in New Delhi and claims, if any, shall be made only before the courts having jurisdiction in New Delhi and no claim shall be made against the Company outside New Delhi notwithstanding that appliance may have been sold or delivered elsewhere.
- 16) This warranty is not valid in case of following events :
 - a) If the product has been installed/serviced/repaired/opened or tampered by any unauthorized personnel
 - b) If original serial number is removed or obliterated from the product.
 - c) If defects arise/caused by improper electrical circuit, major fluctuations in voltage, alteration, misuse, neglect, substitution of original components with spurious/non-genuine components, attacked by household pest/rodents, fire, flood, earthquake, lightning and/or any other accident or act of God/natural calamities.
