BEARDO BDTO023

BEARDO I Blade Trimmer User Manual

Model: BDTO023

INTRODUCTION

Thank you for choosing the BEARDO I Blade Trimmer. This manual provides essential information for the safe and effective use, maintenance, and care of your new grooming device. Please read all instructions carefully before first use and retain this manual for future reference.

Important Safety Information

- Keep out of reach of children.
- Do not immerse the trimmer in water for extended periods, despite its water-resistant design.
- Ensure the charging port is dry before connecting the USB Type-C cable.
- Do not use if the blade or power cord is damaged.
- This appliance is intended for personal grooming only.

SETUP

Package Contents

Verify that all items are present in your package:

- BEARDO I Blade Trimmer
- 4 Precision Combs (2mm, 3mm, 5mm, 6mm)
- USB Type-C Charging Cable
- Cleaning Brush

DUAL SIDED BLADES

For Bi-Directional Trimming

Initial Charging

Before first use, fully charge the trimmer. The powerful Lithium-Ion battery provides up to 90 minutes of cordless operation on a full charge.

1. Connect the USB Type-C charging cable to the trimmer's charging port.
2. Plug the other end of the cable into a compatible USB power adapter (not included) or a USB port.
3. The charging indicator light will illuminate. Allow approximately 2 hours for a full charge.
4. Once fully charged, disconnect the trimmer from the power source.

BENEFITS

Attaching and Detaching Precision Combs

The trimmer comes with 4 precision combs for different hair lengths.

- To attach a comb: Align the comb with the trimmer blade and push it gently until it clicks into place.
- To detach a comb: Hold the trimmer firmly and gently pull the comb away from the blade.

MULTIPLE PRECISION COMBS FOR SEAMLESS STYLING

OPERATING INSTRUCTIONS

Powering On/Off

Press the power button located on the trimmer to turn it on or off.

Trimming Techniques

The BEARDO I Blade Trimmer is designed for grooming, shaving, and styling beards, body hair, and groin areas. Its dual-sided blades allow for bi-directional trimming.

- **For Beard Trimming:** Attach the desired precision comb (2mm, 3mm, 5mm, or 6mm). Move the trimmer against the direction of hair growth for an even trim.
- **For Styling and Edging:** Remove the comb attachment. Use the blade directly on the skin for precise lines and edges. The skin-safe blade guards help prevent nicks and cuts.
- **For Body Grooming:** For sensitive areas, consider using a comb attachment for added protection. Move the trimmer gently over the skin.

ALL IN **1** TRIM | SHAVE | STYLE
BLADE **EVERYWHERE!**

Wet or Dry Use

The trimmer features an IPX4 water-resistant design, allowing for both wet and dry use. You can use it in the shower or with shaving foam for a comfortable experience. Always ensure the charging port is sealed when using in wet conditions.

MAINTENANCE

Cleaning the Blade

Regular cleaning ensures optimal performance and hygiene.

1. Turn off the trimmer and remove any comb attachments.
2. Rinse the blade head under running water. The IPX4 rating allows for easy cleaning.
3. Use the included cleaning brush to remove any trapped hairs from the blade.
4. Allow the blade to air dry completely before reattaching combs or storing the trimmer.

Storage

Store the trimmer in a cool, dry place away from direct sunlight and moisture when not in use. Ensure it is fully charged before long-term storage to preserve battery life.

TROUBLESHOOTING

If you encounter issues with your BEARDO I Blade Trimmer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Trimmer does not turn on.	Battery is depleted.	Charge the trimmer fully using the provided USB Type-C cable.
Poor trimming performance or pulling hair.	Blade is clogged with hair or dull.	Clean the blade thoroughly. If the blade is dull after extended use, consider replacing it.

Problem	Possible Cause	Solution
Trimmer stops working during use.	Battery is low.	Recharge the trimmer.
Comb attachment falls off.	Comb not securely attached or worn.	Ensure the comb clicks firmly into place. If it continues to fall off, the comb may be worn and require replacement.
