AGARO Rejoice Foot, Calf, and Leg Massager

MODEL: 33505 - INSTRUCTION MANUAL

Welcome

This manual provides essential information for the safe and effective use of your AGARO Rejoice Foot, Calf, and Leg Massager. Please read it thoroughly before operation and retain it for future reference.

Advertisements

Important Safety Information

- Stop immediately if you experience pain, excessive warmth, swelling, or skin irritation during use.
- The maximum heat temperature is approximately 40 degrees Celsius. If you require heating above 40 degrees Celsius, this product may not be suitable.
- Do not use if you have any medical conditions that contraindicate massage or heat therapy without consulting a physician.
- Keep the massager out of reach of children.
- Ensure the power cord is not damaged and is properly connected to a suitable electrical outlet.
- Do not immerse the unit in water or use it in wet environments.

Product Overview

The AGARO Rejoice Foot, Calf, and Leg Massager is designed to provide comprehensive massage therapy for your lower legs, promoting relaxation and improving circulation.

The AGARO Rejoice massager, shown in grey, features openings for feet and calves, designed for comprehensive lower leg massage.

Key Features:

- Designed to massage feet, ankles, and calves simultaneously.

- Features 4 kneading disks and rollers for effective massage.
- Offers 3 Automatic and 3 Manual modes of operation.
- Includes Lukewarm Heat function (up to 40°C).
- Vibration function for enhanced relaxation.
- Equipped with an 80 Watts Powerful Copper Motor for durability and energy efficiency.
- Removable and washable foot sleeves for hygiene.
- Reclinable up to 45 degrees for comfortable positioning.
- 15-minute auto-shutoff feature for safety and convenience.

Setup Instructions

1. Unpack the massager and ensure all components are present.
2. Place the massager on a flat, stable surface.
3. Connect the power cord to a suitable electrical outlet.
4. Adjust the recline angle of the massager up to 45 degrees for your preferred sitting posture.

Operating Your Massager

Control Panel Overview

Lukewarm Heating
for soothing
comfort

Important Note

Like most massagers with heating function, this product also has a maximum temperature of 40°C. The normal human body temperature is 37°C.

If you are looking for heating more than 40°C, then you should not consider this product.

A close-up of the massager's control panel, showing buttons for Power, Auto modes (P1/P2/P3), Manual modes (Foot/Calf/Foot & Calf), and Vibration & Lukewarm Heating. The digital display shows Time, Mode, Heat, Vibration, and Auto indicators.

Advertisements

Basic Operation

1. **Power On/Off:** Press the **Power Button** to turn the unit on or off.
2. **Select Mode:**
 - Press the **AUTO** button to cycle through 3 automatic massage modes (P1, P2, P3).

- Press the **MANUAL** button to select manual massage for Foot, Calf, or Foot & Calf.

Advertisements

3. **Activate Heat & Vibration:** Press the **VIBRATION HEAT** button to activate or deactivate the vibration and lukewarm heating functions.

4. **Session Duration:** The massager has a 15-minute auto-shutoff feature for safety.

Advertisements

Usage Guidelines

- Insert your feet and calves into the designated slots comfortably.
- Start with a lower intensity setting and gradually increase as desired.
- Do not exceed 15 minutes per session to prevent overuse.
- The lukewarm heat function provides gentle warmth up to approximately 40°C.

Care and Maintenance

- **Cleaning:** Ensure the massager is unplugged before cleaning. Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or harsh chemicals.
- **Foot Sleeves:** The foot sleeves are removable and washable for hygiene. Refer to the care label on the sleeves for specific washing instructions.
- **Storage:**

Advertisements

Store the massager in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

Troubleshooting

Problem	Possible Cause	Solution
Massager does not turn on	Not plugged in; Power switch off; Power outage	Check power connection; Ensure power switch is on; Check household power supply
No massage function	Mode not selected; Auto-shutoff activated	Select a massage mode (Auto or Manual); Restart the unit if auto-shutoff occurred
Heat function not working	Heat function not activated; Unit not warmed up	Press the VIBRATION HEAT button; Allow a few minutes for the heating elements to warm up
Experiencing discomfort	Intensity too high; Incorrect positioning	Reduce intensity; Adjust foot/calf position; Discontinue use if pain persists

If problems persist after attempting these solutions, please contact customer support for further assistance.
