

Dreame Hair Dryer

Dreame Gleam Hair Dryer Instruction Manual

Model: Hair Dryer

1. IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

- **DANGER:** Keep away from water. Do not use this appliance near bathtubs, showers, basins, or other vessels containing water.
- **WARNING:** To reduce the risk of burns, electrocution, fire, or injury to persons:
 - Unplug the appliance immediately after using it.
 - Do not use while bathing.
 - Do not place or store appliance where it can fall or be pulled into a tub or sink.
 - Do not place in or drop into water or other liquid.
 - If an appliance falls into water, unplug it immediately. Do not reach into the water.
 - This appliance is for household use only.
 - Do not operate any appliance with a damaged cord or plug, or if the appliance malfunctions or has been dropped or damaged in any manner.
 - Keep the cord away from heated surfaces. Do not wrap the cord around the appliance.
 - Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.
 - Never use while sleeping.
 - Never drop or insert any object into any opening.
 - Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
 - Do not use an extension cord with this appliance.
 - Do not direct hot air towards eyes or other heat-sensitive areas.

- Attachments may be hot during use. Allow them to cool before handling.
- Do not place appliance on any surface while it is operating.

2. PRODUCT OVERVIEW

The Dreame Gleam Hair Dryer is engineered for efficient and gentle hair drying. It features a high-speed motor, intelligent temperature control, and negative ion technology to protect hair and reduce frizz.

Key Features:

- **Fast Drying:** Equipped with a brushless high-speed motor operating at 110,000 RPM and 1600 W, delivering a powerful 65m/s airflow for quick drying.
- **Lightweight Design:** Weighing only 330g (0.73lb), it is designed for comfortable handling and portability.
- **Intelligent Temperature Control:** Maintains a safe 57°C constant temperature to prevent heat damage and promote hair shine.
- **Negative Ion Technology:** Releases 200 million negative ions to smooth hair and reduce static and frizz.
- **Quiet Operation:** Advanced air channel system reduces noise to 59 dB for a more pleasant drying experience.

Included Components:

- Dreame Gleam Hair Dryer
- Styling Nozzle
- Instruction Manual

3. SETUP

Unpacking:

1. Carefully remove all components from the packaging.
2. Check for any damage during transit. If any damage is found, do not use the appliance and contact customer support.
3. Ensure all included components are present.

Attaching the Styling Nozzle:

1. Align the styling nozzle with the magnetic attachment point on the front of the hair dryer.
2. The nozzle will securely snap into place due to the magnetic connection.
3. The nozzle can be rotated 360 degrees to direct airflow as needed.

Image: Illustration demonstrating the 360-degree magnetic attachment of the styling nozzle.

Power Connection:

1. Ensure your hands are dry before plugging in the appliance.
2. Plug the power cord into a suitable electrical outlet. The appliance is designed for 1600 Watts.
3. Note: This product may come with a 15 Amp plug. Ensure a compatible power outlet is available or use an appropriate, certified adapter if necessary.

4. OPERATING INSTRUCTIONS

Familiarize yourself with the controls before use.

Image: Detailed view of the control buttons for airflow speeds and temperature levels.

Power On/Off:

- To turn on the hair dryer, slide the power switch to the 'ON' position.
- To turn off the hair dryer, slide the power switch to the 'OFF' position.

Adjusting Airflow Speed:

- The hair dryer has 2 airflow speeds.
- Press the airflow speed button (usually indicated by fan icons) to cycle between High-Speed Airflow and Low-Speed Airflow.

Image: Visual representation of the powerful 65m/s airflow speed and 55m³/h air volume.

Selecting Temperature Level:

- The hair dryer offers 4 temperature levels.
- Press the temperature button (usually indicated by temperature icons) to cycle through:
 - Cool Air (25°C/77°F)
 - Warm Air (57°C/134.6°F)
 - Hot Air (85°C/185°F)
 - Natural & Hot Circulation (alternates between hot and cool air)
- The intelligent temperature control system maintains a constant 57°C in the Warm Air setting for optimal hair protection.

Image: Illustration of the hair dryer operating in the gentle 57°C constant temperature mode.

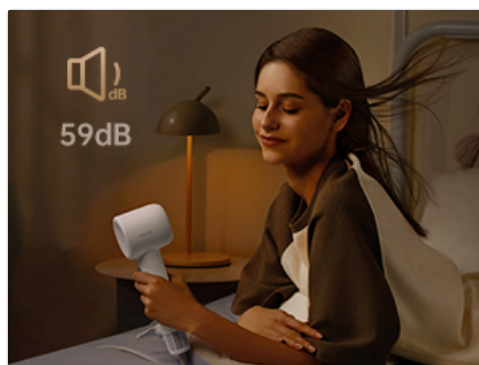

Image: A user enjoying the quiet operation of the hair dryer, rated at 59dB.

5. MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your hair dryer.

Cleaning the Air Inlet Filter:

1. Ensure the hair dryer is unplugged and completely cool before cleaning.
2. Gently twist or pull the air inlet filter cover located at the bottom of the handle to remove it.
3. Use a soft brush or cloth to remove any accumulated dust, lint, or hair from the filter mesh.
4. Rinse the filter cover under running water if necessary, ensuring it is completely dry before reattaching.
5. Align the filter cover and push or twist it back into place until it clicks securely.

Image: Steps for removing and cleaning the hair dryer's air inlet filter.

General Cleaning:

- Wipe the exterior of the hair dryer with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Ensure no water enters the internal components.

Storage:

- Store the hair dryer in a cool, dry place, away from direct sunlight and moisture.
- Do not wrap the power cord tightly around the appliance, as this can damage the cord.

6. TROUBLESHOOTING

If you encounter any issues with your Dreame Glead Hair Dryer, please refer to the following troubleshooting guide:

Problem	Possible Cause	Solution
Hair dryer does not turn on.	No power supply. Power cord damaged.	Check if the plug is securely inserted into a working outlet. Inspect the power cord for any visible damage. If damaged, do not use and contact support.
Weak or inconsistent airflow.	Air inlet filter is blocked. Motor issue.	Unplug the dryer and clean the air inlet filter as described in the Maintenance section. If the problem persists after cleaning, contact support.
Hair dryer overheats and shuts off.	Air inlet/outlet blocked. Prolonged use.	Unplug the dryer and allow it to cool down. Clean the air inlet filter. Ensure air outlets are not blocked. Avoid continuous use for extended periods.
Unusual noise or smell.	Internal malfunction.	Immediately unplug the hair dryer and discontinue use. Contact customer support for assistance.

If the problem persists after attempting these solutions, please contact Dreame customer support.

7. SPECIFICATIONS

Feature	Specification
Model Name	Hair Dryer
Brand	Dreame
Color	Gleam Grey
Material	Plastic
Wattage	1600 Watts
Motor Speed	110,000 RPM
Airflow Speed	65m/s
Negative Ions	200 Million
Constant Temperature	57°C
Noise Level	59 dB
Item Weight	330g (0.5 Kilograms)
Product Dimensions (LxWxH)	37 x 17 x 8 Centimeters
Number of Speeds	2
Number of Settings	2 (referring to speed settings, temperature has 4 levels)
Power Source	Corded Electric
Hair Type	Frizzy (optimized for)
Country of Origin	India
ASIN	B0DBLDW9TX
GTIN/UPC	850062802117

8. WARRANTY AND SUPPORT

Warranty Information:

The Dreame Gleam Hair Dryer comes with a **2-Year Warranty**. This warranty covers manufacturing defects and ensures that any issues encountered within the warranty period will be addressed promptly.

Please retain your proof of purchase for warranty claims.
