Deus Ex: Mankind Divided Day One Edition

Official User Manual for PlayStation 4

INTRODUCTION TO DEUS EX: MANKIND DIVIDED

Deus Ex: Mankind Divided is an action role-playing game set in the year 2029, two years after the events of Deus Ex: Human Revolution. The world has entered a 'mechanical apartheid' era, where mechanically augmented citizens are segregated and persecuted following a global incident that caused augmented individuals to lose control, leading to widespread chaos and death. Players assume the role of Adam Jensen, an augmented covert agent working for Task Force 29, a unit dedicated to combating augmented terrorism. Jensen must navigate a world rife with conspiracy, distrust, and conflict, utilizing his unique augmentations and skills to uncover the truth. This Day One Edition includes additional in-game content to enhance your experience from the start.
