

## T-SONIC PULSATION TECHNOLOGY

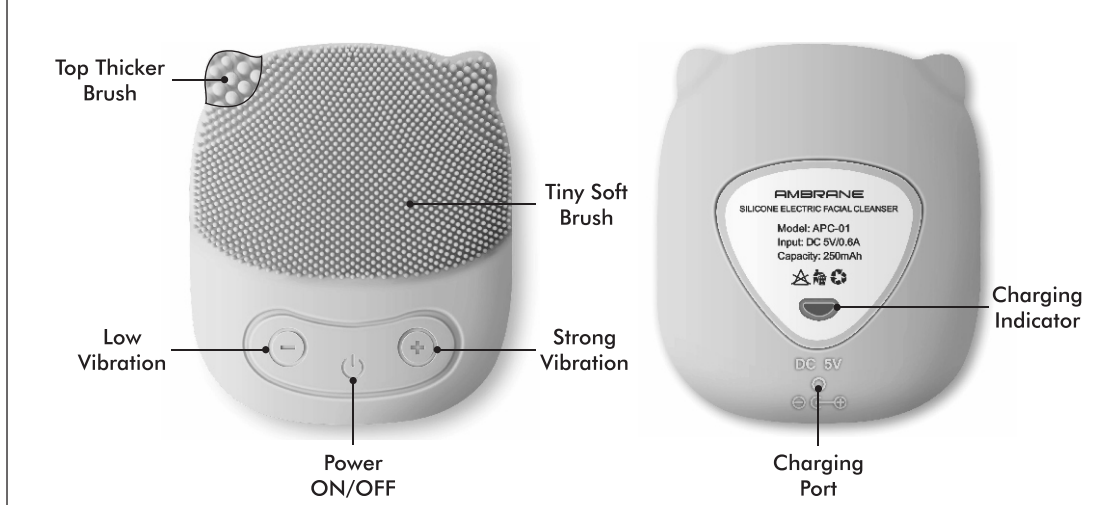

This technology refers to transdermal sonic pulsations that make cutee safe for use on the skin. Here, pulsations work on your skin problems like dead skin cells, removing impurities and even for improving blood circulation. They work through the soft-silicone touch points provided on the device.

## HOW TO OPERATE

# AMBRANE

## CUTEe SILICONE FACIAL CLEANSER

## USER MANUAL

Thankyou for choosing Ambrane Cutee Silicone Facial Cleanser. Before using the product, please read the manual carefully and follow the instructions to operate properly.

## HOW TO CHARGE

## DO'S AND DON'TS

- Insert the DC head into the silicone panel to open the charging port.
- Don't use exfoliators and grainy cleansers.
- Don't use high-frequency pulsation in first time use.
- When pulsations are very slow, please charge and then use.
- Don't use while charging.
- Always clean and dry the device after use.
- Do not use if you have any skin condition or medical concerns.
- Take extra care when using around the eye area; never place it directly over the eyelids.
- Don't keep CUTEe Silicone Facial Cleanser in the bathroom and wet places for a long time.
- Don't place the product in direct sunlight or extreme heat.
