3. Initial Charging

Before first use, fully charge your Gabit Smart Ring.

1. Place the Gabit Smart Ring into its charging case.
2. Connect the USB cable to the charging case and a power source (e.g., USB wall adapter, computer USB port).
3. The indicator light on the charging case will show charging status. A full charge typically takes about 30 minutes.

4. App Installation and Pairing

To utilize all features of your Gabit Smart Ring, download the Gabit app and pair your device.

1. Download the "Gabit" app from your device's app store (available for iOS and Android).
2. Open the Gabit app and follow the on-screen instructions to create an account or log in.
3. Ensure your Gabit Smart Ring is charged and near your smartphone.
4. In the app, select "Add New Device" or similar option to begin the pairing process via Bluetooth.
5. Confirm the pairing request on your smartphone.

OPERATING INSTRUCTIONS

Wearing the Smart Ring

Wear the Gabit Smart Ring on any finger for continuous tracking. For optimal accuracy, ensure the sensors on the inside of the ring are in contact with your skin. The ring is lightweight and designed for continuous wear.

Health Tracking Features

The Gabit Smart Ring tracks four core pillars of health: Sleep, Fitness, Nutrition, and Stress.

- **Sleep Tracking:** Monitors sleep stages, duration, and quality. Provides a daily recovery score.
- **Fitness Tracking:** Tracks daily activity, steps, pace, distance, and intensity. Supports over 30 workout modes and features automatic workout detection. Monitors heart rate zone and on-demand VO2 Max.
- **Nutrition Tracking:** Integrates with the app for calorie intake and expenditure tracking. Features voice-based food logging.
- **Stress Monitoring:** Tracks stress levels and Heart Rate Variability (HRV).

- **Vitals Monitoring:** Real-time tracking of Resting Heart Rate, Heart Rate Variability (HRV), Heart Rate, Skin temperature, and SpO2.
- **Women's Health:** Track menstrual cycles, symptoms, mood, ovulation, and pregnancy with predictive insights.

Using the Gabit App

The Gabit app is your central hub for all data and insights.

- **Dashboard:** View your daily summary of sleep, activity, and recovery.
- **PEP (AI Health Coach):** This AI-powered feature analyzes your metrics and provides personalized, actionable tips to improve your health.
- **Voice-based Food Logging:** Speak into your phone to log meals quickly and easily, contributing to your nutrition tracking.
- **Workout Modes:** Manually select from over 30 workout modes or rely on automatic workout detection.
- **Insights:** Access detailed reports and trends for all tracked metrics.

MAINTENANCE

Cleaning Your Ring

The Gabit Smart Ring is water-resistant up to 50 meters. To clean, gently wipe the ring with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the ring's finish and sensors. Ensure the sensors are clean for accurate readings.

Charging Your Ring

The ring has a battery life of 7+ days on a single charge.

- Place the ring in its charging case when the battery is low.
- Connect the charging case to a power source using the provided USB cable.
- A full charge takes approximately 30 minutes.

TROUBLESHOOTING

Common Issues and Solutions

- **Ring Not Pairing/Connecting to Bluetooth:**
 - Ensure the ring is fully charged.
 - Place the ring in its charging case and connect the case to power, then attempt pairing.
 - Restart your smartphone's Bluetooth.
 - Close and reopen the Gabit app.
 - Restart your smartphone.
 - If the issue persists, try resetting the ring (refer to the app's settings for a reset option or contact support).
- **Inaccurate Readings:**
 - Ensure the ring is worn correctly with sensors in full contact with your skin.
 - Clean the sensors on the inside of the ring.
 - Check for any app updates and ensure your app is the latest version.

- **Short Battery Life:**
 - Ensure the ring is fully charging each time.
 - Avoid extreme temperatures, which can affect battery performance.
 - If battery life significantly degrades, contact customer support.
- **App Not Updating Data:**
 - Ensure your phone has an active internet connection.
 - Check for Gabit app updates in your app store.
 - Close and reopen the Gabit app.
 - Ensure the ring is connected via Bluetooth to your phone.
