Wonderchef Health-Gear Prato Anti-Viral UVC Oven 9 Litres

Instruction Manual

Overview Safety Components Setup Operation Maintenance Troubleshooting Specifications Warranty & Support

1. Product Overview

The Wonderchef Health-Gear Prato Anti-Viral UVC Oven is designed to disinfect various items using Ultra Violet C (UVC) light technology. This 9-litre capacity oven effectively kills 99.5% of germs on surfaces, providing a hygienic solution for everyday items.

It is suitable for sanitizing a wide range of products including fresh vegetables, fruits, food packets, smartphones, earphones, pens, wallets, clinical tools, and currency notes.

2. Important Safety Information

Please read all safety instructions carefully before using the appliance.

- **UVC Radiation Hazard:** Direct exposure to UVC light can be harmful to eyes and skin.**Never look directly at the UVC light source when the oven is operating.** Ensure the oven door is completely closed during operation.
- **Children and Pets:** Keep the appliance out of reach of children and pets. Do not allow them to operate or play with the oven.
- **Ventilation:** Ensure adequate ventilation around the oven. Do not block any ventilation openings.
- **Flammable Materials:** Do not place flammable materials inside or near the oven.
- **Liquid Contact:** Avoid contact with water or other liquids. Do not immerse the appliance in water.
- **Power Supply:** Connect the oven only to a grounded power outlet with the correct voltage as specified on the appliance label.
- **Damage:** Do not operate the oven if the power cord, plug, or appliance itself is damaged. Contact customer support for assistance.
- **Cleaning:** Always unplug the oven before cleaning.

3. Product Components

The Wonderchef Health-Gear Prato Anti-Viral UVC Oven package includes the following:

- 1 x Wonderchef Health-Gear Prato Anti-Viral UVC Oven (9 Litres)
- 1 x Disinfectant Oven Tray
- 1 x Grill Rack

Image 3.1: The Wonderchef UVC Oven with a pair of glasses and keys placed inside on the grill rack, demonstrating typical items for disinfection.

4. Setup Instructions

1. **Unpack:** Carefully remove the UVC oven and all its components from the packaging.
2. **Placement:** Place the oven on a stable, flat, heat-resistant surface, away from direct sunlight, heat sources, and water. Ensure there is sufficient space around the oven for ventilation.
3. **Insert Rack/Tray:** Insert the grill rack or disinfectant oven tray into the desired slot inside the oven. The tray is recommended for very small items.
4. **Power Connection:** Plug the power cord into a suitable grounded electrical outlet.

5. Operating Instructions

Follow these steps to effectively disinfect your items:

1. **Prepare Items:** Ensure items to be disinfected are clean and dry. Place them on the grill rack or in the disinfectant

tray inside the oven. Avoid overcrowding to allow UVC light to reach all surfaces.

2. **Close Door:** Firmly close the oven door. The UVC light will not activate if the door is not properly closed due to safety interlocks.
3. **Set Timer:** Turn the timer knob (typically located on the control panel) to the desired disinfection time. A 10 to 15-minute cycle is generally recommended for effective sterilization.
4. **Start Disinfection:** The UVC light will activate once the timer is set and the door is closed. The oven will operate for the set duration.
5. **Completion:** Once the timer bell rings, the disinfection cycle is complete. The UVC light will automatically turn off.
6. **Remove Items:** Open the oven door and carefully remove the disinfected items.

Image 5.1: A visual guide demonstrating the three main steps for using the UVC oven: placing items on the grill, closing the door and setting the timer, and removing items after the bell rings.

Image 5.2: A detailed view of the oven's control panel, showing the timer knob with settings from 0 to 60 minutes, and other operational indicators.

Image 5.3: The Wonderchef UVC Oven with its interior illuminated by blue UVC light, indicating active disinfection.

6. Care and Maintenance

Proper care and maintenance will ensure the longevity and effective operation of your UVC oven.

- **Cleaning:** Always unplug the oven from the power outlet before cleaning. Use a soft, damp cloth to wipe the exterior surfaces. Do not use abrasive cleaners or harsh chemicals.
- **Interior Cleaning:** For the interior, wipe with a damp cloth. Ensure no water enters the UVC lamp housing.
- **UVC Tubes:** The UVC tubes are designed for long-lasting effectiveness. Avoid touching the UVC tubes directly with bare hands as oils can reduce their efficiency. If cleaning is necessary, use a soft, dry cloth.
- **Storage:** When not in use for extended periods, store the oven in a cool, dry place, away from direct sunlight.

7. Troubleshooting

If you encounter issues with your Wonderchef UVC Oven, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Oven does not turn on	No power supply	Check if the power cord is securely plugged into a working outlet. Ensure the outlet has power.

Problem	Possible Cause	Solution
UVC light does not activate	Door not closed properly	Ensure the oven door is fully closed. The safety interlock prevents UVC activation if the door is ajar.
Timer not working	Timer knob not set	Rotate the timer knob to the desired disinfection duration.
Items not fully disinfected	Overcrowding or insufficient time	Ensure items are not overcrowded, allowing UVC light to reach all surfaces. Increase disinfection time if necessary (up to 15 minutes).
Unusual smell during operation	New product odor or dust	A slight odor is normal during initial uses. Ensure the oven is clean and free of dust. If the smell persists or is strong, discontinue use and contact support.

If the problem persists after attempting these solutions, please contact Wonderchef customer support.

8. Product Specifications

Feature	Detail
Brand	Wonderchef
Model Number	63153564
Generic Name	Anti-viral Oven
Capacity	9 Litres
Item Weight	2 kg 500 g
Item Dimensions (LxWxH)	35 x 26 x 22.2 Centimeters
