USER MANUAL

boAt

LUNAR ORBIT 2

Thank you for choosing the boAt Lunar Orbit 2 as your fitness transformation companion.

Allow this manual to guide you through the functioning of your smartwatch. Please read it thoroughly before using it for a smooth sail. You may refer to these instructions for later use as well.

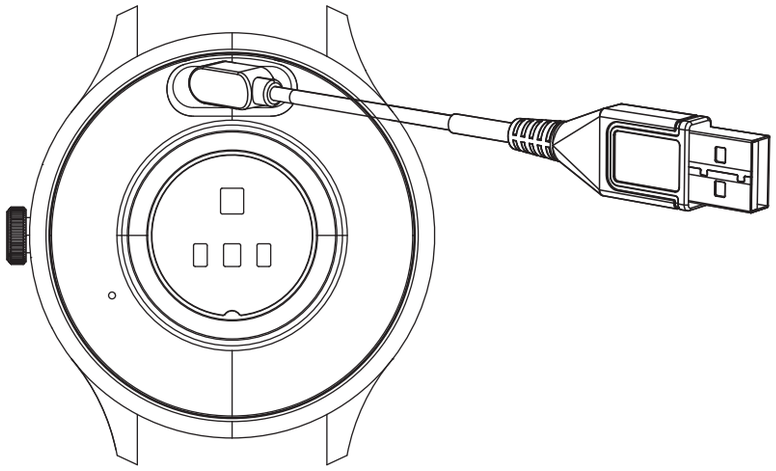

Package Contains:

- Lunar Orbit 2 x1
- USB Magnetic Charging Cable x1
- User Manual and Warranty QR Card x1
- Stickers x6

CHARGING THE WATCH

The smartwatch must be charged before initial use. It takes up to 1 hour 15 minutes to be fully charged. Connect and charge the watch with the image below as a reference.

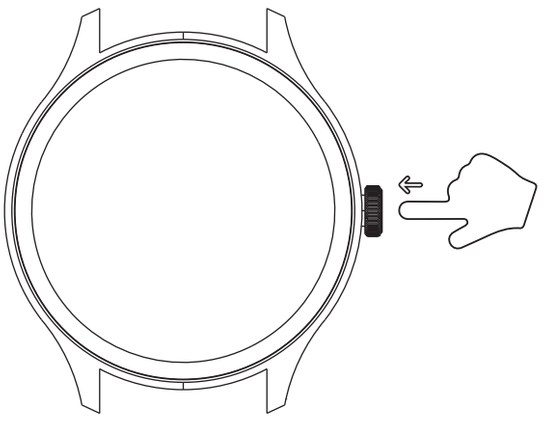

Note: Use a standard 5V/2A charger only.

TURNING THE WATCH ON/OFF AND RESTART

- **Power On/Off:** Long-press the side button for 3–5 seconds to turn the watch on or off.

- **Restart:** While the watch is on, long-press the side button to select the restart option. Tap on "Restart" to reboot the smartwatch.

CONNECTING TO THE APP

1. DOWNLOAD THE CREST APP ON YOUR DEVICE

Use the QR code included in the package to download the boAt Crest App on your device. The app is available on both::

- App Store (for iOS 14.0 and above)
- Google Play Store (for Android 7.0 and above)

OR

- Scan the QR code of the app provided here to download the app.

2. PAIR YOUR SMARTWATCH WITH YOUR DEVICE

1. Open the Crest app on your device.
2. Ensure the phone's Bluetooth, Notifications and Location functionalities are turned on for the best experience.
3. Search and select the 'Lunar Orbit 2' on the app's home screen. It will also be available under the Lunar series.
4. Scan the QR code displayed on the watch to pair it with the app. You can also find the QR code under 'System' or 'App QR'. Alternatively, select 'Pair with Bluetooth', search for available devices, and choose the smartwatch named LUNARORBIT2_XXXX.
5. As the binding process will begin, you will receive a prompt confirming "Pairing Successful". A pop-up may appear requesting access to your contacts and call logs. Tap "Authorise" for a seamless experience.

GET IT ON Google Play Download on the App Store

Note: To ensure connectivity throughout your journey, make sure the app is allowed to always run in the background of your phone..

SYNCING DATA OF THE SMARTWATCH WITH THE APP

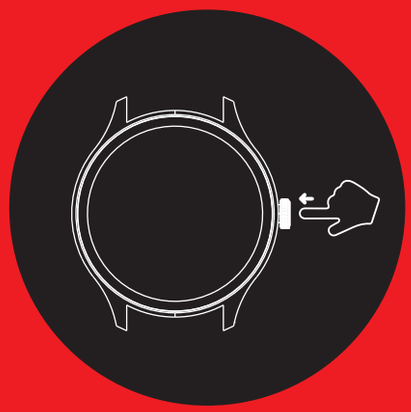

- Open the Crest app on your phone.
- Make sure your Lunar Orbit 2 is connected to the app.
- Synchronisation will start automatically once you enter the app interface.

Note: Synchronize data at least once every day to avoid data loss in the watch.

NAVIGATING THROUGH THE FUNCTIONS

CROWN FUNCTIONALITY (POWER BUTTON)

Gently rotate the functional crown to scroll through menus and navigate the watch interface with ease.

Short Press:

- **Silent Incoming Calls:** Short press the side button to silence the incoming calls.
- **Main Menu:** Open the main menu or navigate within apps and widgets.
- **Back Navigation:** Short press once to go back to the previous screen. Keep pressing to reach the home screen.

Long Press:

- **Power off or Restart:** Long press the side button to power off or restart the smartwatch.

Rotate:

- To scroll through the main menu first short press the side button then rotate the crown.
- Switch between the default watch faces from the home screen.

MAIN MENU

To open the main menu short press the side button. Use the functional crown to navigate through the main menu.

Activity

To open activity either swipe left from home screen or press the side button. Swipe down to scroll through the details.

- Steps: Total steps counted throughout the day.
- Calories (Cal): Estimated calories burned based on your movement.
- Minutes (Min): Total active minutes tracked.
- Times: Number of active sessions or activity periods.
- Distance: Total distance covered during the day.

To view detailed history, sync your watch with the boAt Crest app.

Dialpad

Tap on the Dialpad icon to use the on-screen number pad to enter the phone number. Tap the call icon to place the call.

Frequent Contacts

Select any contact to dial directly from the watch. Follow the steps mentioned below to add the contacts to your smartwatch:

- Open the boAt Crest app
- Go to Watch Settings > Watch Features
- Open ‘Bluetooth Calling’ settings
- Tap on ‘Your Syced Contacts’, then ‘Add Contacts’

Add up to 30 contacts from the boAt Crest app. However, ensure that your smartwatch is connected to your phone via Bluetooth calling for this feature to work

Call History

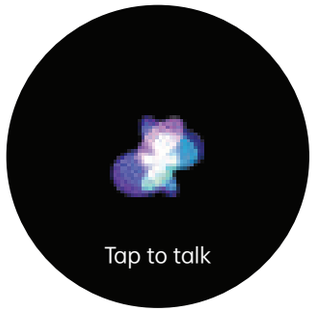

Find recently received, missed, and dialed call logs under Call History.

Voice Assistant

Tap the Voice Assistant icon to activate and give commands directly from the watch.

Note: Ensure the watch is connected to the boAt Crest App.

Game

Tap on the Game icon to access in-built games, Jigsaw puzzle, Color blindness, Tic Tac Toe.

Workout

Choose from various default workout modes here, including: Outdoor run, Outdoor Walk, Indoor Walk, Long Jump, Indoor Run, Strength Training, Football, Basketball, Table Tennis, Badminton, Indoor Cycle, Elliptical, Yoga, Cricket, Mountaineering, and Golf.

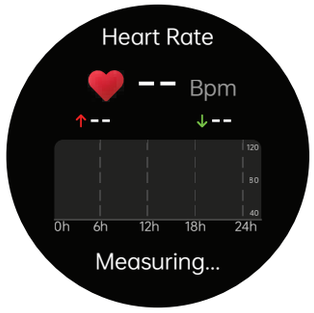

Heart Rate

For Heart Rate monitoring either continue swiping right from home screen or press the side button then tap on the heart rate icon.

- Wear the smartwatch on the wrist to start real-time heart rate measurements.
- Check out the Current Beats Per Minute (BPM), Max BPM, and Min BPM here.
- View the detailed data on the boAt Crest app.

Note: Measurements are for reference only and not for medical purposes.

SpO2

From the main menu, tap on the SpO2 icon to check the blood oxygen saturation in percentage.

- Wear the smartwatch securely on your wrist.
- The real-time blood oxygen level tracking will begin automatically.
- Stay still for the measurement to complete.
- View your SpO2 reading on the screen.
- You can also access detailed SpO2 data through the app.

Note: The measurement is for reference only and not intended for medical use.

Stress

From the main menu, tap on the Stress icon to check the stress level.

- Short press the side button to navigate to the Stress icon on the main menu.
- Sit still and ensure the watch is properly worn on your wrist.
- View your Stress result on the screen once the measurement is complete.

Note: The measurement is for reference only and not intended for medical use.

Sleep

Tap on the Sleep icon to view data from the previous night. Sleep tracking begins between 8 PM and 10 AM, once inactivity is detected. Recording starts after 30 minutes of no movement and stops if excessive movement is detected. Sleep data becomes available on the app after the awake criteria are met.

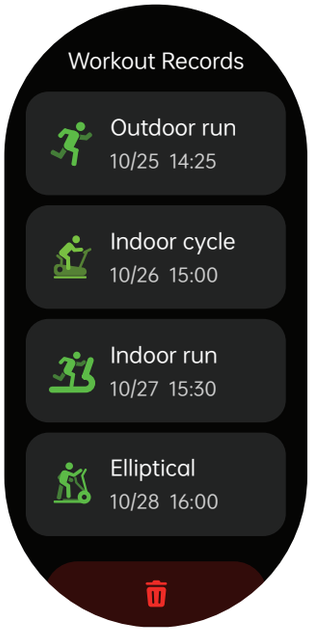

Note:

- For accurate sleep data recording, the asleep criteria have to be met, which include limited movement, wrist positions and angles, and more.
- The awake criteria will be met only after it records some noticeable movement.

Workout Records

Sync the smartwatch with the app to view detailed workout records.

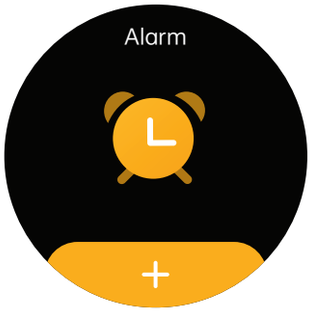

Breathe

Tap the Breathe icon to begin a calming session of guided breathing. Set the desired duration before starting.

Alarms

Tap the Alarm icon to set and manage alarms on the smartwatch.

Weather

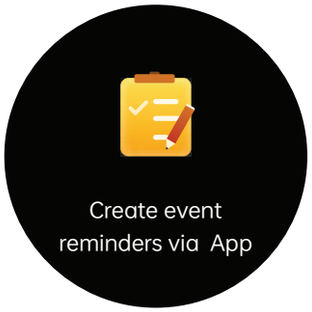

Receive real-time updates on weather conditions by connecting to the boAt Crest app.

Note: Your smartwatch will refresh the weather information periodically, keeping you informed throughout the day.

Event Reminder

Set event reminders in the Crest app and view upcoming alerts directly on the watch.

Women Health

Enable and set the details on the boAt Crest app and get alerts of your menstrual cycle on the watch.

TOOLS

Stopwatch

Tap to start the stopwatch.

Timer

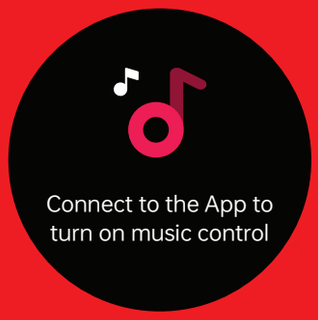

Tap on the Timer icon to set a countdown timer. Choose from the preset durations: 1 min, 3 min, 5 min, 10 min, 15 min, 30 min, 1 hour, 2 hours, or set a Custom timer.
Note: The timer will continue running in the background even if you switch screens.

Music Control

Tap the Music Control icon to manage playback on the paired device. Functions include Play/Pause, Next/Previous track, and Volume adjustment. For volume adjustment, tap on the plus (+) and minus (-) icon.

Note:
• Ensure your watch is connected to your phone via Bluetooth.
• Some music apps with different control protocols may not be supported.

Camera Control

Tap the Camera Control icon to remotely trigger the camera on the paired device.
• Open the Crest app
• Go to Settings > Watch Features
• Toggle on the 'Remote Camera Control'

Note: To use this feature, make sure the watch is connected to the boAt Crest App and your phone's camera is turned on. (Make sure volume buttons are selected as the shutter button in the camera settings.)

Find My Phone

Tap the Find My Phone icon to help locate your paired smartphone. It will ring to guide you, making it easier to find. Press the side button on the watch to stop the alert.

Note: The watch must be connected to the device via Bluetooth and within the connectivity range for this feature to work.

Flashlight

Tap the Flashlight icon to turn it on or off. Tap on the screen to brighten the screen. Tap again to increase the brightness level.

Calendar

Tap on the Calendar icon to view the current month, date, and day displayed on the screen.

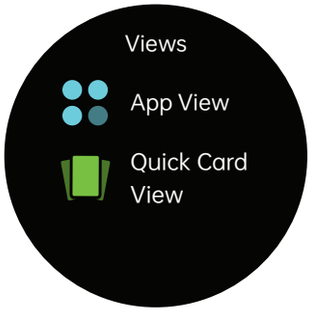

Calculator

Tap on the Calculator icon to use the on-screen keypad to perform basic arithmetic operations like addition, subtraction, multiplication, and division.

Views

- App View: Choose your preferred app menu layout from the options: List, Grid, Waterfall, Convex List, Honeycomb List, and Football.
- Quick Card View: Choose your preferred widgets layout here: Zoom and Wheel.

SETTINGS

WATCH FACES

Tap on this icon to change your watch face. You can choose from 5 default watch faces. Alternatively, you can long press the home screen or rotate the side button to switch between the watch faces.

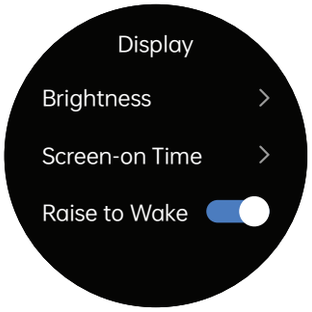

Display

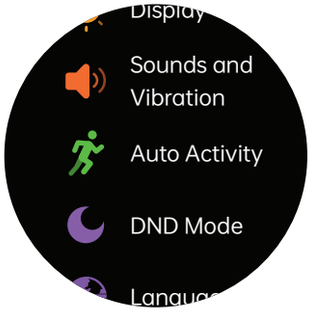

- Brightness: Tap on this to adjust the brightness.
- Screen-on Time: Tap on the Screen-on time option to adjust the screen timeout duration. You can set it from 5 second to 20 seconds based on your preference. Note: Longer screen time may lead to faster battery consumption.
- Raise to Wake: Toggle Wake Gesture on or off. It allows you to automatically turn on the screen when you raise your wrist.

Sounds & Vibrations

- Volume: Adjust the overall watch volume as per your preference.
- Ringtone: Toggle on/off the ringtone here. Note: Turning off the ringtone will not alert about the incoming calls, alarms, message notifications, and other alerts.
- Vibration Intensity: Choose the level of vibration from Strong, Medium, or Weak depending on your preference.

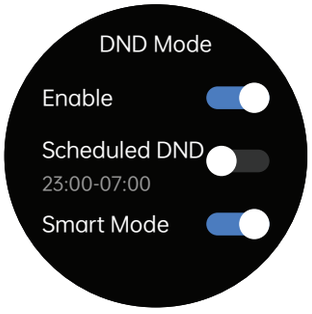

Auto-Activity

Toggle On/Off the Auto-Activity Recognition here. The watch will detect your workout status of Walking and Running activities continuously. When it senses that you are walking or running, it will enter the workout mode automatically and start recording the workout data.

Note: This feature may shorten the battery life.

DND Mode:

Toggle DND on or off here.

- Scheduled DND: Set a specific start and end time to automatically enable DND during those hours.
- Smart Mode: When enabled, the watch automatically detects sleep and silences all alerts, except alarms and timers.

Note: When enabled watch will not vibrate and make sound except for alarms and time.

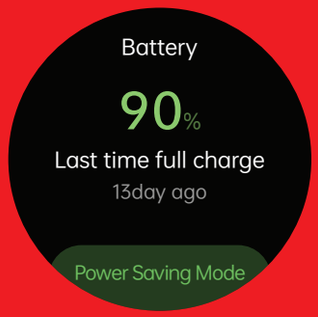

Languages

Select your preferred language from the available options, either English or Hindi as the watch interface.

Battery

View the current battery percentage. Also check how many days ago the watch was last fully charged.
Power Saving Mode: Enable or disable power saving to extend battery life by limiting select features. Once enabled, press and hold the side button to exit power saving mode.

General

- Power Off: Turn off the smartwatch here.
- Restart: Reboot the device to refresh system performance.
- Reset: Restore the smartwatch to factory settings. All data on the device will be erased.

App QR Code

Scan the Crest app QR code to bind the smartwatch with your device.

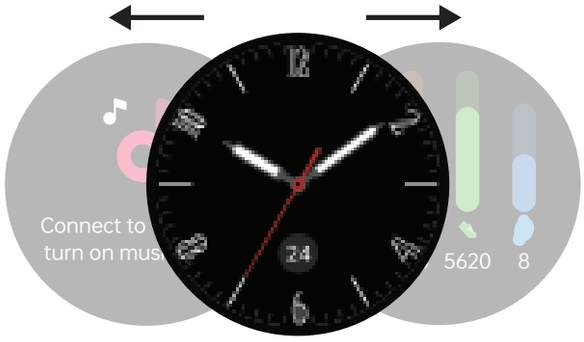

About

Shows the device details.

SWIPE LEFT OR RIGHT TO ACCESS WIDGETS (QUCIK CARDS)

From the home screen, swipe left or right to scroll through the widgets. Swipe left from the home screen to access features such as Activity, Sleep, Heart Rate, Weather, and Music. Swipe right to navigate back through the widgets in reverse order.

SWIPE UP TO ACCESS THE NOTIFICATIONS

Swipe up from the home screen to view all notifications, including messages, calls, and app alerts, all in one place.

SWIPE DOWN FOR THE SHORTCUT MENU

From the home screen, swipe down to access shortcuts such as Do Not Disturb (DND), Brightness, Power Saving, Wake Gesture, Flashlight, and Settings. It also displays status icons for Bluetooth connectivity, phone connectivity, Battery Percentage, Bluetooth Connectivity, Date, and Day.

PRODUCT PARAMETERS

Screen Size	3.53 cm HD Display
Battery capacity	300 mAh
Net weight	20 g
Bluetooth vertsion	Bluetooth 5.4
Charging time	Up to 1 hour and 15 minutes
Working time	Up to 5 days* (Battery life may vary depending on usage)
Water Resistance	IP68

Maintenance

Regularly clean your wrist and the strap of the smartwatch, especially after sweating during exercise or being exposed to substances such as soap or detergent, which may get stuck on the other end of the product.
Do not wash the strap with a household cleanser. Please use soap-less detergent, rinse thoroughly and wipe with a piece of soft towel or napkin.
For spots or stains that are not easy to remove, scrub the area with rubbing alcohol and then follow the above procedure.

Frequently Asked Questions (FAQs)

Search for the app to connect keeps failing.

1. Keep the boAt Crest app updated to the latest version.
2. Close all the programs on your device → Stop and restart Bluetooth and GPS → Connect again.
3. Check and enable the notification functions of your phone and keep the phone and watch in close contact.

Note: Make sure your phone system meets Android 7.0 and above and iOS 14.0 and above.

My watch is receiving no alerts, texts, or phone calls.

Make sure that smart reminders are enabled and synced with the watch via the boAt Crest App.
Also, make sure the notification centre of the phone is displaying messages. Only then will your smartwatch also display those notifications.
Make sure the app is running in the background and the battery optimisation feature on the phone is disabled.

My Bluetooth keeps getting disconnected.

• Make sure there is not more than a 10m distance between the Bluetooth on the phone and the watch.
• There is no obstacle between the watch and the phone.
• Make sure the app is running in the background.

Which functions of Lunar Orbit 2 need Bluetooth to work?

Bluetooth must be continuously enabled on both devices for these features to function reliably. Call & Text Notifications, Find My Phone, music control, camera control, weather forecast, and Bluetooth calling require the proper Bluetooth connectivity to work.

Will it be okay to take a bath wearing Lunar Orbit 2?

The IP68 water resistance will only work under the following conditions:
(1) Maximum depth of water: 1.5 m
(2) Maximum time for exposure to water: 10 minutes
The watch isn't suitable for hot baths, hot springs, saunas, snorkelling, diving, water skiing and other wading or deep-water activities with high-speed water flow.

SAFETY & PRODUCT INFORMATION

WEEE INFORMATION

This device and any electrical accessories are compliant with local applicable rules on the restriction of the use of certain hazardous substances in electrical and electronic equipment

Disclaimer:
Features may vary by product model. For detailed specifications, please refer to the product user guide. Due to ongoing improvements, specifications are subject to change without prior notice. We continuously enhance our products to ensure the highest quality.

Battery

• Do not disassemble, bore or damage the battery.
• Do not disassemble the built in batteries of non-replaceable battery devices.
• Do not use sharp objects to remove the battery.

Health Warning

- If you are wearing a pacemaker or other implanted electronic devices, please consult your doctor before using the heart rate monitor of the watch.
- The optical heart rate sensor will glow green. If you suffer from epilepsy or are sensitive to blinking light sources, please consult your physician before wearing this device.
- The device tracks your daily activities through sensors. This data is intended to tell you about your daily activities such as steps, sleep, distance, heart rate and calories, but may not be completely accurate.
- The device accessories, heart rate sensor, oxygen level monitor, and other relevant data is designed for fitness and not for medical purposes. They are not applicable to the diagnosis, monitoring, treatment or prevention of any diseases or symptoms. The heart rate data is for reference only. We're not responsible for any deviation in data.
- Avoid wearing the watch too tightly. Make sure you keep your skin dry - the area that comes in contact with the watch. If symptoms such as redness or swelling appear on your skin, immediately stop using the watch and consult the doctor.

Things to keep in mind

- Sync data everyday days to avoid data loss.
- Water Resistance will not work for seawater, acidic and alkaline solutions, chemical reagents & other corrosive liquid. The damage or defects caused by misuse or improper use are not covered by the warranty.
- Sports modes support up to 6 hours of exercise at a time.
- Avoid wearing the watch too tight in daily use. Keep the parts of skin touching the watch dry.
- Keep your arm still while measuring data for accurate measurement.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT SUBSTITUTE.

DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort you contribute to recycle valuable raw materials and treatment of toxic substances.
