Havells Regio GHKBHARK000 4-Burner LPG Gas Stove User Manual

Comprehensive instructions for safe installation, operation, and maintenance.

1. Safety Information

Read all instructions carefully before using the appliance. Retain this manual for future reference.

- Ensure proper ventilation in the kitchen area during operation.
- Do not store flammable materials near the gas stove.
- Keep children and pets away from the appliance during use.
- Always use appropriate cookware for the burner size.
- Turn off the gas supply at the cylinder or main valve when the stove is not in use for extended periods.
- In case of a gas leak, immediately turn off the gas supply, open windows, and do not operate any electrical switches or appliances. Contact a qualified technician.
- Do not modify the appliance. All repairs and installations must be performed by authorized personnel.

2. Product Overview

The Havells Regio GHKBHARK000 is a 4-burner built-in LPG gas stove designed for efficient and convenient cooking. It features high-quality brass burners, a toughened glass top, and ergonomic control knobs.

2.1 Components

- Main Unit (Toughened Glass Top)
- 4 Brass Burners
- 2 Heavy & Joinless Pan Supports
- 4 Ergonomically Designed Control Knobs
- Removable Drip Tray

2.2 Key Features

- **High-Quality Brass Burners:** Ensures uniform heat distribution for faster and more efficient cooking. Durable and resistant to corrosion.
- **Removable Drip Tray:** Facilitates easy cleaning by collecting spills, maintaining hygiene.
- **Soft Touch, Ergonomically Designed Knobs:** Provides smooth operation and comfortable grip for precise flame control.
- **8mm Thick Toughened Glass:** Adds durability and aesthetic appeal, offering heat resistance and easy maintenance.
- **Heavy & Joinless Pan Supports:** Offers superior stability for cookware, preventing wobbling during cooking.

3. Setup and Installation

This appliance is designed for counter-top installation and operates on LPG (Liquefied Petroleum Gas).

3.1 Unpacking

- Carefully remove the gas stove from its packaging.
- Check for any damage during transit. If damaged, do not install and contact customer support.
- Ensure all included components are present: Main Unit, 4 Burners, 2 Pan Supports.

3.2 Placement

- Place the gas stove on a stable, flat, and heat-resistant counter-top surface.
- Ensure adequate clearance from walls and overhead cabinets as per local safety regulations.
- The dimensions of the unit are approximately 73.3 cm (Depth) x 61 cm (Width) x 18.2 cm (Height).

Advertisements

3.3 Gas Connection

- Connect the gas stove to an LPG cylinder using a certified gas hose and regulator.
- Ensure all connections are tight and leak-free. Use soapy water to check for leaks (bubbles indicate a leak).
- This connection should ideally be performed by a qualified technician.

4. Operating Instructions

4.1 Lighting a Burner

1. Ensure the gas supply to the stove is open.
2. Push and turn the desired control knob counter-clockwise to the "Ignite" position.
3. Hold the knob in this position for a few seconds to allow gas to flow and the igniter to spark.
4. Once the flame is lit, release the knob and adjust the flame intensity by rotating the knob between the "High" and "Low" settings.
5. If the burner does not light, turn the knob back to the "Off" position, wait a few seconds, and repeat the process.

Advertisements

4.2 Adjusting Flame

The control knobs allow for precise flame adjustment. Rotate the knob towards the "High" setting for a stronger flame and towards the "Low" setting for a gentler flame. Always ensure the flame is stable and blue.

4.3 Turning Off a Burner

To turn off a burner, rotate the corresponding control knob clockwise until it clicks into the "Off" position.

Figure 3: Detail of the ergonomically designed control knobs. This image shows the soft-touch finish and clear markings for ignition and flame intensity adjustment.

5. Maintenance and Cleaning

Regular cleaning and maintenance ensure the longevity and efficient operation of your gas stove.

5.1 Daily Cleaning

- Allow the stove to cool completely before cleaning.
- Wipe the toughened glass surface with a soft cloth and mild detergent. Avoid abrasive cleaners or scouring pads.
- Remove the removable drip tray and clean any spills or food particles.

5.2 Burner and Pan Support Cleaning

- Remove the brass burners and pan supports.
- Wash them with warm soapy water. For stubborn stains, use a non-abrasive scrub brush.
- Ensure burners are completely dry before placing them back on the stove to prevent ignition issues.
- Periodically check burner holes for blockages and clean with a thin wire if necessary.

6. Troubleshooting

Before contacting customer service, refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Burner does not light.	Gas supply off, clogged burner holes, igniter malfunction.	Check gas supply. Clean burner holes. Contact service if igniter fails.
Uneven flame.	Clogged burner holes, improper burner placement.	Clean burner holes. Ensure burner is seated correctly.
Gas smell.	Gas leak.	Immediately turn off gas supply, ventilate area, and contact a qualified technician. Do not operate electrical switches.
Knob is stiff.	Food debris or grease accumulation.	Clean around the knob base. Do not force the knob.
