KEY FEATURES

- **Energy-Efficient BLDC Motor:** Consumes only 41W at top speed, offering significant energy savings. BEE 5-star rated.
- **Silent Operation:** Noise levels below 50 dB for a quiet environment.
- **High Air Delivery:** Provides 250 CMM (Cubic Meters Per Minute) for optimal airflow.
- **Smart Control Options:** Operable via universal Smart IR Remote, Atomberg Home mobile app, Google Home, and Alexa voice commands.
- **Moonbeam LED Light:** Integrated LED light with two intensity levels, functioning as a night light and speed indicator.
- **Durable Design:** Features aerodynamic ABS blades that are easy to clean and corrosion-resistant.
- **Consistent Performance:** Maintains speed during voltage fluctuations (165V-285V) and offers extended inverter battery operation.

PACKAGE CONTENTS

Verify that all components are present in the package:

- Blade set (1 Unit)
- Remote (1 Unit)
- Motor box (1 Unit)
- Canopy set (1 Unit)
- Downrod (1 Unit)
- Shackle kit (1 Unit)
- Manual & Warranty card (1 Unit)

INSTALLATION

Installation can be performed by a qualified professional or as a DIY project. Atomberg offers installation services across India. Contact customer support for assistance.

Ceiling Compatibility

The fan is designed for various ceiling types, including false ceilings and standard height ceilings.

- For low height or false ceilings, use the provided ceiling plate with the bottom canopy.
- For standard ceiling heights, use both the top and bottom canopies.

Image: Illustration detailing how the fan adapts to different ceiling types, showing configurations for low height/false ceilings and standard ceilings.

For detailed installation steps, refer to the separate installation guide included in your package.

OPERATING INSTRUCTIONS

Your Aris Contour Smart fan offers multiple control methods for convenience.

Remote Control

The universal Smart IR Remote allows you to:

- Adjust fan speed (6 levels).
- Activate Boost Mode for maximum airflow.
- Set a Timer for automatic shut-off.
- Engage Sleep Mode for reduced speed and quiet operation.
- Control the Moonbeam LED light intensity (2 levels).

Suits every ceiling

Smart App Control (Atomberg Home App)

Download the Atomberg Home mobile app to control your fan from your smartphone. The app provides additional features:

- Remote control functionality.
- Voice command integration.
- Tracking of usage, energy consumption, and savings.
- Control of Moonbeam LED light intensity.

A range that suits the aesthetic of every home

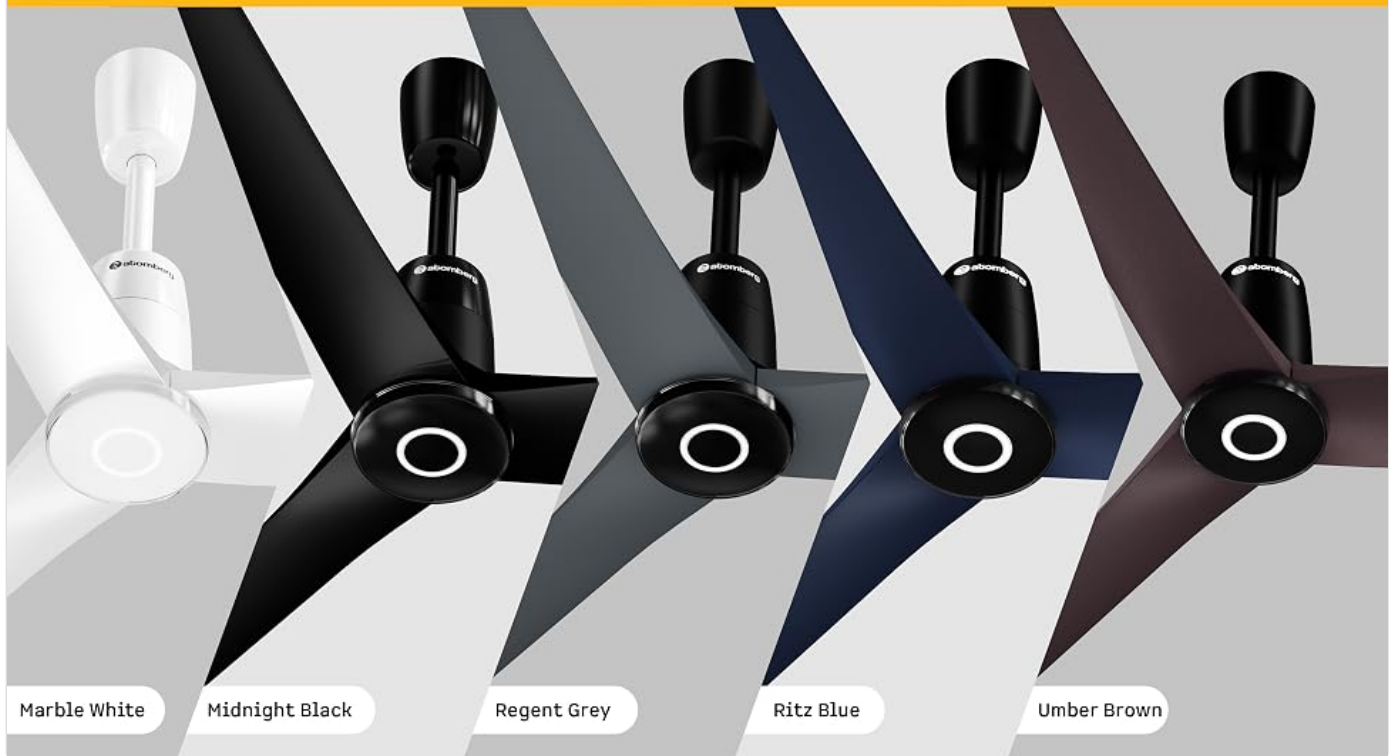

Image: Screenshots of the Atomberg Home App, demonstrating the home screen, voice command interface, and remote control functions for the fan.

Voice Control

Integrate your fan with Google Home or Alexa for convenient voice-activated control. Follow the instructions in the Atomberg Home App to link your fan to these smart home platforms.

MAINTENANCE

To ensure optimal performance and longevity of your fan:

- **Cleaning:** The ABS blades are designed for easy cleaning. Use a dry microfiber cloth to wipe the blades and motor housing. Avoid using wet cloths or harsh chemicals, which may damage the finish or electrical components.
- **Regular Checks:** Periodically check that all mounting screws are secure.

TROUBLESHOOTING

If you encounter any issues with your fan, refer to the following common observations and solutions:

- **Fan Jerks/Noise at Start-up:** A slight jerk and minor noise when the fan starts from a complete stop is a normal characteristic of BLDC motors. This typically subsides once the fan reaches its set speed.
- **Fan Wobbles at Lowest Speed:** Minor wobbling at the lowest speed setting may occur. Ensure the fan is securely mounted and balanced. If wobbling is excessive or occurs at higher speeds, contact customer support.
- **Remote Not Responding:**
 - a. Check the remote control batteries and replace if necessary.
 - b. Ensure there are no obstructions between the remote and the fan's receiver.
- **No Power:**
 - a. Verify the main power supply to the fan.

- b. Check circuit breakers or fuses.

For issues not listed here or if problems persist, contact Atomberg customer support.

SPECIFICATIONS

Feature	Detail
Brand	atomberg
Model Name	Aris Contour Smart
Electric Fan Design	Ceiling Fan
Colour	Marble White
Size	1200mm
Power Source	Corded Electric
Wattage	41 Watts (at top speed)
Voltage	220 Volts
