Havells GHRACCCE0110

Havells 2-in-1 Convertible 110 L Desert Air Cooler Instruction Manual

Model: GHRACCCE0110

1. Introduction

This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your Havells 2-in-1 Convertible 110 L Desert Air Cooler. Please read these instructions carefully before using the appliance and retain them for future reference.
The Havells 2-in-1 Convertible Desert Air Cooler is designed for efficient cooling in both commercial and home environments. Its dual functionality allows it to serve as a powerful cooler and convert into a side table for space-saving convenience when not in use. Key features include a 5-leaf metal blade fan for powerful air delivery, Dual Flow Technology with Bacteria Shield Honeycomb Pads for healthier air, and inverter compatibility for uninterrupted operation.

2. Important Safety Instructions

To reduce the risk of fire, electric shock, or injury, always follow these basic safety precautions:

- Read all instructions before using the appliance.
- Ensure the power supply voltage matches the rating label on the cooler.
- Do not operate the cooler with a damaged cord or plug. If the cord is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified persons to avoid a hazard.

- Always unplug the cooler from the power outlet before filling or draining water, cleaning, or performing any maintenance.
- Do not immerse the cooler, cord, or plug in water or other liquids.
- Keep the cooler away from heat sources, direct sunlight, and flammable materials.
- Do not allow children to operate or play with the cooler.
- Place the cooler on a stable, level surface to prevent tipping.
- Ensure adequate ventilation around the cooler. Do not block air inlets or outlets.
- This appliance is equipped with **Thermal Overload Protection** to prevent damage to the pump and motor by automatically shutting down in case of short-circuit, overheating, or overload.

3. Unpacking and Setup

3.1 What's in the Box

- 1 N Desert Cooler
- 4 N Castor Wheels
- 4 N Locks
- 4 N Wheels Caps
- 16 N Screws

3.2 Assembly Instructions

1. Carefully remove all packaging materials and inspect the cooler for any damage.
2. Place the cooler upside down on a soft, stable surface to avoid scratching.
3. Attach the **4 N Castor Wheels** to the designated slots at the bottom of the cooler using the provided **16 N Screws**. Ensure the wheels with locks are placed at the front.
4. Secure the **4 N Wheels Caps** over the wheel attachments.
5. Carefully turn the cooler upright. Ensure all wheels are securely fastened and the cooler is stable.

4. Operating Instructions

4.1 Filling the Water Tank

- Ensure the cooler is unplugged from the power outlet.
- Locate the water inlet.
- Fill the water tank with clean water up to the maximum fill level indicator. Do not overfill. The cooler has a **110 L capacity**.
- For optimal cooling, you may add ice to the ice chamber if available.

4.2 Powering On and Adjusting Settings

1. Plug the power cord into a suitable electrical outlet. The cooler is **Inverter Compatible** for consistent cooling during power cuts.
2. Use the **Knob Controls** to:
    - Turn the cooler ON/OFF.
    - Adjust the fan speed (low, medium, high). The **5 Leaf Metal Blade Fan** ensures powerful air delivery.
    - Activate the pump for water circulation and cooling.
    - Control the swing function (if applicable).
3. Position the cooler to direct airflow as desired. The **Bed Height Fan Position** is designed to direct airflow at bed level.

Figure 2: Havells Desert Air Cooler in use, demonstrating its cooling function.

4.3 Dual Functionality (Side Table)

When the cooler is not in use, its design allows it to function as a side table, offering space-saving convenience. Ensure the cooler is unplugged and the water tank is empty before using it in this configuration.

Figure 3: The Havells air cooler converting into a functional side table.

5. Maintenance

Regular maintenance ensures optimal performance and extends the life of your air cooler. Always unplug the cooler before cleaning or performing any maintenance.

5.1 Cleaning the Water Tank

- Drain any remaining water from the tank.
- Wipe the inside of the tank with a soft cloth and mild detergent.
- Rinse thoroughly with clean water to remove any detergent residue.
- Allow the tank to air dry completely before refilling or storing.

5.2 Cleaning the Honeycomb Pads

The cooler features **Bacteria Shield Honeycomb Pads Technology** for healthier air. To maintain their effectiveness:

- Carefully remove the honeycomb pads from their compartments.
- Rinse the pads under running water to remove dust and mineral deposits. Do not use harsh brushes or chemicals.
- If heavily soiled, soak the pads in a solution of mild detergent and water for 15-20 minutes, then rinse thoroughly.
- Allow the pads to dry completely before reinserting them into the cooler.

5.3 Exterior Cleaning

- Wipe the exterior surfaces of the cooler with a soft, damp cloth.
- Do not use abrasive cleaners or solvents.

6. Troubleshooting

Before contacting customer service, please refer to the following troubleshooting guide:

Problem	Possible Cause	Solution
Cooler does not turn on.	No power supply. Power cord not properly plugged in. Thermal Overload Protection activated.	Check power outlet. Ensure plug is firmly inserted. Unplug, wait 10-15 minutes, then plug back in. If problem persists, contact service.
Low or no cooling effect.	Water tank empty. Honeycomb pads are dry or	Fill water tank. Clean or replace honeycomb pads. Ensure pump is running (check water flow).

Problem	Possible Cause	Solution
	clogged. Pump not working.	
Unpleasant odor.	Stagnant water in tank. Dirty honeycomb pads.	Drain and clean water tank thoroughly. Clean honeycomb pads.
Excessive noise.	Cooler not on a level surface. Obstruction in fan. Motor issue.	Place cooler on a flat, stable surface. Check for any foreign objects near the fan blades. If noise persists, contact service. The **Double Ball Bearing Motor** is designed for reduced noise.

7. Product Specifications

Feature	Detail
Brand	Havells
Model Number	GHRACCCE0110
Type	Desert Air Cooler, 2-in-1 Convertible
Capacity	110 Liters
Material	Acrylonitrile Butadiene Styrene (ABS), Polypropylene (PP)
Mounting Type	Floor Mount
Special Features	Adjustable Speed, Portable, Inverter Compatible, Bed Height Fan Position, Thermal Overload Protection, Bacteria Shield Honeycomb Pads, Dual Flow Technology, Multi-Directional Castor Wheels
Colour	White Grey
Controls Type	Knob
Item Weight	20000 Grams

Feature	Detail
Product Dimensions (D x W x H)	49.3D x 57.2W x 130.5H Centimeters
Manufacture Year	2025

8. Warranty and Customer Support

8.1 Warranty Information

Your Havells 2-in-1 Convertible 110 L Desert Air Cooler comes with a **1 Year Manufacturer Warranty** from the date of purchase. Please retain your purchase receipt for warranty claims. The warranty covers manufacturing defects under normal use conditions.

8.2 Customer Support

For any queries, assistance, or service requests, please contact Havells customer support:

- **Customer Care No.:** 08045 77 1313
- **E-mail:** customercare@havells.com
- **Manufacturer/Importer Address:** QRG Towers, 2D, Sector-126, Expressway, Noida - 201 304. U.P. (INDIA)

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
